20 On page 10, line 12, after "location" strike all material through  
21 "populations" on line 19, and insert "provided under the plan within  
22 a fifteen mile radius, the plan is not required to provide for the  
23 collection of leftover architectural paint. In addition, in these  
24 areas of the state, the architectural paint stewardship assessment  
25 may not be imposed on sales of architectural paint"

EFFECT: Requires the paint stewardship program to provide a permanent collection site within fifteen miles of no more than ninety percent of the state's residents, rather than within fifteen miles of at least ninety percent of the state's residents. Prohibits the paint

stewardship program from applying the architectural paint stewardship assessment to sales of paint in areas of the state that are not within fifteen miles of a permanent collection location offered by the program. Eliminates the requirement that the paint stewardship program provide periodic collection events in areas of the state that are not located within fifteen miles of a permanent collection site.
