

**SB 6360 - DIGEST**

Provides that when the employment security department assists in the reemployment of unemployed workers through the job service program, work source, or any other means and part of the reemployment assistance includes the referral of a worker to a particular employer, the department must follow up with the employer on a monthly basis to determine whether the worker referred to the employer contacted the employer, was employed by the employer, if so, for what length of time, and, if no longer employed, the reasons why.
