### SENATE COMMITTEE ON COMMERCE & LABOR

**Staff:** Richard Rodger (786-7461)

**Background:** The Liquor Control Board (LCB) is the lead agency responsible for the licensing of businesses that sell spirits, beer, and wine.

Certain licensees are authorized to sell beer and cider in sanitary containers (growlers) brought to the premises by the purchaser to be filled at the tap at the time of sale. The following businesses, holding the proper licenses or endorsements, are authorized to sell beer and cider in growlers: (1) domestic breweries; (2) microbreweries; (3) beer and wine retailers; (4) beer or wine specialty shops; (5) restaurants; and (6) hotels. Except for hotels, the sales are only permitted for off-premises consumption.

A class 12 alcohol server permit for managers or bartenders requires completion of a course certified by LCB. Curriculum includes subjects such as the physiological effects of alcohol, liability and legal information, driving while intoxicated, effective intervention, methods for checking proper identification, and Washington laws.

**Summary of Bill:** The bill as referred to committee not considered.

**Summary of Bill (Proposed Substitute):** A grocery store licensee that exceeds 50 percent beer and wine sales or maintains an alcohol inventory of not less than \$15,000 may, with LCB approval, receive an endorsement to sell beer or cider in growlers. The growlers may be brought to the grocery store by the purchaser or provided by the licensee or manufacturer and must be filled at the tap at the time of sale by an employee with a class 12 alcohol server permit.
