

1 **SHB 1242 - H AMD 0058 ADOPTED 3-11-03**
2 By Representative Sullivan

3 On page 1, line 16, after "pumps;" strike "and"

4 On page 1, line 18, after "diesel" insert the following:

5 "(7) Biodiesel use in state-owned diesel-powered vehicles
6 provides a means for the state to comply with the alternative fuel
7 vehicle purchase requirements of the energy policy act of 1992,
8 P.L. 102-486; and

9 (8) The state is in a position to set an example of large scale
10 use of biodiesel in diesel-powered vehicles and equipment."

11 On page 2, line 9, after "lubricity" insert ", provided that
12 the use of a lubricity additive is warranted and that the use of
13 biodiesel is comparable in performance and cost with other
14 available lubricity additives"

EFFECT: Recognizes that using biodiesel in state-owned diesel-powered vehicles provides a way for the state to comply with the alternative fuel vehicle purchase requirements of federal law; recognizes that the state may set an example for use of biodiesel; and provides that using biodiesel as an additive to ultra-low sulfur diesel is conditioned on whether the use of biodiesel is warranted and that its use is comparable in performance and cost with other available lubricity additives.
