ENGROSSED SECOND SUBSTITUTE SENATE BILL 6195

Passed Legislature - 2016 Regular Session

State of Washington 64th Legislature 2016 Regular Session

By Senate Ways & Means (originally sponsored by Senators Rivers, Rolfes, Litzow, and Billig)

READ FIRST TIME 02/09/16.

- 1 AN ACT Relating to basic education obligations; creating new
- 2 sections; making appropriations; providing an expiration date; and
- 3 declaring an emergency.
- 4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
- 5 <u>NEW SECTION.</u> **Sec. 1.** INTENT. During the past two biennia, the
- 6 legislature has demonstrated its commitment to funding education
- 7 through strong bipartisan support for funding its statutory formulas
- 8 for: Pupil transportation; materials, supplies, and operating costs;
- 9 full-day kindergarten; and class size reductions. In the 2015-2017
- 10 biennial budget, the legislature specifically increased funding to
- 11 reduce class sizes in grades K-3. The legislature further included
- 12 the previously scheduled 2017-2019 biennium completion of K-3 class
- 13 size reduction funding in its adopted four-year budget outlook. The
- 14 legislature has planned for and is fully committed to completing the
- 15 scheduled phase in of K-3 class size reduction in the 2017-2019
- 16 biennium.
- 17 The state is fully committed to funding its program of basic
- 18 education as defined in statute and to eliminating school district
- 19 dependency on local levies for implementation of the state's program
- 20 of basic education. It is the intent of the legislature to provide
- 21 state funding for competitive salaries and benefits that are

sufficient to hire and retain competent certificated instructional staff, administrators, and classified staff. Additionally, the legislature intends to minimize any disruptive impact to school districts and taxpayers.

The legislature finds that the lack of transparency in school 5 6 district data regarding how districts use local levy funds limits its ability to make informed decisions concerning teacher compensation. 7 Previous studies have analyzed market data for educator compensation 8 and have provided recommendations on revisions to state allocation 9 formulas, but these studies did not provide data and analysis of 10 11 compensation paid by districts above basic education 12 allocations above the statutory prototypical school model, the source of funding for this compensation, and the duties, uses, or categories 13 14 for which that compensation is paid. This foundational data is necessary to inform the legislature's decisions. 15
