

**SB 6783 - DIGEST**

(SEE ALSO PROPOSED 1ST SUB)

Finds that encouraging outstanding students to enter mathematics and science professions is of paramount importance to the state of Washington. By creating the mathematics and science professions conditional scholarship and loan repayment program, the legislature intends to assist in the effort to recruit as mathematics and science professionals individuals who have distinguished themselves through outstanding academic achievement or demonstrated their commitment to mathematics and science professions.

Urges business, industry, and philanthropic community organizations to join with state government in making this program successful.
