

HB 2541 - DIGEST

Declares an intent that a school district, in adopting a policy pursuant to this act, not purposefully exclude any military recruiter from access to information. It is further the intent of the legislature, in the interest of student confidentiality, that school districts minimize the release of student telephone numbers and other directory information in the absence of express parental consent. The legislature finds that the nondisclosure of student telephone numbers and other directory information reduces the possibility of harassment of students and their families by organizations that receive student directory information.
