AN ACT Relating to enhancing public safety by reducing distracted driving incidents caused by the use of personal wireless communications devices; amending RCW 46.61.668, 46.20.055, 46.20.075, 46.25.010, and 46.20.130; creating a new section; repealing RCW 46.61.667; prescribing penalties; and providing an effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. The legislature recognizes that cell phones can be a benefit to an individual's convenience and efficiency but are a dangerous distraction when driving a vehicle. The legislature further recognizes that under the federal funding authorization, moving ahead for progress in the 21st century act, funds have been set aside to combat the emerging national problem of distracted driving, and that distracted driving is one of the top three causes of fatal teen collisions. The legislature further recognizes that for Washington state to enhance public safety and qualify for these federal funds, the existing cell phone laws must be amended to meet the new requirements. As such, it is the intent of the legislature that our state's existing cell phone laws are brought in line with federal grant criteria to ensure that the maximum amount of federal funds are made available to these important safety programs.
Sec. 2. RCW 46.61.668 and 2013 c 224 s 16 are each amended to read as follows:

(1)(a) (Except as provided in subsection (2)(a) of this section,) A person operating a (moving noncommercial) motor vehicle on a public highway (i) while holding a personal wireless communications device in his or her hand or hands or (ii) who((by means of an electronic)) uses a personal wireless communications device((i sends, reads, or writes a text message)) to read or manually enter data including, but not limited to, short message service texting, emailing, instant messaging, or engaging in any other form of electronic data retrieval or electronic data communication, is guilty of a traffic infraction. This subsection (1)(a) does not prohibit the use of a hands-free personal wireless communications device that is equipped with an attachment or addition, whether or not permanently part of such device, or that is physically or electronically integrated into a motor vehicle by which a user engages in communication without the use of either hand; however, this does not preclude the use of either hand to activate, deactivate, or initiate a function of the device.

(b) ((Except as provided in subsection (2)(b) of this section, a person driving a commercial motor vehicle, as defined in RCW 46.25.010, including while temporarily stationary because of traffic, a traffic control device, or other momentary delays, who, by means of an electronic wireless communications device, sends, reads, or writes a text message, is guilty of a traffic infraction. For purposes of this subsection, "driving" does not include operating a commercial motor vehicle with or without the motor running when the driver has moved the vehicle to the side of, or off, a highway and has stopped in a location where the vehicle can safely remain stationary.))

(c) A person does not send, read, or write a text message when he or she reads, selects, or enters a phone number or name in a wireless communications device for the purpose of making a phone call)) The holder of an intermediate license under RCW 46.20.075 or driver's instruction permit under RCW 46.20.055 may not use a personal wireless communications device in any manner while operating a motor vehicle.

(2)((a)) Subsection (1)((a)) of this section does not apply to ((a person operating)):
