#### Background:

The surviving spouses of emergency service personnel killed in the line of duty on or after January 1, 1998, may purchase health care benefits from the Public Employees' Benefits Board (PEBB). "Emergency service personnel" for this purpose includes fire fighter and law enforcement members of the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF) and the Volunteer Fire Fighters' and Reserve Officers' Relief and Pension System, and the Washington State Patrol Retirement System(WSPRS). The cost of the insurance is paid by the surviving spouses and dependent children.

PEBB health insurance plan. The survivors of members killed in the line of duty prior to January 1, 1998, as well as on or after January 1, 1998, are eligible to participate in PEBB health insurance plans. A similar reimbursement benefit was added by the 2007 Legislature for similarly situated survivors of the WSPRS members.

A member of LEOFF Plan 2 who is totally disabled in the line of duty is entitled to a disability allowance equal to 70 percent of final average salary. The total disability benefit is reduced to the extent that in combination with certain workers' compensation payments and Social Security disability benefits, the disabled member would receive more than 100 percent of final average salary. Department of Fish and Wildlife Enforcement Officers' compensation insurance benefits are also reduced for any disability benefits received from LEOFF Plan 2.

Total disability is defined as a member's inability to perform any substantial gainful activity due to a physical or mental condition that may be expected to result in death or last for at least 12 months. Substantial gainful activity is defined as average earnings of more than \$860 per month, adjusted annually based on Federal Social Security standards.

LEOFF Plan 2 does not provide access to or pay for any health care insurance for any disability retirees. A disability retiree may have access to health care insurance through employer or employee associations or the open market. LEOFF Plan 2 does pay for PEBB benefits for survivors of members that were killed in the course of employment.
