1 AN ACT Relating to the establishment of a quality improvement 2 program for boarding homes; amending RCW 18.20.115; adding a new 3 section to chapter 18.20 RCW; and declaring an emergency.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 Sec. 1. RCW 18.20.115 and 1997 c 392 s 213 are each amended to 6 read as follows:

7 The ((department's system of quality improvement for long-term care 8 services shall use)) department shall, within available funding for 9 this purpose, develop and make available to boarding homes a quality 10 improvement consultation program using the following principles((7 11 consistent with applicable federal laws and regulations)):

(1) The system shall be resident-centered and promote privacy,
independence, dignity, choice, and a home or home-like environment for
residents consistent with chapter 70.129 RCW.

(2) The goal of the system is continuous quality improvement with the focus on resident satisfaction and outcomes for residents. ((This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, and advocates in addition to interviewing appropriate staff.)) The 1 <u>quality improvement consultation program shall be offered to boarding</u> 2 <u>homes on a voluntary basis. Based on requests for the services of the</u> 3 <u>quality improvement consultation program, the department may establish</u> 4 <u>a process for prioritizing service availability.</u>

5 (3) ((Facilities)) Boarding homes should be supported in their 6 efforts to improve quality and address ((identified)) problems, as 7 identified by the licensee, initially through training, consultation, 8 and technical assistance. At a minimum, the department may, within 9 available funding, at the request of the boarding home, conduct on-site 10 visits and telephone consultations.

(4) To facilitate collaboration and trust between the boarding 11 12 homes and the department's quality improvement consultation program staff, the consultation program staff shall not simultaneously serve as 13 14 department licensors, complaint investigators, or participate in any enforcement-related decisions, within the region in which they perform 15 consultation activities; except such staff may investigate on an 16 emergency basis, complaints anywhere in the state when the complaint 17 18 indicates high risk to resident health or safety. Any records or 19 information gained as a result of their work under the quality improvement consultation program shall not be disclosed to or shared 20 with nonmanagerial department licensing or complaint investigation 21 staff, unless necessary to carry out duties described under chapter 22 23 74.34 RCW. The emphasis should be on problem prevention ((both in 24 monitoring and in screening potential providers of service)). Nothing in this section shall limit or interfere with the consultant's mandated 25 26 reporting duties under chapter 74.34 RCW.

(5) ((Monitoring should be outcome based and responsive to resident complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to facilities.

31 (6) Prompt and specific enforcement remedies shall also be implemented without delay, consistent with RCW 18.20.190, for 32 facilities found to have delivered care or failed to deliver care 33 34 resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or 35 serious harm to one or more residents. These enforcement remedies may 36 37 also include, when appropriate, reasonable conditions on a license. In the selection of remedies, the safety, health, and well-being of 38 39 residents shall be of paramount importance.

1 (7) To the extent funding is available, the licensee, 2 administrator, and their staff should be screened through background 3 checks in a uniform and timely manner to ensure that they do not have 4 a criminal history that would disqualify them from working with 5 vulnerable adults. Employees may be provisionally hired pending the 6 results of the background check if they have been given three positive 7 references.

8 (8))) The department shall promote the development of a training 9 system that is practical and relevant to the needs of residents and 10 staff. To improve access to training, especially for rural 11 communities, the training system may include, but is not limited to, 12 the use of satellite technology distance learning that is coordinated 13 through community colleges or other appropriate organizations.

14 (((9) No licensee, administrator, or staff, or prospective 15 licensee, administrator, or staff, with a stipulated finding of fact, conclusion of law, and agreed order, or finding of fact, conclusion of 16 17 law, or final order issued by a disciplining authority, a court of law, or entered into the state registry finding him or her guilty of abuse, 18 19 neglect, exploitation, or abandonment of a minor or a vulnerable adult 20 as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.)) 21

24 (1) Monitoring should be outcome based and responsive to resident 25 complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available 26 27 facilities. This includes that when conducting licensing to inspections, the department shall interview an appropriate percentage 28 29 of residents, family members, and advocates in addition to interviewing appropriate staff. 30

(2) Prompt and specific enforcement remedies shall also be 31 implemented without delay, consistent with RCW 32 18.20.190, for 33 facilities found to have delivered care or failed to deliver care 34 resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or 35 36 serious harm to one or more residents.
