BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 43.43.040 and 1998 c 194 s 1 are each amended to read as follows:
(1) The chief of the Washington state patrol shall relieve from active duty Washington state patrol officers who, while in the performance of their official duties, or while on standby or available for duty, have been or hereafter may be injured or incapacitated to such an extent as to be mentally or physically incapable of active service: PROVIDED, That:
(a) Any officer disabled while performing line duty who is found by the chief to be physically incapacitated shall be placed on disability leave for a period not to exceed six months from the date of injury or the date incapacitated. During this period, the officer shall be
entitled to all pay, benefits, insurance, leave, and retirement contributions awarded to an officer on active status, less any compensation received through the department of labor and industries. No such disability leave shall be approved until an officer has been unavailable for duty for more than forty consecutive work hours. Prior to the end of the six-month period, the chief shall either place the officer on disability status or return the officer to active status.

For the purposes of this section, "line duty" is active service which encompasses the traffic law enforcement duties and/or other law enforcement responsibilities of the state patrol. These activities encompass all enforcement practices of the laws, accident and criminal investigations, or actions requiring physical exertion or exposure to hazardous elements.

The chief shall define by rule the situations where a disability has occurred during line duty;

(b) Benefits under this section for a disability that is incurred while in other employment will be reduced by any amount the officer receives or is entitled to receive from workers' compensation, social security, group insurance, other pension plan, or any other similar source provided by another employer on account of the same disability;

(c) An officer injured while engaged in willfully tortious or criminal conduct shall not be entitled to disability benefits under this section; and

(d) For members commissioned prior to January 1, 2003, should a disability beneficiary whose disability was not incurred in line of duty, prior to attaining age fifty, engage in a gainful occupation, the chief shall reduce the amount of his retirement allowance to an amount which when added to the compensation earned by him in such occupation shall not exceed the basic salary currently being paid for the rank the retired officer held at the time he was disabled. All such disability beneficiaries under age fifty shall file with the chief every six months a signed and sworn statement of earnings and any person who shall knowingly swear falsely on such statement shall be subject to prosecution for perjury. Should the earning capacity of such beneficiary be further altered, the chief may further alter his disability retirement allowance as indicated above. The failure of any officer to file the required statement of earnings shall be cause for cancellation of retirement benefits.
(2) ((Officers)) (a) Members commissioned prior to January 1, 2003, on disability status shall receive one-half of their compensation at the existing wage, during the time the disability continues in effect, less any compensation received through the department of labor and industries. They shall be subject to mental or physical examination at any state institution or otherwise under the direction of the chief of the patrol at any time during such relief from duty to ascertain whether or not they are able to resume active duty.

(b) Members commissioned on or after January 1, 2003, on disability status as a result of a line duty disability shall receive a line duty disability allowance of one-half of their compensation at the existing wage, during the time the disability continues in effect, less any compensation received through the department of labor and industries, and any retirement allowance under section 2 of this act. They shall be subject to such comprehensive medical examinations as required by the chief of the patrol at any time during such relief from duty. If these medical examinations reveal that a member has recovered from the incapacitating disability and the member is offered reemployment by the chief at a comparable compensation, the member shall cease to be eligible for this line duty disability allowance.

NEW SECTION. Sec. 2. (1) A member of the retirement system commissioned on or after January 1, 2003, who becomes totally incapacitated for continued employment by an employer as determined by the department upon recommendation of the department shall be eligible to receive an allowance under RCW 43.43.260. The member shall receive a monthly disability allowance computed as provided for in RCW 43.43.260 and shall have this allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-five or from when the member could have attained twenty-five years of service, whichever is less.

Any member who receives an allowance under the provisions of this section shall be subject to comprehensive medical examinations as required by the department. If these medical examinations reveal that a member has recovered from the incapacitating disability and the member is offered reemployment by the chief at a comparable compensation, the member shall cease to be eligible for the allowance.

(2) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the
recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member’s estate, or the person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or if there is no designated person or persons still living at the time of the recipient’s death, then to the surviving spouse, or if there is no designated person or persons still living at the time of his or her death nor a surviving spouse, then to his or her legal representative.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout the member’s life. If a member is married and both the member and member’s spouse do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member’s spouse as the beneficiary. This benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) of this subsection.
(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member’s retirement:

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.
