1 WHEREAS, The availability and affordability of quality health care  
2 is of critical importance to the health of Washington residents; and

3 WHEREAS, After remaining stable for several years, the cost of  
4 health care is increasing at a disproportionally high rate; and

5 WHEREAS, These increasing costs are placing quality care beyond the  
6 reach of a growing number of Washington citizens, and contributing to  
7 health care expenditures that strain the resources of individuals,  
8 businesses, and public programs; and

9 WHEREAS, Efforts by public and private purchasers to control  
10 expenditures, and the strain these efforts place on the stability of  
11 the health care work force and viability of health facilities, threaten  
12 to reduce access to quality care for all residents of the state;

13 NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of  
14 the state of Washington, the Senate concurring, That a blue ribbon  
15 commission on health care cost and access be established. The  
16 commission will consist of the following eleven members:

17 (1) Four members from the House of Representatives, to include one  
18 member of each party caucus from the Health Care Committee, and one  
19 other member of each party caucus from the Appropriations Committee, to  
20 be appointed by the Co-Speakers of the House of Representatives;

14 business, employee organizations, health care providers, drug  
15 manufacturers, public health officials, health carriers, state  
16 agencies, health policy experts, consumer organizations, the general  
17 public, and any others with an interest in or expertise regarding the  
18 work of the commission. The commission may reimburse committee members  
19 for related travel expenses; and

20 BE IT FURTHER RESOLVED, That in the conduct of its business, the  
21 commission shall have access to all health-related data available to  
22 state agencies by statute. The head of each agency shall provide the  
23 commission with all requested data or other relevant information  
24 maintained by the agency in a timely and easy-to-comprehend manner; and

25 BE IT FURTHER RESOLVED, That members of the commission shall  
26 receive no compensation for their service, except that travel expenses  
27 shall be reimbursed, from whatever funds are made available to the  
28 commission, pursuant to RCW 43.03.050 and 43.03.060, and for members of  
29 the legislature appointed to the commission, travel expenses shall be  
30 reimbursed pursuant to RCW 44.04.120; and

31 BE IT FURTHER RESOLVED, That the commission shall:

32 (1) Conduct a comprehensive assessment of the health care financing  
33 and delivery system in this state, including, among other things, the  
34 adequacy and stability of the work force, the financial viability of  
35 health care facilities, and the extent to which public programs and  
36 private insurers do, and will continue to, provide access to all  
37 residents of the state to necessary, appropriate, cost-effective, and  
38 quality health care;

1 (2) Evaluate alternatives to address the problems identified in the  
2 comprehensive assessment, including, among other things, modifying the  
3 structure, administration and funding of state programs, changing state  
4 insurance regulations, changing the way the state educates and  
5 regulates health professionals, changing the way the state regulates  
6 health facilities, and making better use of public and private  
7 resources to prevent disease and injury or otherwise reduce the need  
8 and demand for costly health services; and

9 (3) Recommend specific actions to be taken by state agencies, the  
10 legislature, and others to implement the preferred alternatives in

19 commission shall cease to exist on December 1, 2003.
