

SSB 6091 - S AMD TO S AMD (S-4056.3/18) 350
By Senator Fortunato

NOT ADOPTED 01/18/2018

1 On page 15, line 4 of the amendment, after "act." insert
2 "Expenditures must include compensation to individuals with an on-
3 site septic system for the value of the water recharged to the
4 natural system through the on-site septic system. The department must
5 make the determination of the amount due to such individuals based on
6 the water resource inventory area in which the individual resides on
7 an annual basis."

8 On page 15, line 34 of the amendment, after "act." insert
9 "Expenditures must include compensation to individuals with an on-
10 site septic system for the value of the water recharged to the
11 natural system through the on-site septic system. The department must
12 make the determination of the amount due to such individuals based on
13 the water resource inventory area in which the individual resides on
14 an annual basis."

15 On page 16, line 17 of the amendment, after "act." insert
16 "Expenditures must include compensation to individuals with an on-
17 site septic system for the value of the water recharged to the
18 natural system through the on-site septic system. The department must
19 make the determination of the amount due to such individuals based on
20 the water resource inventory area in which the individual resides on
21 an annual basis."

EFFECT: Requires that expenditures from the watershed restoration and enhancement account, the watershed restoration and enhancement taxable bond account, and the watershed restoration and enhancement bond account must include compensation to individuals with an on-site septic system for the value of the water recharged to the natural system through the on-site septic system. The department must make the determination of the amount due to such individuals based on the water resource inventory area in which the individual resides on an annual basis.
