
SUBSTITUTE HOUSE BILL 2489

State of Washington

65th Legislature

2018 Regular Session

By House Health Care & Wellness (originally sponsored by Representatives Cody, Rodne, Harris, Caldier, Macri, Robinson, Jinkins, Muri, Kagi, McBride, Wylie, Peterson, Slatter, Hayes, Sawyer, Pollet, Doglio, Kloba, Tharinger, Ormsby, Johnson, and Kilduff; by request of Governor Inslee)

READ FIRST TIME 02/02/18.

1 AN ACT Relating to opioid use disorder treatment, prevention, and
2 related services; amending RCW 71.24.585, 71.24.595, 71.24.560,
3 71.24.011, 69.41.095, 71.24.585, 71.24.595, 70.225.010, 70.225.040,
4 70.168.090, and 70.41.480; amending 2005 c 70 s 1 (uncodified);
5 reenacting and amending RCW 70.225.020; adding new sections to
6 chapter 71.24 RCW; adding a new section to chapter 70.225 RCW; adding
7 a new section to chapter 74.09 RCW; adding a new section to chapter
8 18.64 RCW; adding a new section to chapter 69.50 RCW; adding new
9 sections to chapter 43.70 RCW; adding a new section to chapter 18.22
10 RCW; adding a new section to chapter 18.32 RCW; adding a new section
11 to chapter 18.57 RCW; adding a new section to chapter 18.57A RCW;
12 adding a new section to chapter 18.71 RCW; adding a new section to
13 chapter 18.71A RCW; adding a new section to chapter 18.79 RCW;
14 creating a new section; and providing contingent effective dates.

15 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

16 **PART I**

17 NEW SECTION. **Sec. 1.** The legislature declares that opioid use
18 disorder is a public health crisis. State agencies must increase
19 access to evidence-based opioid use disorder treatment services,
20 promote coordination of services within the substance use disorder

1 treatment and recovery support system, strengthen partnerships
2 between opioid use disorder treatment providers and their allied
3 community partners, expand the use of the Washington state
4 prescription drug monitoring program, and support comprehensive
5 school and community-based substance use prevention services.

6 This act leverages the direction provided by the Washington state
7 interagency opioid working plan in order to address the opioid
8 epidemic challenging communities throughout the state.

9 Agencies administering state purchased health care programs, as
10 defined in RCW 41.05.011, shall coordinate activities to implement
11 the provisions of this act and the Washington state interagency
12 opioid working plan, explore opportunities to address the opioid
13 epidemic, and provide status updates as directed by the joint
14 legislative executive committee on health care oversight to promote
15 legislative and executive coordination.

16 **PART II**

17 **Sec. 2.** RCW 71.24.585 and 2017 c 297 s 12 are each amended to
18 read as follows:

19 ~~((The state of Washington declares that there is no fundamental
20 right to medication-assisted treatment for opioid use disorder.)) (1)~~
21 The state of Washington ~~((further))~~ declares that ~~((while))~~
22 medications used in the treatment of opioid use disorder are
23 ~~((addictive substances, that they nevertheless have several legal,
24 important, and justified uses and that one of their appropriate and
25 legal uses is, in conjunction with other required therapeutic
26 procedures, in the treatment of persons with opioid use disorder))~~
27 the most effective intervention to reduce deaths from opioid overdose
28 and keep people in treatment. The state of Washington recognizes
29 medications approved by the federal food and drug administration as
30 ~~((evidence-based for the management of opioid use disorder the
31 medications approved by the federal food and drug administration for
32 the))~~ an integral component of treatment ~~((of))~~ for opioid use
33 disorder. ~~((Medication-assisted treatment should only be used for
34 participants who are deemed appropriate to need this level of
35 intervention.))~~ While medication has been shown to be the treatment
36 of choice for persons with opioid use disorder, many individuals will
37 also benefit from counseling and social supports. Providers must
38 inform patients of all evidence-based treatment options available.

1 (~~The provider and the patient shall consider alternative treatment~~
2 ~~options, like abstinence, when developing the treatment plan. If~~
3 ~~medications are prescribed, follow up must be included in the~~
4 ~~treatment plan in order to work towards the goal of abstinence.))
5 Because some such medications are controlled substances in chapter
6 69.50 RCW, the state of Washington maintains the legal obligation and
7 right to regulate the ((~~clinical~~)) uses of these medications in the
8 treatment of opioid use disorder.~~

9 ((~~Further,~~)) (2) The department will promote the use of
10 medication therapies and other evidence-based strategies to address
11 the opioid epidemic in Washington state. Additionally, the department
12 will prioritize state resources for the provision of treatment and
13 recovery support services to:

14 (a) Entities which allow patients to maintain their use of
15 medications for opioid use disorder while engaging in services; and

16 (b) Entities which allow patients to start on medications for
17 opioid use disorder while enrolled in their services.

18 (3) The state declares that the main goals of ((~~opioid~~
19 substitution treatment is total abstinence from substance use for the
20 individuals who participate in the treatment program, but recognizes
21 the additional goals of reduced morbidity, and restoration of the
22 ability to lead a productive and fulfilling life. The state
23 recognizes that a small percentage of persons who participate in
24 opioid treatment programs require treatment for an extended period of
25 time. Opioid treatment programs shall provide a comprehensive
26 transition program to eliminate substance use, including opioid use
27 of ~~program participants~~)) treatment for persons with opioid use
28 disorder are the cessation of unprescribed opioid use, reduced
29 morbidity, and restoration of the ability to lead a productive and
30 fulfilling life.

31 (4) To achieve the goals in subsection (3) of this section, to
32 promote public health and safety, and to promote the efficient and
33 economic use of funding for the medicaid program under Title XIX of
34 the social security act, the health care authority may seek, receive,
35 and expend alternative sources of funding to support all aspects of
36 the state's response to the opioid crisis.

37 (5) The health care authority shall partner with the department
38 of social and health services, the department of corrections, the
39 department of health, and any other agencies or entities the
40 authority deems appropriate to develop a statewide approach to

1 leveraging medicaid funding to treat opioid use disorder and provide
2 emergency overdose treatment. Such alternative sources of funding may
3 include, but are not limited to:

4 (a) Seeking a section 1115 demonstration waiver from the federal
5 centers for medicare and medicaid services to fund opioid treatment
6 medications for persons eligible for medicaid at or during the time
7 of incarceration. The authority's application for any such waiver
8 must comply with all applicable federal requirements for obtaining
9 such waiver; and

10 (b) Soliciting and receiving private funds, grants, and donations
11 from any willing person or entity.

12 (6)(a) The department shall replicate effective approaches such
13 as opioid hub and spoke treatment networks to broaden outreach and
14 patient navigation with allied opioid use disorder community
15 partners, including but not limited to: Federally accredited opioid
16 treatment programs, jails, syringe exchange programs, community
17 mental health centers, and primary care clinics.

18 (b) To carry out this subsection (6), the department shall work
19 with the department of health and the health care authority to
20 promote coordination between medication-assisted treatment
21 prescribers, federally accredited opioid treatment programs, and
22 state-certified substance use disorder treatment agencies to:

23 (i) Increase patient choice in receiving medication and
24 counseling;

25 (ii) Strengthen relationships between opioid use disorder
26 providers; and

27 (iii) Acknowledge and address the challenges presented for
28 individuals needing treatment for multiple substance use disorders
29 simultaneously.

30 (7) State agencies shall review and promote positive outcomes
31 associated with the accountable communities of health funded opioid
32 projects and local law enforcement and human services opioid
33 collaborations as set forth in the Washington state interagency
34 opioid working plan.

35 (8) The health care authority shall partner with the department
36 and other state agencies to create a program to connect certified
37 peer counselors with individuals who have had a nonfatal overdose
38 within forty-eight hours of the overdose.

1 **Sec. 3.** RCW 71.24.595 and 2017 c 297 s 16 are each amended to
2 read as follows:

3 (1) To achieve more medication options, the department shall work
4 with the department of health and the health care authority and its
5 medicaid managed care organizations, to eliminate barriers and
6 promote access to all effective medications known to address opioid
7 use disorders at state-certified opioid treatment programs.
8 Medications should include, but not be limited to: Methadone,
9 buprenorphine, and naltrexone. The department shall encourage the
10 distribution of naloxone to patients who are at risk of an opioid
11 overdose.

12 (2) The department, in consultation with opioid treatment program
13 service providers and counties and cities, shall establish statewide
14 treatment standards for certified opioid treatment programs. The
15 department shall enforce these treatment standards. The treatment
16 standards shall include, but not be limited to, reasonable provisions
17 for all appropriate and necessary medical procedures, counseling
18 requirements, urinalysis, and other suitable tests as needed to
19 ensure compliance with this chapter.

20 (~~(+2)~~) (3) The department, in consultation with opioid treatment
21 programs and counties, shall establish statewide operating standards
22 for certified opioid treatment programs. The department shall enforce
23 these operating standards. The operating standards shall include, but
24 not be limited to, reasonable provisions necessary to enable the
25 department and counties to monitor certified and licensed opioid
26 treatment programs for compliance with this chapter and the treatment
27 standards authorized by this chapter and to minimize the impact of
28 the opioid treatment programs upon the business and residential
29 neighborhoods in which the program is located.

30 (~~(+3)~~) (4) The department shall analyze and evaluate the data
31 submitted by each treatment program and take corrective action where
32 necessary to ensure compliance with the goals and standards
33 enumerated under this chapter. Opioid treatment programs are subject
34 to the oversight required for other substance use disorder treatment
35 programs, as described in this chapter.

36 NEW SECTION. **Sec. 4.** A new section is added to chapter 71.24
37 RCW to read as follows:

38 By October 1, 2018, the department shall work with the department
39 of health, the health care authority, the accountable communities of

1 health, and community stakeholders to develop a plan for the
2 coordinated purchasing and distribution of opioid overdose reversal
3 medication across the state of Washington. The plan shall be
4 developed in consultation with the University of Washington's alcohol
5 and drug abuse institute and community agencies participating in the
6 federal demonstration grant titled Washington state project to
7 prevent prescription drug or opioid overdose.

8 NEW SECTION. **Sec. 5.** A new section is added to chapter 71.24
9 RCW to read as follows:

10 (1) The department shall work with the department of health, the
11 health care authority, contracted opioid hub and spoke networks,
12 accountable communities of health, and drug task forces to develop a
13 strategy to support rapid response teams to be deployed, within a
14 short period of time, to communities identified as having a high
15 number of fentanyl-related or other opioid-related overdoses, by
16 local drug task forces, public health departments, or other local,
17 regional, or state surveillance methods. The teams may be deployed in
18 medical clinics, hospital emergency departments, or other community
19 emergency response centers, and are expected to increase the capacity
20 of medication-assisted treatment therapy prescribing and inductions.
21 Team members may include, but are not limited to, nurse care
22 managers, peers or care navigators, drug task forces, opioid
23 treatment program clinicians, and medication-assisted treatment
24 prescribers. The teams shall set goals around continued access to
25 medication therapy for patients once the emergency is stabilized.

26 (2) The department shall work with the department of health and
27 the health care authority to reduce barriers and promote medication
28 treatment therapies for opioid use disorder in emergency departments
29 and same-day referrals to opioid treatment programs, substance use
30 disorder treatment facilities, and community-based medication
31 treatment prescribers for individuals experiencing an overdose.

32 **Sec. 6.** RCW 71.24.560 and 2017 c 297 s 11 are each amended to
33 read as follows:

34 (1) All approved opioid treatment programs that provide services
35 to women who are pregnant are required to disseminate up-to-date and
36 accurate health education information to all their pregnant clients
37 concerning the (~~possible addiction and health risks that their~~
38 ~~treatment may have on their baby~~) effects opioid use and opioid use

1 disorder medication may have on their baby, including the development
2 of dependence and subsequent withdrawal. All pregnant clients must
3 also be advised of the risks to both them and their baby associated
4 with not remaining ~~((on the))~~ in an opioid treatment program. The
5 information must be provided to these clients both verbally and in
6 writing. The health education information provided to the pregnant
7 clients must include referral options for the substance-exposed baby.

8 (2) The department shall adopt rules that require all opioid
9 treatment programs to educate all pregnant women in their program on
10 the benefits and risks of medication-assisted treatment to their
11 fetus before they are provided these medications, as part of their
12 treatment. The department shall also adopt rules that require all
13 opioid treatment programs to educate women who become pregnant about
14 the risks to both the mother and their fetus of not treating opioid
15 use disorder. The department shall meet the requirements under this
16 subsection within the appropriations provided for opioid treatment
17 programs. The department, working with treatment providers and
18 medical experts, shall develop and disseminate the educational
19 materials to all certified opioid treatment programs.

20 **Sec. 7.** 2005 c 70 s 1 (uncodified) is amended to read as
21 follows:

22 The legislature finds that drug use among pregnant women is a
23 significant and growing concern statewide. ~~((The legislature further
24 finds that methadone, although an effective alternative to other
25 substance use treatments, can result in babies who are exposed to
26 methadone while in uteri being born addicted and facing the painful
27 effects of withdrawal.))~~

28 It is the intent of the legislature to notify all pregnant
29 mothers who are receiving ~~((methadone treatment))~~ medication for the
30 treatment of opioid use disorder of the risks and benefits
31 ~~((methadone))~~ such medication could have on their baby during
32 pregnancy through birth and to inform them of the potential need for
33 the newborn baby to be taken care of in a hospital setting or in a
34 specialized supportive environment designed specifically to address
35 ~~((newborn addiction problems))~~ and manage neonatal opioid or other
36 drug withdrawal syndromes.

37 **Sec. 8.** RCW 71.24.011 and 1982 c 204 s 1 are each amended to
38 read as follows:

1 This chapter may be known and cited as the community (~~mental~~)
2 behavioral health services act.

3 **Sec. 9.** RCW 69.41.095 and 2015 c 205 s 2 are each amended to
4 read as follows:

5 (1)(a) A practitioner may prescribe, dispense, distribute, and
6 deliver an opioid overdose reversal medication: (i) Directly to a
7 person at risk of experiencing an opioid-related overdose; or (ii) by
8 prescription, collaborative drug therapy agreement, standing order,
9 or protocol to a first responder, family member, or other person or
10 entity in a position to assist a person at risk of experiencing an
11 opioid-related overdose. Any such prescription, standing order, or
12 protocol (~~order~~) is issued for a legitimate medical purpose in the
13 usual course of professional practice.

14 (b) At the time of prescribing, dispensing, distributing, or
15 delivering the opioid overdose reversal medication, the practitioner
16 shall inform the recipient that as soon as possible after
17 administration of the opioid overdose reversal medication, the person
18 at risk of experiencing an opioid-related overdose should be
19 transported to a hospital or a first responder should be summoned.

20 (2) A pharmacist may dispense an opioid overdose reversal
21 medication pursuant to a prescription, collaborative drug therapy
22 agreement, standing order, or protocol issued in accordance with
23 subsection (1)(a) of this section and may administer an opioid
24 overdose reversal medication to a person at risk of experiencing an
25 opioid-related overdose. At the time of dispensing an opioid overdose
26 reversal medication, a pharmacist shall provide written instructions
27 on the proper response to an opioid-related overdose, including
28 instructions for seeking immediate medical attention. The
29 instructions to seek immediate (~~medication~~) medical attention must
30 be conspicuously displayed.

31 (3) Any person or entity may lawfully possess, store, deliver,
32 distribute, or administer an opioid overdose reversal medication
33 pursuant to a prescription (~~or~~), collaborative drug therapy
34 agreement, standing order, or protocol issued by a practitioner in
35 accordance with subsection (1) of this section.

36 (4) The following individuals, if acting in good faith and with
37 reasonable care, are not subject to criminal or civil liability or
38 disciplinary action under chapter 18.130 RCW for any actions

1 authorized by this section or the outcomes of any actions authorized
2 by this section:

3 (a) A practitioner who prescribes, dispenses, distributes, or
4 delivers an opioid overdose reversal medication pursuant to
5 subsection (1) of this section;

6 (b) A pharmacist who dispenses an opioid overdose reversal
7 medication pursuant to subsection (2) or (5)(a) of this section;

8 (c) A person who possesses, stores, distributes, or administers
9 an opioid overdose reversal medication pursuant to subsection (3) of
10 this section.

11 (5) The secretary or his or her designee may issue a standing
12 order prescribing opioid overdose reversal medications to any person
13 at risk of experiencing an opioid-related overdose or any person or
14 entity in a position to assist a person at risk of experiencing an
15 opioid-related overdose. The standing order may be limited to
16 specific areas in the state or issued statewide.

17 (a) A pharmacist shall dispense an opioid overdose reversal
18 medication pursuant to a standing order issued in accordance with
19 this subsection, consistent with the pharmacist's responsibilities to
20 dispense prescribed legend drugs, and may administer an opioid
21 overdose reversal medication to a person at risk of experiencing an
22 opioid-related overdose. At the time of dispensing an opioid overdose
23 reversal medication, a pharmacist shall provide written instructions
24 on the proper response to an opioid-related overdose, including
25 instructions for seeking immediate medical attention. The
26 instructions to seek immediate medical attention must be
27 conspicuously displayed.

28 (b) Any person or entity may lawfully possess, store, deliver,
29 distribute, or administer an opioid overdose reversal medication
30 pursuant to a standing order issued in accordance with this
31 subsection (5). The department, in coordination with the appropriate
32 entity or entities, shall develop a training module that provides
33 training regarding the identification of a person suffering from an
34 opioid-related overdose and the use of opioid overdose reversal
35 medications. The training must be available electronically and in a
36 variety of media from the department.

37 (c) This subsection (5) does not create a private cause of
38 action. Notwithstanding any other provision of law, neither the state
39 nor the secretary nor the secretary's designee has any civil
40 liability for issuing standing orders or for any other actions taken

1 pursuant to this chapter or for the outcomes of issuing standing
2 orders or any other actions taken pursuant to this chapter. Neither
3 the secretary nor the secretary's designee is subject to any criminal
4 liability or professional disciplinary action for issuing standing
5 orders or for any other actions taken pursuant to this chapter.

6 (d) For purposes of this subsection (5), "standing order" means
7 an order prescribing medication by the secretary or the secretary's
8 designee. Such standing order can only be issued by a practitioner as
9 defined in this chapter.

10 (6) The labeling requirements of RCW 69.41.050 and 18.64.246 do
11 not apply to opioid overdose reversal medications dispensed,
12 distributed, or delivered pursuant to a prescription, collaborative
13 drug therapy agreement, standing order, or protocol issued in
14 accordance with this section. The individual or entity that
15 dispenses, distributes, or delivers an opioid overdose reversal
16 medication as authorized by this section shall ensure that directions
17 for use are provided.

18 (7) For purposes of this section, the following terms have the
19 following meanings unless the context clearly requires otherwise:

20 (a) "First responder" means: (i) A career or volunteer
21 firefighter, law enforcement officer, paramedic as defined in RCW
22 18.71.200, or first responder or emergency medical technician as
23 defined in RCW 18.73.030; and (ii) an entity that employs or
24 supervises an individual listed in (a)(i) of this subsection,
25 including a volunteer fire department.

26 (b) "Opioid overdose reversal medication" means any drug used to
27 reverse an opioid overdose that binds to opioid receptors and blocks
28 or inhibits the effects of opioids acting on those receptors. It does
29 not include intentional administration via the intravenous route.

30 (c) "Opioid-related overdose" means a condition including, but
31 not limited to, extreme physical illness, decreased level of
32 consciousness, respiratory depression, coma, or death that: (i)
33 Results from the consumption or use of an opioid or another substance
34 with which an opioid was combined; or (ii) a lay person would
35 reasonably believe to be an opioid-related overdose requiring medical
36 assistance.

37 (d) "Practitioner" means a health care practitioner who is
38 authorized under RCW 69.41.030 to prescribe legend drugs.

39 (e) "Standing order" or "protocol" means written or
40 electronically recorded instructions, prepared by a prescriber, for

1 distribution and administration of a drug by designated and trained
2 staff or volunteers of an organization or entity, as well as other
3 actions and interventions to be used upon the occurrence of clearly
4 defined clinical events in order to improve patients' timely access
5 to treatment.

6 **Sec. 10.** RCW 71.24.585 and 2017 c 297 s 12 are each amended to
7 read as follows:

8 ~~((The state of Washington declares that there is no fundamental
9 right to medication-assisted treatment for opioid use disorder.))~~ (1)
10 The state of Washington ~~((further))~~ declares that ~~((while))~~
11 medications used in the treatment of opioid use disorder are
12 ~~((addictive substances, that they nevertheless have several legal,
13 important, and justified uses and that one of their appropriate and
14 legal uses is, in conjunction with other required therapeutic
15 procedures, in the treatment of persons with opioid use disorder))~~
16 the most effective intervention to reduce deaths from opioid overdose
17 and keep people in treatment. The state of Washington recognizes
18 medications approved by the federal food and drug administration as
19 ~~((evidence-based for the management of opioid use disorder the
20 medications approved by the federal food and drug administration for
21 the))~~ an integral component of treatment ~~((of))~~ for opioid use
22 disorder. ~~((Medication-assisted treatment should only be used for
23 participants who are deemed appropriate to need this level of
24 intervention.))~~ While medication has been shown to be the treatment
25 of choice for persons with opioid use disorder, many individuals will
26 also benefit from counseling and social supports. Providers must
27 inform patients of all evidence-based treatment options available.
28 ~~((The provider and the patient shall consider alternative treatment
29 options, like abstinence, when developing the treatment plan. If
30 medications are prescribed, follow up must be included in the
31 treatment plan in order to work towards the goal of abstinence.))~~
32 Because some such medications are controlled substances in chapter
33 69.50 RCW, the state of Washington maintains the legal obligation and
34 right to regulate the ~~((clinical))~~ uses of these medications in the
35 treatment of opioid use disorder.

36 ~~((Further,))~~ (2) The authority will promote the use of medication
37 therapies and other evidence-based strategies to address the opioid
38 epidemic in Washington state. Additionally, the authority will

1 prioritize state resources for the provision of treatment and
2 recovery support services to:

3 (a) Entities which allow patients to maintain their use of
4 medications for opioid use disorder while engaging in services; and

5 (b) Entities which allow patients to start on medications for
6 opioid use disorder while enrolled in their services.

7 (3) The state declares that the main goals of ((opiate
8 substitution treatment is total abstinence from substance use for the
9 individuals who participate in the treatment program, but recognizes
10 the additional goals of reduced morbidity, and restoration of the
11 ability to lead a productive and fulfilling life. The state
12 recognizes that a small percentage of persons who participate in
13 opioid treatment programs require treatment for an extended period of
14 time. Opioid treatment programs shall provide a comprehensive
15 transition program to eliminate substance use, including opioid use
16 of program participants)) treatment for persons with opioid use
17 disorder are the cessation of unprescribed opioid use, reduced
18 morbidity, and restoration of the ability to lead a productive and
19 fulfilling life.

20 (4) To achieve the goals in subsection (3) of this section, to
21 promote public health and safety, and to promote the efficient and
22 economic use of funding for the medicaid program under Title XIX of
23 the social security act, the authority may seek, receive, and expend
24 alternative sources of funding to support all aspects of the state's
25 response to the opioid crisis.

26 (5) The authority shall partner with the department of social and
27 health services, the department of corrections, the department of
28 health, and any other agencies or entities the authority deems
29 appropriate to develop a statewide approach to leveraging medicaid
30 funding to treat opioid use disorder and provide emergency overdose
31 treatment. Such alternative sources of funding may include, but are
32 not limited to:

33 (a) Seeking a section 1115 demonstration waiver from the federal
34 centers for medicare and medicaid services to fund opioid treatment
35 medications for persons eligible for medicaid at or during the time
36 of incarceration. The authority's application for any such waiver
37 must comply with all applicable federal requirements for obtaining
38 such waiver; and

39 (b) Soliciting and receiving private funds, grants, and donations
40 from any willing person or entity.

1 (6)(a) The authority shall replicate effective approaches such as
2 opioid hub and spoke treatment networks to broaden outreach and
3 patient navigation with allied opioid use disorder community
4 partners, including but not limited to: Federally accredited opioid
5 treatment programs, jails, syringe exchange programs, community
6 mental health centers, and primary care clinics.

7 (b) To carry out this subsection (6), the authority shall work
8 with the department of health to promote coordination between
9 medication-assisted treatment prescribers, federally accredited
10 opioid treatment programs, and state-certified substance use disorder
11 treatment agencies to:

12 (i) Increase patient choice in receiving medication and
13 counseling;

14 (ii) Strengthen relationships between opioid use disorder
15 providers; and

16 (iii) Acknowledge and address the challenges presented for
17 individuals needing treatment for multiple substance use disorders
18 simultaneously.

19 (7) State agencies shall review and promote positive outcomes
20 associated with the accountable communities of health funded opioid
21 projects and local law enforcement and human services opioid
22 collaborations as set forth in the Washington state interagency
23 opioid working plan.

24 (8) The authority shall partner with the department of social and
25 health services and other state agencies to create a program to
26 connect certified peer counselors with individuals who have had a
27 nonfatal overdose within forty-eight hours of the overdose.

28 **Sec. 11.** RCW 71.24.595 and 2017 c 297 s 16 are each amended to
29 read as follows:

30 (1) To achieve more medication options, the authority shall work
31 with the department of health and the authority's medicaid managed
32 care organizations, to eliminate barriers and promote access to all
33 effective medications known to address opioid use disorders at state-
34 certified opioid treatment programs. Medications should include, but
35 not be limited to: Methadone, buprenorphine, and naltrexone. The
36 authority shall encourage the distribution of naloxone to patients
37 who are at risk of an opioid overdose.

38 (2) The department, in consultation with opioid treatment program
39 service providers and counties and cities, shall establish statewide

1 treatment standards for certified opioid treatment programs. The
2 department shall enforce these treatment standards. The treatment
3 standards shall include, but not be limited to, reasonable provisions
4 for all appropriate and necessary medical procedures, counseling
5 requirements, urinalysis, and other suitable tests as needed to
6 ensure compliance with this chapter.

7 ~~((+2))~~ (3) The department, in consultation with opioid treatment
8 programs and counties, shall establish statewide operating standards
9 for certified opioid treatment programs. The department shall enforce
10 these operating standards. The operating standards shall include, but
11 not be limited to, reasonable provisions necessary to enable the
12 department and counties to monitor certified and licensed opioid
13 treatment programs for compliance with this chapter and the treatment
14 standards authorized by this chapter and to minimize the impact of
15 the opioid treatment programs upon the business and residential
16 neighborhoods in which the program is located.

17 ~~((+3))~~ (4) The department shall analyze and evaluate the data
18 submitted by each treatment program and take corrective action where
19 necessary to ensure compliance with the goals and standards
20 enumerated under this chapter. Opioid treatment programs are subject
21 to the oversight required for other substance use disorder treatment
22 programs, as described in this chapter.

23 NEW SECTION. **Sec. 12.** A new section is added to chapter 71.24
24 RCW to read as follows:

25 By October 1, 2018, the authority shall work with the department
26 of health, the accountable communities of health, and community
27 stakeholders to develop a plan for the coordinated purchasing and
28 distribution of opioid overdose reversal medication across the state
29 of Washington. The plan shall be developed in consultation with the
30 University of Washington's alcohol and drug abuse institute and
31 community agencies participating in the federal demonstration grant
32 titled Washington state project to prevent prescription drug or
33 opioid overdose.

34 NEW SECTION. **Sec. 13.** A new section is added to chapter 71.24
35 RCW to read as follows:

36 (1) The authority shall work with the department of health,
37 contracted opioid hub and spoke networks, accountable communities of
38 health, and drug task forces to develop a strategy to support rapid

1 response teams to be deployed, within a short period of time, to
2 communities identified as having a high number of fentanyl-related or
3 other opioid-related overdoses, by local drug task forces, public
4 health departments, or other local, regional, or state surveillance
5 methods. The teams may be deployed in medical clinics, hospital
6 emergency departments, or other community emergency response centers,
7 and are expected to increase the capacity of medication-assisted
8 treatment therapy prescribing and inductions. Team members may
9 include, but are not limited to, nurse care managers, peers or care
10 navigators, drug task forces, opioid treatment program clinicians,
11 and medication-assisted treatment prescribers. The teams shall set
12 goals around continued access to medication therapy for patients once
13 the emergency is stabilized.

14 (2) The authority shall work with the department of health to
15 reduce barriers and promote medication treatment therapies for opioid
16 use disorder in emergency departments and same-day referrals to
17 opioid treatment programs, substance use disorder treatment
18 facilities, and community-based medication treatment prescribers for
19 individuals experiencing an overdose.

20 **PART III**

21 **Sec. 14.** RCW 70.225.010 and 2007 c 259 s 42 are each amended to
22 read as follows:

23 The definitions in this section apply throughout this chapter
24 unless the context clearly requires otherwise.

25 (1) "Controlled substance" has the meaning provided in RCW
26 69.50.101.

27 (2) "Department" means the department of health.

28 (3) "Patient" means the person or animal who is the ultimate user
29 of a drug for whom a prescription is issued or for whom a drug is
30 dispensed.

31 (4) "Dispenser" means a practitioner or pharmacy that delivers a
32 Schedule II, III, IV, or V controlled substance to the ultimate user,
33 but does not include:

34 (a) A practitioner or other authorized person who administers, as
35 defined in RCW 69.41.010, a controlled substance; or

36 (b) A licensed wholesale distributor or manufacturer, as defined
37 in chapter 18.64 RCW, of a controlled substance.

1 (5) "Prescriber" means any person authorized to order or
2 prescribe legend drugs or schedule II, III, IV, or V controlled
3 substances to the ultimate user.

4 (6) "Requestor" means any person or entity requesting, accessing,
5 or receiving information from the prescription monitoring program
6 under RCW 70.225.040 (3), (4), or (5).

7 **Sec. 15.** RCW 70.225.040 and 2017 c 297 s 9 are each amended to
8 read as follows:

9 (1) ~~((Prescription))~~ All information submitted to the
10 ~~((department—must—be))~~ prescription monitoring program is
11 confidential, ~~((in—compliance—with))~~ exempt from public inspection,
12 copying, and disclosure under chapter 42.56 RCW, not subject to
13 subpoena or discovery in any civil action, and protected under
14 chapter 70.02 RCW and federal health care information privacy
15 requirements ~~((and not subject to disclosure))~~, except as provided in
16 subsections (3), (4), and (5) of this section. Such confidentiality
17 and exemption from disclosure continues whenever information from the
18 prescription monitoring program is provided to a requestor under
19 subsection (3), (4), or (5) of this section.

20 (2) The department must maintain procedures to ensure that the
21 privacy and confidentiality of ~~((patients—and—patient))~~ all
22 information collected, recorded, transmitted, and maintained
23 including, but not limited to, the prescriber, requestor, dispenser,
24 patient, and persons who received prescriptions from dispensers, is
25 not disclosed to persons except as in subsections (3), (4), and (5)
26 of this section.

27 (3) The department may provide data in the prescription
28 monitoring program to the following persons:

29 (a) Persons authorized to prescribe or dispense controlled
30 substances or legend drugs, for the purpose of providing medical or
31 pharmaceutical care for their patients;

32 (b) An individual who requests the individual's own prescription
33 monitoring information;

34 (c) Health professional licensing, certification, or regulatory
35 agency or entity;

36 (d) Appropriate law enforcement or prosecutorial officials,
37 including local, state, and federal officials and officials of
38 federally recognized tribes, who are engaged in a bona fide specific
39 investigation involving a designated person;

- 1 (e) Authorized practitioners of the department of social and
2 health services and the health care authority regarding medicaid
3 program recipients;
- 4 (f) The director or the director's designee within the health
5 care authority regarding medicaid clients and members of the health
6 care authority self-funded or self-insured health plans for the
7 purposes of quality improvement, patient safety, and care
8 coordination. The information may not be used for contracting or
9 value-based purchasing decisions;
- 10 (g) The director or director's designee within the department of
11 labor and industries regarding workers' compensation claimants;
- 12 (h) The director or the director's designee within the department
13 of corrections regarding offenders committed to the department of
14 corrections;
- 15 (i) Other entities under grand jury subpoena or court order;
- 16 (j) Personnel of the department for purposes of:
- 17 (i) Assessing prescribing practices, including controlled
18 substances related to mortality and morbidity;
- 19 (ii) Providing quality improvement feedback to (~~providers~~)
20 prescribers, including comparison of their respective data to
21 aggregate data for (~~providers~~) prescribers with the same type of
22 license and same specialty; and
- 23 (iii) Administration and enforcement of this chapter or chapter
24 69.50 RCW;
- 25 (k) Personnel of a test site that meet the standards under RCW
26 70.225.070 pursuant to an agreement between the test site and a
27 person identified in (a) of this subsection to provide assistance in
28 determining which medications are being used by an identified patient
29 who is under the care of that person;
- 30 (l) A health care facility or entity for the purpose of providing
31 medical or pharmaceutical care to the patients of the facility or
32 entity, or for quality improvement purposes if:
- 33 (i) The facility or entity is licensed by the department or is
34 licensed or certified under chapter 71.24, 71.34, 71.05, or 70.96A
35 RCW or is an entity deemed for purposes of chapter 71.24 RCW to meet
36 state minimum standards as a result of accreditation by a recognized
37 behavioral health accrediting body, or is operated by the federal
38 government or a federally recognized Indian tribe; and
- 39 (ii) The facility or entity is a trading partner with the state's
40 health information exchange;

1 (m) A health care provider group of five or more (~~providers~~)
2 prescribers or dispensers for purposes of providing medical or
3 pharmaceutical care to the patients of the provider group, or for
4 quality improvement purposes if:

5 (i) All the (~~providers~~) prescribers or dispensers in the
6 provider group are licensed by the department or the provider group
7 is operated by the federal government or a federally recognized
8 Indian tribe; and

9 (ii) The provider group is a trading partner with the state's
10 health information exchange;

11 (n) The local health officer of a local health jurisdiction for
12 the purposes of patient follow-up and care coordination following a
13 controlled substance overdose event. For the purposes of this
14 subsection "local health officer" has the same meaning as in RCW
15 70.05.010; and

16 (o) The coordinated care electronic tracking program developed in
17 response to section 213, chapter 7, Laws of 2012 2nd sp. sess.,
18 commonly referred to as the seven best practices in emergency
19 medicine, for the purposes of providing:

20 (i) Prescription monitoring program data to emergency department
21 personnel when the patient registers in the emergency department; and

22 (ii) Notice to providers, appropriate care coordination staff,
23 and prescribers listed in the patient's prescription monitoring
24 program record that the patient has experienced a controlled
25 substance overdose event. The department shall determine the content
26 and format of the notice in consultation with the Washington state
27 hospital association, Washington state medical association, and
28 Washington state health care authority, and the notice may be
29 modified as necessary to reflect current needs and best practices.

30 (4) The department shall, on at least a quarterly basis, and
31 pursuant to a schedule determined by the department, provide a
32 facility or entity identified under subsection (3)(1) of this section
33 or a provider group identified under subsection (3)(m) of this
34 section with facility or entity and individual prescriber information
35 if the facility, entity, or provider group:

36 (a) Uses the information only for internal quality improvement
37 and individual prescriber quality improvement feedback purposes and
38 does not use the information as the sole basis for any medical staff
39 sanction or adverse employment action; and

1 (b) Provides to the department a standardized list of current
2 prescribers of the facility, entity, or provider group. The specific
3 facility, entity, or provider group information provided pursuant to
4 this subsection and the requirements under this subsection must be
5 determined by the department in consultation with the Washington
6 state hospital association, Washington state medical association, and
7 Washington state health care authority, and may be modified as
8 necessary to reflect current needs and best practices.

9 (5)(a) The department may publish or provide data to public or
10 private entities for statistical, research, or educational purposes
11 after removing information that could be used directly or indirectly
12 to identify individual patients, requestors, dispensers, prescribers,
13 and persons who received prescriptions from dispensers. Indirect
14 patient identifiers may be provided for research that has been
15 approved by the Washington state institutional review board and by
16 the department through a data-sharing agreement.

17 (b)(i) The department may provide dispenser and prescriber data
18 and data that includes indirect patient identifiers to the Washington
19 state hospital association for use solely in connection with its
20 coordinated quality improvement program maintained under RCW
21 43.70.510 after entering into a data use agreement as specified in
22 RCW 43.70.052(8) with the association.

23 (ii) For the purposes of this subsection, "indirect patient
24 identifiers" means data that may include: Hospital or provider
25 identifiers, a five-digit zip code, county, state, and country of
26 resident; dates that include month and year; age in years; and race
27 and ethnicity; but does not include the patient's first name; middle
28 name; last name; social security number; control or medical record
29 number; zip code plus four digits; dates that include day, month, and
30 year; or admission and discharge date in combination.

31 (6) Persons authorized in subsections (3), (4), and (5) of this
32 section to receive data in the prescription monitoring program from
33 the department, acting in good faith, are immune from any civil,
34 criminal, disciplinary, or administrative liability that might
35 otherwise be incurred or imposed for acting under this chapter.

36 **Sec. 16.** RCW 70.225.020 and 2013 c 36 s 2 and 2013 C 19 S 126
37 are each reenacted and amended to read as follows:

38 (1) The department shall establish and maintain a prescription
39 monitoring program to monitor the prescribing and dispensing of all

1 Schedules II, III, IV, and V controlled substances and any additional
2 drugs identified by the pharmacy quality assurance commission as
3 demonstrating a potential for abuse by all professionals licensed to
4 prescribe or dispense such substances in this state. The program
5 shall be designed to improve health care quality and effectiveness by
6 reducing abuse of controlled substances, reducing duplicative
7 prescribing and overprescribing of controlled substances, and
8 improving controlled substance prescribing practices with the intent
9 of eventually establishing an electronic database available in real
10 time to dispensers and prescribers of controlled substances. As much
11 as possible, the department should establish a common database with
12 other states. This program's management and operations shall be
13 funded entirely from the funds in the account established under RCW
14 74.09.215. Nothing in this chapter prohibits voluntary contributions
15 from private individuals and business entities as defined under Title
16 23, 23B, 24, or 25 RCW to assist in funding the prescription
17 monitoring program.

18 (2) Except as provided in subsection (4) of this section, each
19 dispenser shall submit to the department by electronic means
20 information regarding each prescription dispensed for a drug included
21 under subsection (1) of this section. Drug prescriptions for more
22 than one day use should be reported. The information submitted for
23 each prescription shall include, but not be limited to:

- 24 (a) Patient identifier;
- 25 (b) Drug dispensed;
- 26 (c) Date of dispensing;
- 27 (d) Quantity dispensed;
- 28 (e) Prescriber; and
- 29 (f) Dispenser.

30 (3) Each dispenser shall submit the information in accordance
31 with transmission methods established by the department, not later
32 than one business day from the date of dispensing.

33 (4) The data submission requirements of subsections (1) through
34 (3) of this section do not apply to:

- 35 (a) Medications provided to patients receiving inpatient services
36 provided at hospitals licensed under chapter 70.41 RCW; or patients
37 of such hospitals receiving services at the clinics, day surgery
38 areas, or other settings within the hospital's license where the
39 medications are administered in single doses;

1 (b) Pharmacies operated by the department of corrections for the
2 purpose of providing medications to offenders in department of
3 corrections institutions who are receiving pharmaceutical services
4 from a department of corrections pharmacy, except that the department
5 of corrections must submit data related to each offender's current
6 prescriptions for controlled substances upon the offender's release
7 from a department of corrections institution; or

8 (c) Veterinarians licensed under chapter 18.92 RCW. The
9 department, in collaboration with the veterinary board of governors,
10 shall establish alternative data reporting requirements for
11 veterinarians that allow veterinarians to report:

12 (i) By either electronic or nonelectronic methods;

13 (ii) Only those data elements that are relevant to veterinary
14 practices and necessary to accomplish the public protection goals of
15 this chapter; and

16 (iii) No more frequently than once every three months and no less
17 frequently than once every six months.

18 (5) The department shall continue to seek federal grants to
19 support the activities described in chapter 259, Laws of 2007. The
20 department may not require a practitioner or a pharmacist to pay a
21 fee or tax specifically dedicated to the operation and management of
22 the system.

23 NEW SECTION. **Sec. 17.** A new section is added to chapter 70.225
24 RCW to read as follows:

25 (1) A vendor that sells a federally certified electronic health
26 records system for use in the state of Washington must ensure their
27 system can integrate with the prescription monitoring program
28 utilizing the state health information exchange by December 1, 2018.
29 The vendor may not charge an ongoing fee or a fee based on the number
30 of transactions or providers using such integration by one of their
31 customers, and total costs of connection must not impose an
32 unreasonable burden on the provider utilizing the electronic health
33 record. For the purposes of this section, "fully integrate" means
34 that the electronic health record system must:

35 (a) Send information to the prescription monitoring program
36 without physician intervention using one of the standard transmission
37 and content standards supported by the state health information
38 exchange for all controlled substances;

1 (b) Make current information from the prescription monitoring
2 program available to a provider within the workflow of the electronic
3 health records system; and

4 (c) Make information available in a way that is unlikely to
5 interfere with, prevent, or materially discourage access, exchange,
6 or use of electronic health information, in accordance with the
7 information blocking provisions of the federal 21st century cures
8 act, P.L. 114-255.

9 (2) A facility or entity identified in RCW 70.225.040(3)(1) or
10 provider group identified in RCW 70.225.040(3)(m) must demonstrate
11 that the facility's or entity's federally certified electronic health
12 record is able to use the state health information exchange to fully
13 integrate data to and from the prescription monitoring program,
14 confirmed by the state health information exchange by:

15 (a) January 1, 2019, if their federally certified electronic
16 health records system vendor is able to comply with subsection (1) of
17 this section by December 1, 2018; or

18 (b) January 1, 2020, if their federally certified electronic
19 health records system vendor is not able to comply with subsection
20 (1) of this section by December 1, 2018.

21 (3) A facility, entity, or provider group required to fully
22 integrate its electronic health records with data to and from the
23 prescription monitoring program under this section shall provide
24 annual progress reports to the department and the health care
25 authority beginning January 1, 2019. The requirement to provide
26 annual reports ends when integration is complete as confirmed by the
27 state health information exchange.

28 **Sec. 18.** RCW 70.168.090 and 2010 c 52 s 5 are each amended to
29 read as follows:

30 (1)(a) By July 1991, the department shall establish a statewide
31 data registry to collect and analyze data on the incidence, severity,
32 and causes of trauma, including traumatic brain injury. The
33 department shall collect additional data on traumatic brain injury
34 should additional data requirements be enacted by the legislature.
35 The registry shall be used to improve the availability and delivery
36 of prehospital and hospital trauma care services. Specific data
37 elements of the registry shall be defined by rule by the department.
38 To the extent possible, the department shall coordinate data
39 collection from hospitals for the trauma registry with the health

1 care data system authorized in chapter 70.170 RCW. Every hospital,
2 facility, or health care provider authorized to provide level I, II,
3 III, IV, or V trauma care services, level I, II, or III pediatric
4 trauma care services, level I, level I-pediatric, II, or III trauma-
5 related rehabilitative services, and prehospital trauma-related
6 services in the state shall furnish data to the registry. All other
7 hospitals and prehospital providers shall furnish trauma data as
8 required by the department by rule.

9 (b) The department may respond to requests for data and other
10 information from the registry for special studies and analysis
11 consistent with requirements for confidentiality of patient and
12 quality assurance records. The department may require requestors to
13 pay any or all of the reasonable costs associated with such requests
14 that might be approved.

15 (2) By July 1, 2019, the department shall establish a statewide
16 electronic emergency medical services data system and adopt rules
17 requiring that every licensed ambulance and aid service report and
18 furnish patient encounter data to the electronic emergency medical
19 services data system managed by the department. The data system must
20 be used to improve the availability and delivery of prehospital
21 emergency medical services. Specific data elements of the data system
22 and secure transport method, such as the state health information
23 exchange, shall be defined by rule by the department, and must
24 include data on fatal and nonfatal overdoses or drug poisoning.

25 (3) In each emergency medical services and trauma care planning
26 and service region, a regional emergency medical services and trauma
27 care systems quality assurance program shall be established by those
28 facilities authorized to provide levels I, II, and III trauma care
29 services. The systems quality assurance program shall evaluate trauma
30 care delivery, patient care outcomes, and compliance with the
31 requirements of this chapter. The systems quality assurance program
32 may also evaluate emergency cardiac and stroke care delivery. The
33 emergency medical services medical program director and all other
34 health care providers and facilities who provide trauma and emergency
35 cardiac and stroke care services within the region shall be invited
36 to participate in the regional emergency medical services and trauma
37 care quality assurance program.

38 ~~((3))~~ (4) Data elements related to the identification of
39 individual patient's, provider's and facility's care outcomes shall
40 be confidential, shall be exempt from RCW 42.56.030 through 42.56.570

1 and 42.17.350 through 42.17.450, and shall not be subject to
2 discovery by subpoena or admissible as evidence.

3 ~~((4))~~ (5) Patient care quality assurance proceedings, records,
4 and reports developed pursuant to this section are confidential,
5 exempt from chapter 42.56 RCW, and are not subject to discovery by
6 subpoena or admissible as evidence. In any civil action, except,
7 after in camera review, pursuant to a court order which provides for
8 the protection of sensitive information of interested parties
9 including the department: (a) In actions arising out of the
10 department's designation of a hospital or health care facility
11 pursuant to RCW 70.168.070; (b) in actions arising out of the
12 department's revocation or suspension of designation status of a
13 hospital or health care facility under RCW 70.168.070; (c) in actions
14 arising out of the department's licensing or verification of an
15 ambulance or aid service pursuant to RCW 18.73.030 or 70.168.080; (d)
16 in actions arising out of the certification of a medical program
17 director pursuant to RCW 18.71.212; or ~~((e))~~ (e) in actions arising
18 out of the restriction or revocation of the clinical or staff
19 privileges of a health care provider as defined in RCW 7.70.020 (1)
20 and (2), subject to any further restrictions on disclosure in RCW
21 4.24.250 that may apply. Information that identifies individual
22 patients shall not be publicly disclosed without the patient's
23 consent.

24 NEW SECTION. **Sec. 19.** A new section is added to chapter 74.09
25 RCW to read as follows:

26 (1) By October 2018, the health care authority shall develop and
27 recommend for coverage nonpharmacologic treatments for chronic
28 noncancer pain and shall report to the governor and the appropriate
29 committees of the legislature, including any requests for funding
30 necessary to implement the recommendations under this section. The
31 recommendations must contain the following elements:

32 (a) A list of chronic, acute, and subacute conditions for which
33 nonpharmacologic treatments will be covered;

34 (b) A list of which nonpharmacologic treatments will be covered
35 for each chronic condition specified as eligible for coverage;

36 (c) Recommendations as to the duration, amount, and type of
37 treatment eligible for coverage by condition;

38 (d) A financial model that is scalable based on the types of
39 conditions covered and the amount of allowed services per condition;

1 (e) Guidance on the type of providers eligible to provide these
2 treatments; and

3 (f) Recommendations regarding the need to add any provider types
4 to the list of currently eligible medicaid provider types.

5 (2) The health care authority shall ensure only treatments that
6 are supported by evidence for the treatment of the specific chronic,
7 acute, and subacute pain conditions listed will be eligible for
8 coverage recommendations.

9 NEW SECTION. **Sec. 20.** A new section is added to chapter 18.64
10 RCW to read as follows:

11 A pharmacist may partially fill a prescription for a schedule II
12 controlled substance, if the partial fill is requested by the patient
13 or the prescribing practitioner and the total quantity dispensed in
14 all partial fillings does not exceed the quantity prescribed.

15 NEW SECTION. **Sec. 21.** A new section is added to chapter 69.50
16 RCW to read as follows:

17 (1) Any practitioner authorized to prescribe opiates who writes a
18 prescription for an opioid for the first time during the course of
19 treatment to any patient shall have an in-person discussion with the
20 patient that includes:

21 (a) The risks of opioids, including risk of dependence and
22 overdose;

23 (b) Pain management alternatives to opioids, including nonopioid
24 pharmacological treatments, and nonpharmacological treatments
25 available to the patient, at the discretion of the practitioner and
26 based on the medical condition of the patient; and

27 (c) A written copy of the warning language provided by the
28 department under section 22 of this act.

29 (2) If the patient is under eighteen years old or is not
30 competent, the in-person discussion required by subsection (1) of
31 this section must include the patient's parent, guardian, or the
32 person identified in RCW 7.70.065, unless otherwise provided by law.

33 (3) The practitioner shall document completion of the
34 requirements in subsection (1) of this section in the patient's
35 health care record.

36 (4) To fulfill the requirements of subsection (1) of this
37 section, a practitioner may designate any individual who holds a

1 credential issued by a disciplining authority under RCW 18.130.040 to
2 conduct the in-person discussion.

3 (5) Violation of this section constitutes unprofessional conduct
4 under chapter 18.130 RCW.

5 (6) This section does not apply to opioid prescriptions:

6 (a) Issued for the treatment of pain associated with terminal
7 cancer or other terminal diseases, or for palliative, hospice, or
8 other end-of-life care of where the practitioner, in consultation
9 with another qualified practitioner, determines the health, well-
10 being, or care of the patient would be compromised by the
11 requirements of this section and documents such basis for the
12 determination in the patient's health care record; or

13 (b) That result in the administration of an opioid in an
14 inpatient or outpatient treatment setting.

15 (7) For purposes of this section, "opioid" has the same meaning
16 as "opiate" in RCW 69.50.101. It does not include opioid overdose
17 reversal medications or medications approved by the federal food and
18 drug administration for the treatment of opioid use disorder.

19 NEW SECTION. **Sec. 22.** A new section is added to chapter 43.70
20 RCW to read as follows:

21 (1) The department shall create a statement warning individuals
22 about the risks of opioid use and abuse and provide information about
23 safe disposal of opioids. The department shall provide the warning on
24 its web site.

25 (2) On an annual basis, the department shall review the science,
26 data, and best practices around the use of opioids and their
27 associated risks. As evidence and best practices evolve, the
28 department shall update its warning to reflect these changes.

29 NEW SECTION. **Sec. 23.** A new section is added to chapter 18.22
30 RCW to read as follows:

31 Beginning January 1, 2019, in order to prescribe an opioid in
32 Washington state, a podiatric physician must:

33 (1) Complete a one-time continuing education regarding best
34 practices in the prescribing of opioids. The continuing education
35 must be at least one hour in length. The board may adopt additional
36 continuing education requirements related to the prescribing of
37 opioids; and

1 (2) Following the issuance of an initial license to practice
2 podiatry in this state or at the time of renewal of a license:

3 (a) Register to access the prescription monitoring program or
4 demonstrate proof of having registered to access the prescription
5 monitoring program; and

6 (b) Sign an attestation that the podiatric physician has reviewed
7 the rules adopted for prescribing opioids as required by RCW
8 18.22.800.

9 NEW SECTION. **Sec. 24.** A new section is added to chapter 18.32
10 RCW to read as follows:

11 Beginning January 1, 2019, in order to prescribe an opioid in
12 Washington state, a dentist must:

13 (1) Complete a one-time continuing education regarding best
14 practices in the prescribing of opioids. The continuing education
15 must be at least one hour in length. The commission may adopt
16 additional continuing education requirements related to the
17 prescribing of opioids; and

18 (2) Following the issuance of an initial license to practice
19 dentistry in this state or at the time of renewal of a license:

20 (a) Register to access the prescription monitoring program or
21 demonstrate proof of having registered to access the prescription
22 monitoring program; and

23 (b) Sign an attestation that the dentist has reviewed the rules
24 adopted for prescribing opioids as required by RCW 18.32.800.

25 NEW SECTION. **Sec. 25.** A new section is added to chapter 18.57
26 RCW to read as follows:

27 Beginning January 1, 2019, in order to prescribe an opioid in
28 Washington state, an osteopathic physician must:

29 (1) Complete a one-time continuing education regarding best
30 practices in the prescribing of opioids. The continuing education
31 must be at least one hour in length. The board may adopt additional
32 continuing education requirements related to the prescribing of
33 opioids; and

34 (2) Following the issuance of an initial license to practice
35 osteopathic medicine in this state or at the time of renewal of a
36 license:

1 (a) Register to access the prescription monitoring program or
2 demonstrate proof of having registered to access the prescription
3 monitoring program; and

4 (b) Sign an attestation that the osteopathic physician has
5 reviewed the rules adopted for prescribing opioids as required by RCW
6 18.57.800.

7 NEW SECTION. **Sec. 26.** A new section is added to chapter 18.57A
8 RCW to read as follows:

9 Beginning January 1, 2019, in order to prescribe an opioid in
10 Washington state, an osteopathic physician assistant that is
11 specifically authorized to prescribe opioids must:

12 (1) Complete a one-time continuing education regarding best
13 practices in the prescribing of opioids. The continuing education
14 must be at least one hour in length. The board may adopt additional
15 continuing education requirements related to the prescribing of
16 opioids; and

17 (2) Following the issuance of an initial license as an
18 osteopathic physician assistant in this state or at the time of
19 renewal of a license:

20 (a) Register to access the prescription monitoring program or
21 demonstrate proof of having registered to access the prescription
22 monitoring program; and

23 (b) Sign an attestation that the osteopathic physician assistant
24 has reviewed the rules adopted for prescribing opioids as required by
25 RCW 18.57A.800.

26 NEW SECTION. **Sec. 27.** A new section is added to chapter 18.71
27 RCW to read as follows:

28 Beginning January 1, 2019, in order to prescribe an opioid in
29 Washington state, a physician must:

30 (1) Complete a one-time continuing education regarding best
31 practices in the prescribing of opioids. The continuing education
32 must be at least one hour in length. The commission may adopt
33 additional continuing education requirements related to the
34 prescribing of opioids; and

35 (2) Following the issuance of an initial license to practice
36 medicine in this state or at the time of renewal of a license:

1 (a) Register to access the prescription monitoring program or
2 demonstrate proof of having registered to access the prescription
3 monitoring program; and

4 (b) Sign an attestation that the physician has reviewed the rules
5 adopted for prescribing opioids as required by RCW 18.71.800.

6 NEW SECTION. **Sec. 28.** A new section is added to chapter 18.71A
7 RCW to read as follows:

8 Beginning January 1, 2019, in order to prescribe an opioid in
9 Washington state, a physician assistant that is specifically
10 authorized to prescribe opioids must:

11 (1) Complete a one-time continuing education regarding best
12 practices in the prescribing of opioids. The continuing education
13 must be at least one hour in length. The commission may adopt
14 additional continuing education requirements related to the
15 prescribing of opioids; and

16 (2) Following the issuance of an initial license as a physician
17 assistant in this state or at the time of renewal of a license:

18 (a) Register to access the prescription monitoring program or
19 demonstrate proof of having registered to access the prescription
20 monitoring program; and

21 (b) Sign an attestation that the physician assistant has reviewed
22 the rules adopted for prescribing opioids as required by RCW
23 18.71A.800.

24 NEW SECTION. **Sec. 29.** A new section is added to chapter 18.79
25 RCW to read as follows:

26 Beginning January 1, 2019, in order to prescribe an opioid in
27 Washington state, an advanced registered nurse practitioner licensed
28 to prescribe opioids must:

29 (1) Complete a one-time continuing education regarding best
30 practices in the prescribing of opioids. The continuing education
31 must be at least one hour in length. The commission may adopt
32 additional continuing education requirements related to the
33 prescribing of opioids; and

34 (2) Following the issuance of an initial license as an advanced
35 registered nurse practitioner in this state or at the time of renewal
36 of a license:

1 (a) Register to access the prescription monitoring program or
2 demonstrate proof of having registered to access the prescription
3 monitoring program; and

4 (b) Sign an attestation that the advanced registered nurse
5 practitioner has reviewed the rules adopted for prescribing opioids
6 as required by RCW 18.79.800.

7 NEW SECTION. **Sec. 30.** A new section is added to chapter 43.70
8 RCW to read as follows:

9 The secretary shall be responsible for coordinating the statewide
10 response to the opioid epidemic.

11 **Sec. 31.** RCW 70.41.480 and 2015 c 234 s 1 are each amended to
12 read as follows:

13 (1) The legislature finds that high quality, safe, and
14 compassionate health care services for patients of Washington state
15 must be available at all times. The legislature further finds that
16 there is a need for patients being released from hospital emergency
17 departments to maintain access to emergency medications when
18 community or hospital pharmacy services are not available. It is the
19 intent of the legislature to accomplish this objective by allowing
20 practitioners with prescriptive authority to prescribe limited
21 amounts of prepackaged emergency medications to patients being
22 discharged from hospital emergency departments when access to
23 community or outpatient hospital pharmacy services is not otherwise
24 available.

25 (2) A hospital may allow a practitioner to prescribe prepackaged
26 emergency medications and allow a practitioner or a registered nurse
27 licensed under chapter 18.79 RCW to distribute prepackaged emergency
28 medications to patients being discharged from a hospital emergency
29 department in the following circumstances:

30 (a) During times when community or outpatient hospital pharmacy
31 services are not available within fifteen miles by road ((~~or~~));

32 (b) When, in the judgment of the practitioner and consistent with
33 hospital policies and procedures, a patient has no reasonable ability
34 to reach the local community or outpatient pharmacy; or

35 (c) When, in the judgment of the practitioner and consistent with
36 hospital policies and procedures, a patient is at risk of opioid
37 overdose and the prepackaged emergency medication being distributed
38 is an opioid overdose reversal medication.

1 (3) A hospital may only allow this practice if: The director of
2 the hospital pharmacy, in collaboration with appropriate hospital
3 medical staff, develops policies and procedures regarding the
4 following:

5 (a) Development of a list, preapproved by the pharmacy director,
6 of the types of emergency medications to be prepackaged and
7 distributed;

8 (b) Assurances that emergency medications to be prepackaged
9 pursuant to this section are prepared by a pharmacist or under the
10 supervision of a pharmacist licensed under chapter 18.64 RCW;

11 (c) Development of specific criteria under which emergency
12 prepackaged medications may be prescribed and distributed consistent
13 with the limitations of this section;

14 (d) Assurances that any practitioner authorized to prescribe
15 prepackaged emergency medication or any nurse authorized to
16 distribute prepackaged emergency medication is trained on the types
17 of medications available and the circumstances under which they may
18 be distributed;

19 (e) Procedures to require practitioners intending to prescribe
20 prepackaged emergency medications pursuant to this section to
21 maintain a valid prescription either in writing or electronically in
22 the patient's records prior to a medication being distributed to a
23 patient;

24 (f) Establishment of a limit of no more than a forty-eight hour
25 supply of emergency medication as the maximum to be dispensed to a
26 patient, except when community or hospital pharmacy services will not
27 be available within forty-eight hours. In no case may the policy
28 allow a supply exceeding ninety-six hours be dispensed;

29 (g) Assurances that prepackaged emergency medications will be
30 kept in a secure location in or near the emergency department in such
31 a manner as to preclude the necessity for entry into the pharmacy;
32 and

33 (h) Assurances that nurses or practitioners will distribute
34 prepackaged emergency medications to patients only after a
35 practitioner has counseled the patient on the medication.

36 (~~(3)~~) (4) The delivery of a single dose of medication for
37 immediate administration to the patient is not subject to the
38 requirements of this section.

39 (~~(4)~~) (5) For purposes of this section:

1 (a) "Emergency medication" means any medication commonly
2 prescribed to emergency room patients, including those drugs,
3 substances or immediate precursors listed in schedules II through V
4 of the uniform controlled substances act, chapter 69.50 RCW, as now
5 or hereafter amended.

6 (b) "Distribute" means the delivery of a drug or device other
7 than by administering or dispensing.

8 (c) "Practitioner" means any person duly authorized by law or
9 rule in the state of Washington to prescribe drugs as defined in RCW
10 18.64.011(~~(+24)~~) (29).

11 (d) "Nurse" means a registered nurse as defined in RCW 18.79.020.

12 NEW SECTION. **Sec. 32.** Sections 2 through 5 of this act take
13 effect only if neither Substitute House Bill No. 1388 (including any
14 later amendments or substitutes) nor Substitute Senate Bill No. 5259
15 (including any later amendments or substitutes) is signed into law by
16 the governor by the effective date of this section.

17 NEW SECTION. **Sec. 33.** Sections 10 through 13 of this act take
18 effect only if Substitute House Bill No. 1388 (including any later
19 amendments or substitutes) or Substitute Senate Bill No. 5259
20 (including any later amendments or substitutes) is signed into law by
21 the governor by the effective date of this section.
