BRAD OWEN

President of the Senate

Approved April 29, 2011, 3:58 p.m.

CHRISTINE GREGOIRE

Governor of the State of Washington

CERTIFICATE

I, Barbara Baker, Chief Clerk of the House of Representatives of the State of Washington, do hereby certify that the attached is **HOUSE BILL 1586** as passed by the House of Representatives and the Senate on the dates hereon set forth.

BARBARA BAKER

Chief Clerk

FILED

April 29, 2011

**Secretary of State
State of Washington**

HOUSE BILL 1586

Passed Legislature - 2011 Regular Session

State of Washington **62nd Legislature** **2011 Regular Session**

By Representatives Seaquist, Haler, Jacks, Dammeier, Moscoso, Carlyle, Zeiger, Moeller, Probst, Kenney, Stanford, Kelley, Dahlquist, and Jinkins; by request of Higher Education Coordinating Board

Read first time 01/26/11. Referred to Committee on Higher Education.

1 AN ACT Relating to the provision of doctorate programs at the
2 research university branch campuses in Washington; and amending RCW
3 28B.45.014.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 28B.45.014 and 2005 c 258 s 2 are each amended to read
6 as follows:

7 (1) The primary mission of the higher education branch campuses
8 created under this chapter remains to expand access to baccalaureate
9 and (~~(master's level)~~) graduate education in underserved urban areas of
10 the state in collaboration with community and technical colleges. The
11 top priority for each of the campuses is to expand courses and degree
12 programs for transfer and graduate students. New degree programs
13 should be driven by the educational needs and demands of students and
14 the community, as well as the economic development needs of local
15 businesses and employers.

16 (2) Branch campuses shall collaborate with the community and
17 technical colleges in their region to develop articulation agreements,
18 dual admissions policies, and other partnerships to ensure that branch
19 campuses serve as innovative models of a two plus two educational

1 system. Other possibilities for collaboration include but are not
2 limited to joint development of curricula and degree programs,
3 colocation of instruction, and arrangements to share faculty.

4 (3) In communities where a private postsecondary institution is
5 located, representatives of the private institution may be invited to
6 participate in the conversation about meeting the baccalaureate and
7 (~~master's-level~~) graduate needs in underserved urban areas of the
8 state.

9 (4) However, the legislature recognizes there are alternative
10 models for achieving this primary mission. Some campuses may have
11 additional missions in response to regional needs and demands. At
12 selected branch campuses, an innovative combination of instruction and
13 research targeted to support regional economic development may be
14 appropriate to meet the region's needs for both access and economic
15 viability. Other campuses should focus on becoming models of a two
16 plus two educational system through continuous improvement of
17 partnerships and agreements with community and technical colleges.
18 Still other campuses may be best suited to transition to a four-year
19 university or be removed from designation as a branch campus entirely.

20 (5) The legislature recognizes that size, mix of degree programs,
21 and proportion of lower versus upper division and graduate enrollments
22 are factors that affect costs at branch campuses. However over time,
23 the legislature intends that branch campuses be funded more similarly
24 to regional universities.

25 (6) (~~In consultation with~~) Subject to approval by the higher
26 education coordinating board, (~~a branch campus may propose legislation~~
27 ~~to authorize practice oriented or professional doctoral programs if:~~
28 ~~(a) Unique research facilities and equipment are located near the~~
29 ~~campus; or (b) the campus can clearly demonstrate student and employer~~
30 ~~demand in the region that is linked to regional economic development~~)
31 in accordance with RCW 28B.76.230, research universities are authorized
32 to develop doctoral degree programs at their branch campuses.

33 (7) (~~It is not the legislature's intent to have each campus chart~~
34 ~~its own future path without legislative guidance. Instead, the~~
35 ~~legislature intends to consider carefully the mission and model of~~
36 ~~education that best suits each campus and best meets the needs of~~
37 ~~students, the community, and the region.)) The higher education
38 coordinating board shall monitor and evaluate (~~the addition of lower~~~~

1 ~~division students to~~) growth of the branch campuses and periodically
2 report and make recommendations to the higher education committees of
3 the legislature to ensure the campuses continue to follow the
4 priorities established under this chapter.

Passed by the House March 2, 2011.

Passed by the Senate April 11, 2011.

Approved by the Governor April 29, 2011.

Filed in Office of Secretary of State April 29, 2011.
