- Makes supplemental changes to the 2013-15 Operating Budget.

Staff: Charlie Gavigan (786-7340).

Background:

The state government operates on a fiscal biennium that begins on July 1 of each odd-numbered year. A two-year biennial operating budget is adopted every odd-numbered year. Supplemental budgets frequently are enacted in each of the following two years after adoption of the biennial budget. Appropriations are made in the biennial and supplemental budgets for the operation of state government and its various agencies and institutions, including higher education, as well as for K-12 public schools.

The 2013-15 State Omnibus Operating Appropriations Act (Operating Budget) appropriated \$33.4 billion from the General Fund-State and two other accounts, together referred to as Near General Fund-State. The total budgeted amount, which includes state, federal, and other funds, is \$66.5 billion.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Fund transfers and other changes to the original 2013-15 biennial budget are also made.
