

# HOUSE BILL REPORT

## HB 1338

---

**As Reported by House Committee On:**  
Health Care & Wellness

**Title:** An act relating to the Washington state health insurance pool.

**Brief Description:** Addressing the Washington state health insurance pool.

**Sponsors:** Representatives Cody, Schmick, Jinkins, Johnson, Robinson and Riccelli.

**Brief History:**

**Committee Activity:**

Health Care & Wellness: 1/31/17, 2/8/17 [DPS].

**Brief Summary of Substitute Bill**

- Extends the expiration date for non-Medicare coverage purchased through the Washington State Health Insurance Pool.

---

### HOUSE COMMITTEE ON HEALTH CARE & WELLNESS

**Majority Report:** The substitute bill be substituted therefor and the substitute bill do pass. Signed by 17 members: Representatives Cody, Chair; Macri, Vice Chair; Schmick, Ranking Minority Member; Graves, Assistant Ranking Minority Member; Caldier, Clibborn, DeBolt, Harris, Jinkins, MacEwen, Maycumber, Riccelli, Robinson, Rodne, Slatter, Stonier and Tharinger.

**Staff:** Jim Morishima (786-7191).

**Background:**

The Washington State Health Insurance Pool (WSHIP), Washington's high risk pool, provides coverage for:

- individuals ineligible for Medicare who were enrolled in WSHIP health plans prior to January 1, 2014, and individuals ineligible for Medicare who live in a county where individual health coverage is unavailable (as of January 2017, there were no counties where individual health coverage was unavailable); and

- Medicare-eligible individuals who do not have access to a reasonable choice of Medicare Advantage plans and provide evidence of rejection for medical reasons, restrictive riders, an up-rated premium, preexisting condition limitations, or lack of access to a comprehensive Medicare supplemental plan.

The costs of coverage through the WSHIP is paid through premiums and assessments on health insurers. As of November 2016, the WSHIP had 425 enrollees in individual, non-Medicare coverage, and 1,043 enrollees in Medicare coverage.

After December 31, 2017, individual, non-Medicare coverage will no longer be offered through the WSHIP.

---

**Summary of Substitute Bill:**

The Legislature makes findings and states its intent to extend and study the WSHIP. The expiration date for individual, non-Medicare coverage purchased through the WSHIP is extended until December 31, 2022.

**Substitute Bill Compared to Original Bill:**

The substitute bill includes a legislative findings and intent section. The substitute bill also extends the expiration date for individual, non-Medicare coverage purchased through the WSHIP until December 31, 2022, instead of eliminating the expiration date.

---

**Appropriation:** None.

**Fiscal Note:** Available.

**Effective Date of Substitute Bill:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.

**Staff Summary of Public Testimony:**

(In support) The WSHIP is an important tool for market stability and is part of the state's safety net. Coverage barriers may still exist for current WSHIP enrollees; the medical needs of these enrollees will continue if their coverage is ended. The WSHIP is the insurer of last resort in rural areas. This bill ensures this coverage will continue to be available for current enrollees and will allow the state to have a deeper discussion about the future of the WSHIP, which is particularly important given potential changes on the federal level. It is appropriate to express concerns about funding the WSHIP; the costs of the program should be spread to more participants. The WSHIP should be kept alive without making any policy changes. The expiration date should be extended, not eliminated.

(Opposed) None.

(Other) The funding responsibilities for the WSHIP fall disproportionately on small employers and people buying individual coverage. Merely extending the WSHIP without fundamental change may bring back higher levels of assessments and is short-sighted. In addition to extending the WSHIP, the state should look at ideas like standard benefit design, third-party payments, and insuring people where they get services, not where they live.
