36 **Sec. 2.** RCW 80.36.650 and 2016 c 145 s 1 are each amended to
37 read as follows:

38 (1) A state universal communications services program is
39 established. The program is established to protect public safety and

1 welfare under the authority of the state to regulate
2 telecommunications under Article XII, section 19 of the state
3 Constitution. The purpose of the program is to support continued
4 provision of basic telecommunications services under rates, terms,
5 and conditions established by the commission (~~during the time over~~
6 ~~which incumbent communications providers in the state are adapting to~~
7 ~~changes in federal universal service fund and intercarrier~~
8 ~~compensation support~~) and the provision, enhancement, and
9 maintenance of broadband services, recognizing that the incumbent
10 public network functions to provide all communications services
11 including, but not limited to, voice and broadband services.

12 (2) Under the program, eligible communications providers may
13 receive distributions from the universal communications services
14 account created in RCW 80.36.690 in exchange for the affirmative
15 agreement to provide continued telecommunications services under the
16 rates, terms, and conditions established by the commission under this
17 chapter and broadband services for the period covered by the
18 distribution. The commission must implement and administer the
19 program under terms and conditions established in RCW 80.36.630
20 through 80.36.690. Expenditures for the program may not exceed five
21 million dollars per fiscal year; provided, however, that if less than
22 five million dollars is expended in any fiscal year, the unexpended
23 portion must be carried over to subsequent fiscal years and, unless
24 fully expended, must be available for program expenditures in such
25 subsequent fiscal years in addition to the five million dollars
26 allotted for each of those subsequent fiscal years.

27 (3) A communications provider is eligible to receive
28 distributions from the account if:

29 (a) The communications provider is: (i) An incumbent local
30 exchange carrier serving fewer than forty thousand access lines in
31 the state; or (ii) a radio communications service company providing
32 wireless two-way voice communications service and broadband services
33 to less than the equivalent of forty thousand access lines in the
34 state. For purposes of determining the access line threshold in this
35 subsection, the access lines or equivalents of all wireline
36 affiliates must be counted as a single threshold, if the lines or
37 equivalents are located in Washington;

38 (b) The (~~customers of the communications provider are at risk of~~
39 ~~rate instability or service interruptions or cessations absent a~~
40 ~~distribution to the provider that will allow the provider to maintain~~

1 ~~rates reasonably close to the benchmark))~~ communications provider has
2 adopted a plan to provide, enhance, or maintain broadband service in
3 its service area; and

4 (c) The communications provider meets any other requirements
5 established by the commission pertaining to the provision of
6 communications services, including basic telecommunications services.

7 (4)(a) ~~Distributions to eligible communications providers are~~
8 ~~based on a ((benchmark established by the commission. The benchmark~~
9 ~~is the rate the commission determines to be a reasonable amount~~
10 ~~customers should pay for basic residential service provided over the~~
11 ~~incumbent public network. However, if an incumbent local exchange~~
12 ~~carrier is charging rates above the benchmark for the basic~~
13 ~~residential service, that provider may not seek distributions from~~
14 ~~the fund for the purpose of reducing those rates to the benchmark))~~
15 formula that includes the loss of revenues from at least the
16 following sources: The amount the provider received in 2012 from the
17 former traditional universal service fund established in commission
18 docket U-85-23, et. al., and administered by the Washington exchange
19 carrier association; plus the cumulative reduction in support from
20 the connect America fund incurred by the provider up through and
21 including the year for which program support is distributed to the
22 provider; and plus reductions to federal high cost loop support and
23 connect America broadband loop support resulting from application of
24 the budget control mechanism of the federal communications
25 commission.

26 (b) If the program does not have sufficient funds to fully fund
27 the distribution formula set out in (a) of this subsection,
28 distributions must be reduced on a pro rata basis using the amounts
29 calculated for that year's program support as the basis of the pro
30 rata calculations.

31 (c) To receive a distribution under the program, an eligible
32 communications provider must affirmatively consent to continue
33 providing communications services to its customers under rates,
34 terms, and conditions established by the commission pursuant to this
35 chapter for the period covered by the distribution.

36 (5) The program is funded from amounts deposited by the
37 legislature in the universal communications services account
38 established in RCW 80.36.690. The commission must operate the program
39 within amounts appropriated for this purpose and deposited in the
40 account.

1 (6) The commission must periodically review the accounts and
2 records of any communications provider that receives distributions
3 under the program to ensure compliance with the program and monitor
4 the providers' use of the funds.

5 ~~((7) The commission must establish an advisory board, consisting
6 of a reasonable balance of representatives from different types of
7 communications providers and consumers, to advise the commission on
8 any rules and policies governing the operation of the program.~~

9 ~~(8) The program terminates on June 30, 2019, and no distributions
10 may be made after that date.~~

11 ~~(9) This section expires July 1, 2020.)~~

13 amended to read as follows:

14 ~~((1))~~ To implement the program, the commission must adopt rules
15 for the following purposes:

16 ~~((a))~~ (1) Operation of the program, including criteria for:
17 Eligibility for distributions; use of the funds; identification of
18 any reports or data that must be filed with the commission,
19 including, but not limited to, how a communication provider used the
20 distributed funds; and the communications provider's infrastructure;

21 ~~((b))~~ (2) Operation of the universal communications services
22 account established in RCW 80.36.690; and

23 ~~((c))~~ (3) Establishment of the ~~((benchmark))~~ formula used to
24 calculate distributions~~((; and~~

25 ~~(d) Readoption, amendment, or repeal of any existing rules
26 adopted pursuant to RCW 80.36.610 and 80.36.620 as necessary to be
27 consistent with RCW 80.36.630 through 80.36.690 and 80.36.610.~~

33 making or filing any reports required by the commission for
34 administration of the program. In addition, the commission may
35 recover amounts determined to have been improperly distributed under
36 RCW 80.36.650. For the purposes of this section, the provisions of
37 RCW 80.04.380 through 80.04.405, inclusive, apply to all companies

1 that receive support from the universal communications services
2 account created in RCW 80.36.690.

4 providing the affected communications provider with notice and an
5 opportunity for a hearing, unless otherwise provided by law.
