6 read as follows:

7 (1) The commission shall, with the involvement of the department,

19 topical areas and questions. The commission shall finalize the survey
20 only after providing an opportunity for the ferry advisory committee
21 executive council created in RCW 47.60.310(3) to offer input on

1 proposed survey topics and questions. Ferry advisory committee review
2 must occur early enough in the process to allow feedback and
3 subsequent changes to be made to the survey, and this review process
4 must be clearly documented.

5 (3) The survey must be updated at least every two years and
6 maintained to support the development and implementation of
7 (~~adaptive management of~~) ferry services.

8 **Sec. 2.** RCW 47.60.290 and 2007 c 512 s 5 are each amended to
9 read as follows:

10 (1) The department shall annually review fares and pricing
11 policies applicable to the operation of the Washington state ferries.

12 (2) Beginning in 2008, the department shall develop fare and
13 pricing policy proposals that must:

14 (a) Recognize that each travel shed is unique, and might not have
15 the same farebox recovery rate and the same pricing policies;

16 (b) Use data from the current survey conducted under RCW
17 47.60.286;

18 (c) Be developed with input from ferry advisory committee
19 participants as described in subsection (4) of this section, affected
20 ferry users ((by)), and one or more public hearings ((and by review
21 with the affected ferry advisory committees)), in addition to the
22 data gathered from the survey conducted in RCW 47.60.286;

23 (d) Generate the amount of revenue required by the biennial
24 transportation budget;

25 (e) Consider the impacts on users, capacity, and local

31 (b) Options for using pricing to increase off-peak ridership.

32 (4) Ferry advisory committees shall designate committee members
33 to participate in the department's review of fares, fare policies,
34 and fare media. The department shall determine the process for the
35 review. Participants must, at a minimum, include members of the ferry
36 advisory committees as specified in this subsection. The department
37 shall provide background information on tariff changes being
38 considered as needed for the conduct of the review to all

1 participants. The members representing the ferry advisory committees
2 in the department's fare review processes must:

3 (a) Include one member from each ferry advisory committee
4 selected by each ferry advisory committee choosing to participate;

5 (b) Collaborate with the ferry advisory committee executive
6 council created in RCW 47.60.310(3) on systemwide matters and with
7 individual ferry advisory committees on matters that affect
8 individual routes;

9 (c) Elect a chair to serve a term of one year or tariff cycle.
10 The chair may call a meeting of the members;

12 constitute a quorum; and

13 (e) Advise the department when it may be appropriate to hold a
14 public hearing on tariff proposals to comply with subsection (2)(c)
15 of this section.

16 (5) When presenting fare, fare media, and pricing policies to the
17 commission, the department must include any relevant recommendations
18 from the members representing the ferry advisory committees as
19 established under subsection (4) of this section. Any discrepancy
20 between department and ferry advisory committee recommendations must
21 be explained.

22 (6) When considering a fare or pricing policy proposal, a vote on
23 the proposal is required by the participating ferry advisory
24 committee members established under subsection (4) of this section.
25 The results of the vote and participating ferry advisory committee
26 member comments must be reported along with the department's fare
27 recommendations to the commission.

28 **Sec. 3.** RCW 47.60.300 and 1984 c 7 s 325 are each amended to
29 read as follows:

30 (1) The review (~~shall~~) described in RCW 47.60.290(1) must
31 include, but not be limited to, tariffs for automobiles, passengers,
32 trucks, commutation rates, and volume discounts. The review (~~shall~~)
33 must give proper consideration to time of travel, distance of travel,
34 operating costs, maintenance and repair expenses, and the resultant
35 effect any change in tariff might have on the debt service
36 requirements of the department as specifically provided in existing
37 financing programs. If the review addresses matters affecting rider
38 tariffs, the review must include participation by representatives of
39 the ferry advisory committees as established in RCW 47.60.290(4). The

7 problems experienced in areas served by Washington state ferries,
8 quality of service, implementation of adaptive management policies
9 affecting riders, and any other subject deemed by the department to
10 be properly within the scope of the review. A review under this
11 subsection (2) must include consultation with the ferry advisory
12 committee executive council, including a review and input on the
13 development of any relevant surveys.

14 (3) The department (~~(is further authorized and directed to)~~) must
15 make (~~(a like)~~) written reviews within every three-year period. Ferry
16 advisory committee comments and the subsequent Washington state
17 ferries response must be included in these written reviews.

18 (4) The department must also conduct such review by soliciting
19 and obtaining expressions from local community groups served by the
20 Washington state ferries. To establish local representation, the
21 department shall give prior notice of the review to the ferry
22 advisory committees and include them in the review process. This
23 review must, to the extent feasible, receive input from various
24 gender, economic status, persons with disabilities, tribe, senior
25 citizen, youth, and race demographic groups.

26 (5) The ferry advisory committees must have the opportunity to

8 ~~prior notice of the review to the ferry advisory committees.~~

9 ~~(2) The legislative authorities of San Juan, Skagit, Clallam, and~~
10 ~~Jefferson counties shall each appoint a committee to consist of five~~

13 within its boundaries, except that only one ferry advisory committee
14 may be created for Vashon Island and one for the San Juan Islands.
15 Each committee member must reside within the county in which the
16 member is appointed. If the legislative authority of San Juan county

15 committee's local governing body, respective communities, riders, and
16 other stakeholders. The committees may liaise with department
17 representatives, state and local agencies, elected officials, and
18 other relevant groups to provide ferry system-related information.

19 (6) The department shall provide existing data or information
20 relevant to Washington state ferries operations as requested by
21 individual ferry advisory committees or the executive council either

23 This does not apply to records exempt from public disclosure under
24 chapter 42.56 RCW.

25 (7) The ferry advisory committees shall submit any issues to be
26 addressed by the department in writing, and the department shall

36 multiple routes are impacted. The department shall, if recommended by
37 the affected ferry advisory committees, also hold a public hearing
38 before any nonemergency, substantial change to service levels.

1 (2) Before adding or eliminating a ferry route, the department
2 shall consult with affected ferry users and receive legislative
3 approval.
