House Bills

HB 2289-S by House Committee on Appropriations (originally sponsored by Representatives Sommers and Cody)

Relating to hospital efficiencies. Revised for 1st Substitute: Limiting hospital participation for medical assistance programs.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, beginning on the effective date of this act, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this act. However, rural hospitals that applied for certification to the centers for medicare and medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this act.

- Apr 4 Passed to Rules Committee for second reading.

HB 2304-S by House Committee on Appropriations (originally sponsored by Representatives Sommers, McCoy and Williams; by request of Office of Financial Management)

Recovering debts owed to the state for medical assistance.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that when an individual receives medical assistance subject to recovery under RCW 43.20B.080 and the individual is the holder of record title to real property or the purchaser under a land sale contract, the department of social and health services may present to the county clerk for recording in the deed and mortgage records of a county a request for notice of transfer or encumbrance of the real property. The department shall adopt a rule providing prior notice and hearing rights to the record title holder or purchaser under a land sale contract.

Requires the department to present to the county clerk for recording a termination of request for notice of transfer or encumbrance when, in the judgment of the department, it is no longer necessary or appropriate for the department to monitor transfers or encumbrances related to the real property.

Provides that, if the department of social and health services has filed a request for notice of transfer or encumbrance under this act: (1) A title insurance company or agent that discovers the presence of a request for notice of transfer or encumbrance when performing a title search on real property shall disclose the presence of the request for notice of transfer or encumbrance in any report preliminary to, or any commitment to offer, a certificate of title insurance for the real property; and

(2) Any individual who transfers or encumbers real property shall provide the department of social and health services with a notice of transfer or encumbrance.

-- 2005 REGULAR SESSION --

- Apr 2 APP - Majority; 1st substitute bill be substituted, do pass.
Minority; do not pass.

HB 2309-S by House Committee on Appropriations (originally sponsored by Representative Linville; by request of Office of Financial Management)

Modifying water right fees.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the fees associated with various actions of the department of ecology relating to the processing and administration of water rights are outdated and are insufficient even to recover the cost of handling the funds submitted. Additionally, water right processing fees are currently collected at three different stages of the water rights process, whereas reducing the number of instances of fee collection to two stages of the process would increase efficiency and reduce administrative costs. Furthermore, several current statutory fees are archaic or are otherwise covered by other general statutes, including the public disclosure act.

Declares an intent to update and modernize the fee schedule associated with water right-related actions of the department of ecology.
