AN ACT Relating to the advanced college tuition payment program; amending RCW 28B.95.020, 28B.95.030, 28B.95.090, 28B.95.110, and 6.15.010; and adding a new section to chapter 28B.95 RCW.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 28B.95.020 and 2004 c 275 s 59 are each amended to read as follows:

The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between ((July 1st and June 30th)) August 1st and July 31st.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units and for the development of any authorized college savings program pursuant to RCW 28B.95.150.
(3) "Board" means the higher education coordinating board as defined in chapter 28B.76 RCW.

(4) "Committee on advanced tuition payment" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the executive director of the higher education coordinating board, or their designees, and two members to be appointed by the governor, one representing program participants and one private business representative with marketing, public relations, or financial expertise.

(5) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program.

(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.

(7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. (With the exception of tuition unit contracts purchased by Qualified organizations, as allowed under section 529 of the federal internal revenue code, purchasing tuition unit contracts as future scholarships((, the beneficiary must reside in the state of Washington or otherwise be a resident of the state of Washington at the time the tuition unit contract is accepted by the governing body)) need not designate a beneficiary at the time of purchase.

(8) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the governing body for the purchase of tuition units for an eligible beneficiary.

(9) "Full-time tuition charges" means resident tuition charges at a state institution of higher education for enrollments between ten credits and eighteen credit hours per academic term.

(10) "Institution of higher education" means an institution that offers education beyond the secondary level and is recognized by the internal revenue service under chapter 529 of the internal revenue code.
(11) "Investment board" means the state investment board as defined in chapter 43.33A RCW.

(12) "State institution of higher education" means institutions of higher education as defined in RCW 28B.10.016.

(13) "Tuition and fees" means undergraduate tuition and services and activities fees as defined in RCW 28B.15.020 and 28B.15.041 rounded to the nearest whole dollar. ((The maximum tuition and fees charges recognized for beneficiaries enrolled in a state technical college shall be equal to the tuition and fees for the community college system.)) For purposes of this chapter, services and activities fees do not include fees charged for the payment of bonds heretofore or hereafter issued for, or other indebtedness incurred to pay, all or part of the cost of acquiring, constructing, or installing any lands, buildings, or facilities.

(14) "Tuition unit contract" means a contract between an eligible purchaser and the governing body, or a successor agency appointed for administration of this chapter, for the purchase of tuition units for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units.

(15) "Unit purchase price" means the minimum cost to purchase one tuition unit for an eligible beneficiary. Generally, the minimum purchase price is one percent of the undergraduate (weighted average) tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

((16) "Weighted average tuition" shall be calculated as the sum of the undergraduate tuition and services and activities fees for each four-year state institution of higher education, multiplied by the respective full-time equivalent student enrollment at each institution divided by the sum total of undergraduate full-time equivalent student enrollments of all four-year state institutions of higher education, rounded to the nearest whole dollar.

(17) "Weighted average tuition unit" is the value of the weighted
average tuition and fees divided by one hundred. The weighted average is the basis upon which tuition benefits may be calculated as the basis for any refunds provided from the program.)

Sec. 2. RCW 28B.95.030 and 2000 c 14 s 3 are each amended to read as follows:

(1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the executive director of the board. The committee shall be supported by staff of the board.

(2)(a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval.

(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the governing body.

(c) The number of tuition units necessary to pay for a full year's, full-time undergraduate tuition and fee charges at a state institution of higher education shall be set by the governing body at the time a purchaser enters into a tuition unit contract.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program is designed to help all citizens of the state of Washington, the governing body may determine residency requirements for eligible purchasers and eligible beneficiaries to ensure the actuarial soundness and integrity of the program.

(3)(a) No tuition unit may be redeemed until two years after the purchase of the unit. Units may be redeemed for enrollment at any institution of higher education that is recognized by the internal revenue service under chapter 529 of the internal revenue code.
(b) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the rate for state public institutions in effect at the time of redemption.

(4) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either the beneficiary or the purchaser.

(5) The governing body shall administer the Washington advanced college tuition payment program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will be sufficient to defray the obligations of the trust including the costs of administration. The governing body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of a tuition unit (and the value of the weighted average tuition unit).

(7) The governing body shall promote, advertise, and publicize the Washington advanced college tuition payment program.

(8) In addition to any other powers conferred by this chapter, the governing body may:

(a) Impose reasonable limits on the number of tuition units or units that may be used in any one year;

(b) Determine and set any time limits, if necessary, for the use of benefits under this chapter;

(c) Impose and collect administrative fees and charges in connection with any transaction under this chapter;

(d) Appoint and use advisory committees as needed to provide program direction and guidance;

(e) Formulate and adopt all other policies and rules necessary for the efficient administration of the program;

(f) Consider the addition of an advanced payment program for room and board contracts and also consider a college savings program;

(g) Purchase insurance from insurers licensed to do business in the state, to provide for coverage against any loss in connection with the account's property, assets, or activities or to further insure the value of the tuition units;
(h) Make, execute, and deliver contracts, conveyances, and other instruments necessary to the exercise and discharge of its powers and duties under this chapter;

(i) Contract for the provision for all or part of the services necessary for the management and operation of the program with other state or nonstate entities authorized to do business in the state;

(j) Contract for other services or for goods needed by the governing body in the conduct of its business under this chapter;

(k) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to carry out its responsibilities under this chapter;

(l) Solicit and accept cash donations and grants from any person, governmental agency, private business, or organization; and

(m) Perform all acts necessary and proper to carry out the duties and responsibilities of this program under this chapter.

Sec. 3. RCW 28B.95.090 and 1997 c 289 s 9 are each amended to read as follows:

(1) In the event that the state determines that the program is not financially feasible, or for any other reason, the state may declare the discontinuance of the program. At the time of such declaration, the governing body will cease to accept any further tuition unit contracts or purchases.

(2) The remaining tuition units for all beneficiaries who have either enrolled in higher education or who are within four years of graduation from a secondary school shall be honored until such tuition units have been exhausted, or for ten fiscal years from the date that the program has been discontinued, whichever comes first. All other contract holders shall receive a refund equal to the value of the current (weighted average) tuition units in effect at the time that the program was declared discontinued.

(3) At the end of the ten-year period, any tuition units remaining unused by currently active beneficiaries enrolled in higher education shall be refunded at the value of the current (weighted average) tuition unit in effect at the end of that ten-year period.

(4) At the end of the ten-year period, all other funds remaining in the account not needed to make refunds or to pay for administrative costs shall be deposited to the state general fund.
The governing body may make refunds under other exceptional circumstances as it deems fit, however, no tuition units may be honored after the end of the tenth fiscal year following the declaration of discontinuance of the program.

Sec. 4. RCW 28B.95.110 and 2001 c 184 s 3 are each amended to read as follows:

(1) The intent of the Washington advanced college tuition payment program is to redeem tuition units for attendance at an institution of higher education. Refunds shall be issued under specific conditions that may include the following:

(a) Certification that the beneficiary, who is eighteen years of age or older, will not attend an institution of higher education, will result in a refund not to exceed the current (weighted average tuition and fees) value, as determined by the governing body, in effect at the time of such certification minus a penalty at the rate established by the (internal revenue service under chapter [section] 529 of the internal revenue code. No more than one hundred tuition units may be refunded per year to any individual making this certification) governing body. The refund shall be made no sooner than ninety days after such certification, less any administrative processing fees assessed by the governing body;

(b) If there is certification of the death or disability of the beneficiary, the refund shall be equal to one hundred percent of any remaining unused tuition units at the current value, as determined by the governing body, at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body;

(c) If there is certification by the student of graduation or program completion, the refund shall be as great as one hundred percent of any remaining unused tuition units at the current value, as determined by the governing body, at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body. The governing body may, at its discretion, impose a penalty if needed to comply with federal tax rules;

(d) If there is certification of other tuition and fee scholarships, which will cover the cost of tuition for the eligible
beneficiary. The refund shall be equal to one hundred percent of the
current value of tuition units, as determined by the governing body, in
effect at the time of the refund request, less any administrative
processing fees assessed by the governing body. The refund under this
subsection may not exceed the value of the scholarship;

(e) Incorrect or misleading information provided by the purchaser
or beneficiaries may result in a refund of the purchaser's investment,
less any administrative processing fees assessed by the governing body.
The value of the refund will not exceed the actual dollar value of the
purchaser's contributions; and

(f) The governing body may determine other circumstances qualifying
for refunds of remaining unused tuition units and may determine the
value of that refund.

(2) With the exception of subsection (1)(b), (e), and (f) of this
section no refunds may be made before the units have been held for two
years.
