AN ACT Relating to shoreline management; and amending RCW 90.58.060, 90.58.080, and 90.58.250.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 90.58.060 and 1995 c 347 s 304 are each amended to read as follows:

(1) The department shall periodically review and adopt guidelines consistent with RCW 90.58.020, containing the elements specified in RCW 90.58.100 for:

(a) Development of master programs for regulation of the uses of shorelines; and

(b) Development of master programs for regulation of the uses of shorelines of statewide significance.

(2) Before adopting or amending guidelines under this section, the department shall provide an opportunity for public review and comment as follows:

(a) The department shall mail copies of the proposal to all cities, counties, and federally recognized Indian tribes, and to any other person who has requested a copy, and shall publish the proposed
guidelines in the Washington state register. Comments shall be submitted in writing to the department within sixty days from the date the proposal has been published in the register.

(b) The department shall hold at least four public hearings on the proposal in different locations throughout the state to provide a reasonable opportunity for residents in all parts of the state to present statements and views on the proposed guidelines. Notice of the hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state. If an amendment to the guidelines addresses an issue limited to one geographic area, the number and location of hearings may be adjusted consistent with the intent of this subsection to assure all parties a reasonable opportunity to comment on the proposed amendment. The department shall accept written comments on the proposal during the sixty-day public comment period and for seven days after the final public hearing.

(c) At the conclusion of the public comment period, the department shall review the comments received and modify the proposal consistent with the provisions of this chapter. The proposal shall then be published for adoption pursuant to the provisions of chapter 34.05 RCW.

(3) The department may ((propose)) adopt amendments to the guidelines not more than once each year. ((At least once every five years the department shall conduct a review of the guidelines pursuant to the procedures outlined in subsection (2) of this section)) Such amendments shall be limited to: (a) Addressing technical or procedural issues that result from the review and adoption of master programs under the guidelines; or (b) issues of guideline compliance with statutory provisions.

Sec. 2. RCW 90.58.080 and 1995 c 347 s 305 are each amended to read as follows:

(3)(a) Following approval by the department of a new or amended master program, local governments required to develop or amend master programs on or before December 1, 2009, as provided by subsection (2)(a)(i) and (ii) of this section, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) of this section and shall not be required to complete master program amendments until seven years after the applicable dates established by subsection (2)(a)(iii) of this section. Any jurisdiction listed in subsection (2)(a)(i) of this section that has a new or amended master program approved by the department on or after March 1, 2002, but before the effective date of this section, shall not be required to complete master program amendments until seven years after the applicable date provided by subsection (2)(a)(iii) of this section.
(b) Following approval by the department of a new or amended master program, local governments choosing to develop or amend master programs on or before December 1, 2009, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) through (vi) of this section and shall not be required to complete master program amendments until seven years after the applicable dates established by subsection (2)(a)(iii) through (vi) of this section.

Except for those local governments listed in subsection (2)(a)(i) and (ii) of this section, the deadline for completion of the new or amended master programs shall be two years after the date the grant is approved by the department. Subsequent master program review dates shall not be altered by the provisions of this subsection.

(6)(a) Grants to local governments for developing and amending master programs pursuant to the schedule established by this section shall be provided at least two years before the adoption dates specified in subsection (2) of this section. To the extent possible, the department shall allocate grants within the amount appropriated for such purposes to provide reasonable and adequate funding to local governments that have indicated their intent to develop or amend master programs during the biennium according to the schedule established by subsection (2) of this section. Any local government that applies for but does not receive funding to comply with the provisions of
subsection (2) of this section may delay the development or amendment of its master program until the following biennium.

(b) Local governments with delayed compliance dates as provided in (a) of this subsection shall be the first priority for funding in subsequent biennia, and the development or amendment compliance deadline for those local governments shall be two years after the date of grant approval.

(c) Failure of the local government to apply in a timely manner for a master program development or amendment grant in accordance with the requirements of the department shall not be considered a delay resulting from the provisions of (a) of this subsection.

(7) Notwithstanding the provisions of this section, all local governments subject to the requirements of this chapter that have not developed or amended master programs on or after March 1, 2002, shall, no later than December 1, 2014, develop or amend their master programs to comply with guidelines adopted by the department after January 1, 2003.

Except as specifically described herein, nothing in this act is intended to alter the existing obligation, duties, and benefits provided by this act to local governments and the department.
