Unlawful recreational fishing in the first degree is a gross misdemeanor.

Unlawful Hunting of Wild Birds in the Second Degree. A person is guilty of unlawful hunting of wild birds in the second degree if the person:

1. Hunts for wild birds and, whether or not the person possesses wild birds, the person has not purchased the appropriate hunting license; or
2. Takes or possesses less than two times the bag or possession limit of wild birds and either:
 - a. owns, but does not possess, all required licenses; or
 - b. violates any rule regarding seasons, bag or possession limits, closed areas, closed times, or the manner or method of hunting or possession of wild birds.

Unlawful hunting of wild birds in the second degree is a misdemeanor.

Unlawful Hunting of Big Game. A person is guilty of unlawful hunting of big game in the second degree if the person:

- hunts for, takes, or possesses big game and the person does not have and possess all required licenses, tags, or permits; or
- violates any rule regarding seasons, bag or possession limits, closed areas including game reserves, closed times, or any other rule governing the hunting, taking, or possession of big game.

A person is guilty of unlawful hunting of big game in the first degree if the person commits the acts for unlawful hunting of big game in the second degree and:

- hunts for, takes, or possesses three or more big game animals within the same course of events; or
- the act occurs within five years of the date of a prior conviction involving unlawful hunting, killing, possessing, or taking big game.

Unlawful hunting of big game in the second degree is a gross misdemeanor. Unlawful hunting of big game in the first degree is a class C felony.

If an adult offender is convicted of unlawful hunting of big game in the first or second degree and that violation results in the death of certain big game animals, the court must require payment of a criminal wildlife penalty assessment. Imposition of the penalty assessment results in revocation of the person's hunting license and suspension of all hunting privileges until the assessment is paid.

Summary of Bill: Unlawful Recreational Fishing in the First Degree. Clarifies that a salmon is considered to have an unclipped adipose fin if it does not have a healed scar at the location of the clipped adipose fin.

Unlawful Hunting of Wild Birds in the Second Degree. Makes a technical correction to add tags, stamps, and permits to the list of appropriate types of hunting licenses required to hunt for wild birds.

Unlawful Hunting of Big Game. Clarifies that the revocation and suspension that results when assessed the criminal wildlife penalty assessment is imposed are in addition to and runs concurrently with any other revocation and suspension required by law.
