4 income supportive housing unit proposals that provide services or
5 include a partner community behavioral health treatment provider;

6 (b) \$10,000,000 is provided solely for housing preservation
7 grants or loans to be awarded competitively. The grants may be
8 provided for major building improvements, preservation, and system
9 replacements, necessary for the existing housing trust fund portfolio
10 to maintain long-term viability. The department must require that a
11 capital needs assessment is performed to estimate the cost of the
12 preservation project at contract execution. Funds may not be used to
13 add or expand the capacity of the property. To receive grants,
14 housing projects must meet the following requirements:

15 (i) The property is more than fifteen years old;

16 (ii) At least 50 percent of the housing units are occupied by
17 families and individuals at or below 30 percent area median income.

18 (iii) The improvements will result in reduction of operating or
19 utilities costs, or both; and

20 (iv) Other criteria that the department considers necessary to
21 achieve the purpose of this program.

22 (c) \$5,000,000 is provided solely for housing projects that

26 (d) \$1,000,000 of the Washington housing trust account—state
27 appropriation is provided solely for the department to work with the
28 communities of concern commission to focus on creating capital assets
29 that will help reduce poverty and build stronger and more sustainable
30 communities using the communities' cultural understanding and vision.

32 projects identified by the commission and for other activities to

16 homelessness into secure housing, and are significantly less
17 expensive to construct than traditional housing. It is the intent of
18 the legislature that these grants serve projects with a total project
19 development cost per housing unit of less than \$125,000, excluding
20 the value of land, and with a commitment by the applicant to maintain
21 the housing units for at least a twenty-five year period. Amounts

- 7 (iv) The remaining amount is provided solely for projects that
 8 serve low-income and special needs populations in need of housing,
 9 including, but not limited to, homeless families with children,
 10 homeless youth, farmworkers, and seniors.

11 (2) In evaluating projects in this section, the department must
 12 give preference for applications based on some or all of the criteria
 13 in RCW 43.185.070(5).

30 (2) In awarding funding for projects in subsection (3), the
31 department, in consultation with the department of social and health
32 services, the health care authority, and behavioral health
33 organizations, must strive for geographic distribution and allocate
34 funding based on population and service needs of an area. The

14 unless MultiCare-Franciscan enters into a memorandum of understanding
15 with the department of social and health services by October 31,
16 2018, to collaborate on development and implementation of strategies
17 to expand the behavioral health workforce in the region. At a
18 minimum, the agreement must include strategies for increasing
19 recruitment of health professionals required to staff psychiatric
20 inpatient facilities, including psychiatrists, psychologists, nurses
21 and other health care professionals. The agreement must also identify
22 opportunities for coordination between the parties to expand access
23 to clinical skill development and training opportunities in the
24 region and strategies for collaborative service delivery between the
25 parties when possible. To objectively evaluate the efficacy of the
26 strategies implemented to achieve the desired outcomes of the
27 agreement, performance measures and targets must be established to
28 include:

29 ((+a)) (b) MultiCare-Franciscan and the department of social and
30 health services must work collaboratively to decrease vacancy rates
31 for hard-to-recruit health care professionals employed by each
32 facility. The parties must develop strategies to attract more
33 qualified health care professionals to the area and ensure comparable
34 exposure to the benefits of working for each organization. The
35 parties must measure the success of these strategies by the decrease
36 in vacancy rate for health care professionals necessary to provide
37 safe, quality inpatient psychiatric care in MultiCare-Franciscan and
38 department facilities following the first year as the baseline of the
39 partnership/consortium and with updated goals for each subsequent
40 year. MultiCare-Franciscan and the department of social and health

1 services must work to increase the competency and skills of health
2 care professionals across both facilities by establishing organized
3 joint- and cross-training programs. The parties must measure the
4 success of this strategy by the number of health care professionals
5 in total and by discipline complete cross-training activities and by
6 the number and hours of cross-training opportunities offered under
7 the agreement.

8 ~~((6))~~ (7) The department of commerce shall notify all
9 applicants that they may be required to have a construction review
10 performed by the department of health.

11 ~~((7))~~ (8) To accommodate the emergent need for behavioral
12 health services, the department of health and the department of
13 commerce, in collaboration with the health care authority and the
14 department of social and health services, shall establish a
15 concurrent and expedited process to assist grant applicants in
16 meeting any applicable regulatory requirements necessary to operate
17 inpatient psychiatric beds, free-standing evaluation and treatment
18 facilities, enhanced services facilities, triage facilities, crisis
19 stabilization facilities, detox, or secure detox.

30 CERB Administered Broadband Infrastructure (91000943)

31 The appropriation in this section is subject to the following
32 conditions and limitations: During the 2017-2019 fiscal biennium, the
33 community economic revitalization board may make grants and loans to
34 local governments and federally recognized tribes to build
35 infrastructure to provide high-speed, open-access broadband service,
36 with a minimum of 25 megabits per second download speed, to rural and
37 underserved communities, for the purpose of economic development or
38 community development.

1 (1) "Local governments" means cities, towns, counties, municipal
2 corporations, public port districts, quasi-municipal corporations,
3 and special purpose districts.

4 (2) "Broadband" means networks of deployed telecommunications
5 equipment and technologies necessary to provide high-speed Internet
6 access and other advanced telecommunications services.

7 (3) The board is authorized to make rural broadband loans to
8 local governments and to federally recognized Indian tribes for the
9 purposes of financing the cost to build infrastructure to provide
10 high-speed, open-access broadband service, to rural and underserved
11 communities, for the purpose of economic development or community
12 development. Grants may also be authorized for purposes designated in
13 this chapter, but only when, and to the extent that, a loan is not
14 reasonably possible, given the limited resources of the local
15 government or the federally recognized Indian tribe, and subject to a
16 finding by the board that financial circumstances require grant
17 assistance to enable the project to move forward. However, no more
18 than 25 percent of all financial assistance approved by the board in
19 any biennium may consist of grants to local governments and federally
20 recognized Indian tribes.

21 (4) Application for funding must be made in the form and manner
22 as the board may prescribe. In making grants or loans the board must
23 conform to the following requirements:

24 (a) The board may not provide financial assistance:

25 (i) For a project the primary purpose of which is to facilitate
26 or promote a retail shopping development or expansion.

27 (ii) For any project that evidence exists would result in a
28 development or expansion that would displace existing jobs in any
29 other community in the state.

30 (iii) For a project the primary purpose of which is to facilitate
31 or promote gambling.

32 (iv) For a project located outside the jurisdiction of the
33 applicant local government or federally recognized Indian tribe.

34 (v) For equipment or facilities which would enable a public
35 entity to provide retail telecommunications services or services that
36 the entity is not authorized by statute to provide.

37 (vi) For the deployment of publicly-owned telecommunication
38 network infrastructure ("backbone") solely for the sake of creating
39 competitive, publicly-owned telecommunication network infrastructure.

40 (b) The board may provide financial assistance only(÷

1 ~~(i) For projects demonstrating convincing evidence that a~~
2 ~~specific private development or expansion is ready to occur and will~~
3 ~~occur only if the public facility improvement is made that:~~

4 ~~(A) Results in the creation of significant private sector jobs or~~
5 ~~significant private sector capital investment as determined by the~~
6 ~~board;~~

7 ~~(B) Will improve the opportunities for the successful~~
8 ~~maintenance, establishment, or expansion of industrial or commercial~~
9 ~~plants or will otherwise assist in the creation or retention of long-~~
10 ~~term economic opportunities; and~~

11 ~~(C) Is located in a rural community as defined by the board, or a~~
12 ~~rural county; or~~

13 ~~(ii) For a project that does not meet the requirements of (b)(i)~~
14 ~~of this subsection but is a project that:~~

15 ~~(A) Results in the creation of significant private sector jobs or~~
16 ~~significant private sector capital investment as determined by the~~
17 ~~board;~~

18 ~~(B) Is part of a local economic development plan consistent with~~
19 ~~applicable state planning requirements;~~

20 ~~(C) Can demonstrate project feasibility using standard economic~~
21 ~~principles; and~~

22 ~~(D) Is located in a rural community as defined by the board, or a~~
23 ~~rural county;~~

24 ~~(c) The board must develop guidelines for local participation and~~
25 ~~allowable match and activities.~~

26 ~~(d) An application must demonstrate local match and local~~
27 ~~participation, in accordance with guidelines developed by the board.~~

28 ~~(e)) for projects located in a rural community as defined by the~~
29 ~~board, or located in a rural county, that encourage, foster, develop,~~
30 ~~and improve broadband within the state in order to:~~

31 ~~(i) Drive job creation, promote innovation, and expand markets~~
32 ~~for local businesses; or~~

33 ~~(ii) Serve the ongoing and growing needs of local education~~
34 ~~systems, health care systems, public safety systems, industries and~~
35 ~~businesses, governmental operations, and citizens; and~~

36 ~~(iii) Improve accessibility for underserved communities and~~
37 ~~populations.~~

38 ~~(c) An application must be approved by the local government and~~
39 ~~supported by the local associate development organization or local~~

1 workforce development council or approved by the governing body of
2 the federally recognized Indian tribe.

3 ~~((f))~~ (d) The board may allow de minimis general system
4 improvements to be funded if they are critically linked to the
5 viability of the project.

6 ~~((g) An application must demonstrate convincing evidence that
7 the median hourly wage of the private sector jobs created after the
8 project is completed will exceed the countywide median hourly wage.~~

9 ~~(h) The board must prioritize each proposed project according to:~~

10 ~~(i) The relative benefits provided to the community by the jobs
11 the project would create, not just the total number of jobs it would
12 create after the project is completed, but also giving consideration
13 to the unemployment rate in the area in which the jobs would be
14 located;~~

15 ~~(ii) The rate of return of the state's investment, including, but
16 not limited to, the leveraging of private sector investment,
17 anticipated job creation and retention, and expected increases in
18 state and local tax revenues associated with the project;~~

19 ~~(iii) Whether the proposed project offers a health insurance plan
20 for employees that includes an option for dependents of employees;~~

21 ~~(iv) Whether the public facility investment will increase
22 existing capacity necessary to accommodate projected population and
23 employment growth in a manner that supports infill and redevelopment
24 of existing urban or industrial areas that are served by adequate
25 public facilities. Projects should maximize the use of existing
26 infrastructure and provide for adequate funding of necessary
27 transportation improvements;~~

28 ~~(v) Whether the applicant's permitting process has been certified
29 as streamlined by the office of regulatory assistance; and~~

30 ~~(vi) Whether the applicant has developed and adhered to
31 guidelines regarding its permitting process for those applying for
32 development permits consistent with section 1(2), chapter 231, Laws
33 of 2007.~~

34 ~~(i))~~ (e) When evaluating and prioritizing projects, the board
35 must give consideration, at a minimum, to the following factors:

36 (i) The project's value to the community, including evidence of
37 support from affected local businesses and government;

38 (ii) The project's feasibility, using standard economic
39 principles;

- 1 (iii) Commitment of local matching resources and local
 2 participation;
 3 (iv) The project's inclusion in a capital facilities plan,
 4 comprehensive plan, or local economic development plan consistent
 5 with applicable state planning requirements; and
 6 (v) The project's readiness to proceed.

7 (5) A responsible official of the local government or the
 8 federally recognized Indian tribe must be present during board
 9 deliberations and provide information that the board requests.

10 ~~((+5))~~ (6) Before any financial assistance application is
 11 approved, the local government or the federally recognized Indian
 12 tribe seeking the assistance must demonstrate to the community
 13 economic revitalization board that no other timely source of funding
 14 is available to it at costs reasonably similar to financing available
 15 from the community economic revitalization board.

19 The appropriations in this section are subject to the following

16 VW Settlement Funded Projects (40000018)

17 ~~((The appropriation in this section is subject to the following~~
18 ~~conditions and limitations:~~

19 ~~(1) The legislature finds that it is appropriate to provide a~~
20 ~~framework for the administration of mitigation funds provided to the~~
21 ~~state as a beneficiary under the terms of the consent decrees entered~~
22 ~~into by the United States, Volkswagen AG, and other participating~~
23 ~~parties that settle emissions related claims for 2.0 and 3.0 liter~~
24 ~~diesel vehicles of certain models and years. The legislature deems~~
25 ~~the department of ecology the responsible agency for the~~
26 ~~administration and expenditure of funds provided by the trustee under~~
27 ~~the terms of the consent decrees, including the development of a~~
28 ~~mitigation plan to guide the use of the funds, whether or not the~~
29 ~~department receives funds directly for projects included in the plan.~~

30 ~~(2)(a) The department of ecology shall develop the mitigation~~
31 ~~plan through an open, transparent public process consistent with~~
32 ~~direction in the consent decrees. The department shall provide ample~~
33 ~~opportunity using a variety of engagement options, as appropriate,~~
34 ~~for stakeholders and the public to shape, review, and comment~~
35 ~~throughout the development of the mitigation plan, including at least~~
36 ~~two meetings of the legislative advisory group as described in (c) of~~
37 ~~this subsection.~~

1 ~~(b) The department of ecology shall work collaboratively with~~
2 ~~other agencies to develop and implement the elements of the~~
3 ~~mitigation plan that address categories of projects for which other~~
4 ~~agencies have already developed programs or expertise. In doing so,~~
5 ~~the department of ecology must consider and utilize, where~~
6 ~~appropriate and to the extent possible, the following existing~~
7 ~~programs for alternative fuels and zero emission vehicles:~~

8 ~~(i) The department of transportation's electric vehicle~~
9 ~~infrastructure bank program;~~

10 ~~(ii) The state alternative fuel commercial vehicle tax credit;~~

11 ~~(iii) The state sales and use tax exemption for clean vehicles;~~

12 ~~and~~

13 ~~(iv) Public transportation grant programs administered by the~~
14 ~~department of transportation.~~

15 ~~(c)(i) For the purposes of providing legislative input and~~
16 ~~gathering public feedback on the development of the mitigation plan,~~
17 ~~a legislative advisory group is established. The advisory group is~~
18 ~~comprised of eight legislators, including the chairs and ranking~~
19 ~~members, or designees of the chairs and ranking members, of the~~
20 ~~transportation and capital budget committees in the House and in the~~
21 ~~Senate; the director of the department of ecology; and the secretary~~
22 ~~of the department of transportation.~~

23 ~~(ii) The advisory group must select a chair from among its~~
24 ~~membership. Meetings of the advisory group must be open to the public~~
25 ~~and allow for public comment.~~

26 ~~(iii) The advisory group must meet at least twice, once~~
27 ~~immediately prior to the date that the draft mitigation plan is~~
28 ~~released publicly, and again after public comment has been~~
29 ~~incorporated but before the department submits the plan to the~~
30 ~~trustee.~~

31 ~~(iv) The office of program research and the senate committee~~
32 ~~services must provide staff support to the advisory group. The~~
33 ~~department of ecology staff must provide technical support, as~~
34 ~~needed. Legislative members of the advisory group are reimbursed for~~
35 ~~travel expenses in accordance with RCW 44.04.120. Nonlegislative~~
36 ~~members are not entitled to be reimbursed for travel expenses if they~~
37 ~~are elected officials or are participating on behalf of an employer,~~
38 ~~government entity, or other organization. Any reimbursement for other~~
39 ~~nonlegislative members is subject to chapter 43.03 RCW. Advisory~~
40 ~~group expenditures are subject to approval by the senate facilities~~

1 ~~and operations committee and the house of representatives executive~~
2 ~~rules committee, or their successor committees.~~

3 ~~(3) The mitigation plan and the stewardship of project~~
4 ~~implementation must adhere to the following principles:~~

5 ~~(a) Maximize air quality and public health benefits relating to~~
6 ~~the reduction of nitrogen oxides emissions;~~

7 ~~(b) Give priority to projects that improve air quality relating~~
8 ~~to the reduction of nitrogen oxides emissions in areas that bear a~~
9 ~~disproportionate share of the burden from nitrogen oxides emissions;~~

10 ~~(c) Achieve substantial additional air quality benefits relating~~
11 ~~to the reduction of nitrogen oxides emissions beyond that which would~~
12 ~~already occur, absent trust funding;~~

13 ~~(d) Investments in clean vehicles or investments in clean engine~~
14 ~~replacements must be shown to be cost-effective. For the purposes of~~
15 ~~leveraging funding, investments in clean vehicles may not exceed the~~
16 ~~incremental cost of the clean vehicle, relative to the cost of a~~
17 ~~similar conventionally fueled vehicle. To incentivize the replacement~~
18 ~~of standard engines, investments may be made up to the full cost of~~
19 ~~the clean engine replacement;~~

20 ~~(e) Consideration must be given to investments across a range of~~
21 ~~fueling technologies and emissions reduction technologies; and~~

22 ~~(f) Priority must be given to projects that have the highest~~
23 ~~benefit-cost ratios, in terms of the amount of nitrogen oxides~~
24 ~~emissions reduced per dollar invested.~~

25 ~~(4) Funding must be allocated to eligible projects under the~~
26 ~~terms of the consent decrees in the following manner:~~

27 ~~(a)(i) No more than thirty percent of funding provided during the~~
28 ~~2017-2019 biennium for commercial vehicle class four through eight~~
29 ~~transit buses, shuttle buses, and school buses;~~

30 ~~(ii) No more than thirty percent of funding provided during the~~
31 ~~2017-2019 biennium for commercial vehicle class eight local freight~~
32 ~~trucks and port drayage trucks;~~

33 ~~(iii) No more than twenty percent of funding provided during the~~
34 ~~2017-2019 biennium for commercial vehicle class four through seven~~
35 ~~local freight trucks;~~

36 ~~(iv) No more than twenty percent of funding provided during the~~
37 ~~2017-2019 biennium for airport ground support equipment;~~

38 ~~(v) No more than twenty percent of funding provided during the~~
39 ~~2017-2019 biennium for ocean-going vessels' shore power;~~

1 ~~(vi) No more than fifteen percent of funding provided during the~~
2 ~~2017-2019 biennium for light duty, zero emission vehicle supply~~
3 ~~equipment;~~

4 ~~(vii) No more than twenty percent of funding provided during the~~
5 ~~2017-2019 biennium for nonfederal matching funds for projects~~
6 ~~eligible under the diesel emission reduction act option; and~~

7 ~~(viii) For each of the other categories of mitigation actions~~
8 ~~that are eligible under the consent decrees but not otherwise~~
9 ~~specified under this subsection (4)(a), no more than ten percent of~~
10 ~~funding provided during the 2017-2019 biennium.~~

11 ~~(b) Projects that receive funding under subsection (4)(a)(ii) and~~
12 ~~(iii) of this section and ocean-going vessels shorepower projects~~
13 ~~that receive funding under subsection (4)(a)(viii) of this section~~
14 ~~must include electric technologies, if practicable.~~

15 ~~(5) To the extent this section conflicts with the consent~~
16 ~~decrees, the consent decrees supersede it.~~

17 ~~(6) The department of ecology may modify the mitigation plan as~~
18 ~~needed to comply with trustee requirements, including to the extent~~
19 ~~these modifications conflict with this section. In making any~~
20 ~~adjustments, the department of ecology shall consult with the~~
21 ~~department of transportation and the office of the superintendent of~~
22 ~~public instruction and provide notice to the steering committee of~~
23 ~~any significant changes to the plan submitted.~~

24 ~~(7) The department of ecology shall provide a report to the~~
25 ~~governor and the appropriate committees of the legislature by January~~
26 ~~1, 2018, and each year thereafter, on any plans or efforts to change~~
27 ~~the mitigation plan, its progress in implementing the mitigation~~
28 ~~plan, and the specific projects funded through these mitigation funds~~
29 ~~for the previous fiscal year.~~

30 ~~(8) For the purposes of this section:~~

31 ~~(a) "Project" means an eligible mitigation action under the terms~~
32 ~~of the consent decrees entered into by the United States, Volkswagen~~
33 ~~AG, and other participating parties that settle emissions related~~
34 ~~claims for 2.0 and 3.0 liter diesel vehicles of certain models and~~
35 ~~years.~~

36 ~~(b) "Trustee" means the entity selected under the terms of the~~
37 ~~consent decrees to administer the disbursement of funds to eligible~~
38 ~~projects for the purposes of mitigating nitrogen oxides emission~~
39 ~~pollution.))~~

1 The appropriation in this section is subject to the following
2 conditions and limitations:

3 (1)(a) The legislature finds that it is appropriate to provide a
4 framework for the administration of mitigation funds provided to the
5 state as a beneficiary under the terms of the consent decrees entered
6 into by the United States, Volkswagen AG, and other participating
7 parties that settle emissions-related claims for 2.0 and 3.0 liter
8 diesel vehicles of certain models and years. The legislature deems
9 the department of ecology the responsible agency for the
10 administration and expenditure of funds provided by the trustee under
11 the terms of the consent decrees, including the development of a
12 mitigation plan to guide the use of the funds, whether or not the
13 department receives funds directly for projects included in the plan.

14 (b) The department of ecology shall work collaboratively with
15 other agencies to implement the elements of the mitigation plan that
16 address categories of projects for which other agencies have already
17 developed programs or expertise. In doing so, the department of
18 ecology must consider and utilize, where appropriate and to the
19 extent practical, the following existing programs for alternative
20 fuels and zero-emission vehicles:

21 (i) The department of transportation's electric vehicle
22 infrastructure bank program;

23 (ii) The state alternative fuel commercial vehicle tax credit;

24 (iii) The state sales and use tax exemption for clean vehicles;

25 and

26 (iv) Public transportation grant programs administered by the
27 department of transportation.

28 (c)(i) For the purposes of providing legislative input and
29 gathering public feedback on the mitigation plan, a steering
30 committee is established. The steering committee is comprised of the
31 following members: Four legislators, one from each major caucus, and
32 one alternate for each of the four legislators; the director of the
33 department of ecology, or his or her designee; the director of
34 enterprise services, or his or her designee; the director of the
35 office of financial management, or his or her designee; the governor,
36 or his or her designee; and the secretary of the department of
37 transportation, or his or her designee.

38 (ii) As the responsible agency for administration of funds
39 provided by the trustee under the terms of the consent decree, the

1 department of ecology shall chair the steering committee. Meetings of
2 the steering committee must be open to the public.

3 (iii) The steering committee shall meet as needed to review the
4 mitigation plan and review project category selection principles and
5 priorities, and project proposals.

6 (iv) The department of ecology staff shall provide support to the
7 steering committee as needed. Legislative members and alternates of
8 the advisory group are reimbursed for travel expenses in accordance
9 with RCW 44.04.120. Nonlegislative members are not entitled to be
10 reimbursed for travel expenses if they are elected officials or are
11 participating on behalf of an employer, government entity, or other
12 organization.

13 (2) The stewardship of project implementation must adhere to the
14 following principles:

15 (a) Maximize air quality and public health benefits relating to
16 the reduction of nitrogen oxides emissions, other toxic air pollutant
17 emissions and carbon emissions;

18 (b) Encouraging projects that improve air quality in areas that
19 bear a disproportionate share of the burden from nitrogen oxides
20 emissions and reduce carbon emissions.

21 (c) In making project selections, consider distribution of
22 projects across many areas of the state;

23 (d) Achieve substantial additional air quality benefits relating
24 to the reduction of nitrogen oxides emissions beyond that which would
25 already occur, absent trust funding;

26 (e) Investments in clean vehicles and vessels or investments in
27 clean engine replacements are encouraged to be cost-effective. For
28 the purposes of leveraging funding, investments in clean vehicles may
29 not exceed the incremental cost of the clean vehicle, relative to the
30 cost of a similar conventionally fueled vehicle. To incentivize the
31 replacement while maximizing achievement of complimentary state goals
32 of standard engines, investments may be made up to the full cost of
33 the clean engine replacement;

34 (f) Investments must be across a range of low and zero emission
35 fueling technologies including, but not limited to, electric, hybrid,
36 zero emission, and compressed natural gas and other emissions
37 reduction fuels and technologies; and

38 (g) Encouragement of projects that have high benefit-cost ratios
39 for reductions of nitrogen oxides emissions and carbon emissions.

1 (3) Funding must be allocated to eligible projects under the
2 terms of the consent decrees in the following manner:

3 (a)(i) No more than sixty percent of funding may be provided for
4 on-road heavy duty vehicles; class four through eight school buses,
5 shuttle buses, or transit buses; commercial vehicle class four
6 through eight transit buses, shuttle buses, and school buses; and
7 commercial vehicle class eight local freight trucks and port drayage
8 trucks;

9 (ii) No more than twenty percent of funding may be provided for
10 commercial vehicle class four through seven local freight trucks;

11 (iii) No more than five percent of funding may be provided for
12 freight switchers;

13 (iv) No more than five percent of funding may be provided for
14 airport ground support equipment;

15 (v) No more than forty-five percent of funding may be provided
16 for marine vessels including ferries and tugs, and for ocean-going
17 vessels' shore power;

18 (vi) No more than fifteen percent of funding may be provided for
19 light duty, zero emission vehicle supply equipment. Priority must be
20 given to those projects for which grant funds were sought under the
21 department of transportation's grant opportunity for DC fast chargers
22 for Washington's interregional corridors program in 2017, that ranked
23 high in the grant evaluation but did not receive funding; and

24 (vii) No more than five percent of funding may be provided for
25 nonfederal matching funds for projects eligible under the diesel
26 emission reduction act option.

27 (4) To the extent this section conflicts with the consent
28 decrees, the consent decrees supersede it.

29 (5) The department of ecology may modify the mitigation plan as
30 needed to comply with trustee requirements, including to the extent
31 these modifications conflict with this section. In making any
32 adjustments, the department of ecology shall provide notice to the
33 steering committee of any significant changes to the plan submitted.

34 (6) The department of ecology shall provide a report to the
35 governor and the appropriate committees of the legislature by January
36 1, 2019, and each year thereafter, on any plans or efforts to change
37 the mitigation plan, its progress in implementing the mitigation
38 plan, and the specific projects funded through these mitigation funds
39 for the previous fiscal year.

40 (7) For the purposes of this section:

1 (a) "Project" means an eligible mitigation action under the terms
2 of the consent decrees entered into by the United States, Volkswagen
3 AG, and other participating parties that settle emissions-related
4 claims for 2.0 and 3.0 liter diesel vehicles of certain models and
5 years.

6 (b) "Trustee" means the entity selected under the terms of the
7 consent decrees to administer the disbursement of funds to eligible
8 projects for the purposes of mitigating nitrogen oxides emission
9 pollution.

32 (1) The appropriation is provided solely to the department of
33 natural resources to transfer from trust status certain trust lands
34 of statewide significance deemed appropriate for state parks, fish

1 open spaces, or recreation purposes. The approved property for
2 transfer is identified in the LEAP capital document no. 2017-2H,

4 (2) Property transferred under this section must be appraised and
5 transferred at fair market value. By (~~September 30, 2018~~) June 30,
6 2019, the department must deposit in the common school construction
7 account the portion of the appropriation in this section that
8 represents the estimated value of the timber on the transferred
9 properties. This transfer must be made in the same manner as timber
10 revenues from other common school trust lands. No deduction may be
11 made for the resource management cost account under RCW 79.64.040.
12 The portion of the appropriation in this section that represents the
13 value of the land transferred must be deposited in the natural
14 resources real property replacement account.

15 (3) All reasonable costs incurred by the department to implement
16 this section are authorized to be paid out of the appropriations.
17 Authorized costs include the actual cost of appraisals, staff time,

20 (4) By June 30, (~~2018~~) 2019, land within the common school
21 trust shall be exchanged for land of equal value held for other trust

25 the department shall execute and record a real property instrument
26 that dedicates the transferred properties to the purposes identified
27 in subsection (1) of this section. Fee transfer agreements for
28 properties identified in subsection (1) of this section must include
29 terms that perpetually restrict the use of the property to the
30 intended purpose. Transfer agreements may include provisions for
31 receiving agencies to request alternative uses of the property,
32 provided the alternative uses are compatible with the originally
33 intended public purpose and the department and legislature approves
34 such uses.

35 (6) The department shall work in good faith to carry out the
36 intent of this section.

37 (7) By June 30, 2019, the state treasurer shall transfer to the

13 department to assess options to replace timber trust revenues for
14 counties with populations of twenty-five thousand or fewer that are
15 subject to timber harvest deferrals greater than thirty years due to
16 the presence of wildlife species listed as endangered or threatened
17 under the federal endangered species act. The department must consult
18 with the qualifying counties and other stakeholders in conducting the
19 assessment. The department shall report the findings of its
20 assessment, including recommendations for addressing decreased
21 revenues from state forestlands and improving the forest products
22 economy in the qualifying counties, by December 15, 2018.

23 (2)(a) The remaining portion of the appropriation is provided
24 solely to the department to transfer from state forestland status to
25 natural resources conservation area status certain state forestlands
26 in counties:

- 27 (i) With a population of twenty-five thousand or fewer; and
- 28 (ii) With risks of timber harvest deferrals greater than thirty
29 years due to the presence of wildlife species listed as endangered or

31 (b) This appropriation must be used equally for the transfer of
32 qualifying state forestlands in the qualifying counties.

7 identified in subsection (2) of this section must include terms that
8 restrict the use of the property to the intended purpose.

9 (5) The department and applicable counties shall work in good
10 faith to carry out the intent of this section. The department will
11 identify eligible properties for transfer, consistent with
12 subsections (2) and (3) of this section, in consultation with the
