JAY INSLEE

Governor of the State of Washington

CERTIFICATE

I, Bernard Dean, Chief Clerk of the House of Representatives of the State of Washington, do hereby certify that the attached is **SUBSTITUTE HOUSE BILL 1234** as passed by House of Representatives and the Senate on the dates hereon set forth.

BERNARD DEAN

Chief Clerk

FILED

May 16, 2017

**Secretary of State
State of Washington**

SUBSTITUTE HOUSE BILL 1234

Passed Legislature - 2017 Regular Session

State of Washington 65th Legislature 2017 Regular Session

By House Health Care & Wellness (originally sponsored by Representatives Robinson, Lytton, Senn, Frame, Doglio, Tarleton, Hansen, Jinkins, Cody, Ortiz-Self, Riccelli, Stambaugh, Macri, Pollet, Tharinger, Clibborn, Stonier, Caldier, Sells, Gregerson, Wylie, Kilduff, McBride, Goodman, Bergquist, Ormsby, Stanford, Slatter, and Kloba)

READ FIRST TIME 02/10/17.

1 AN ACT Relating to private health plan coverage of
2 contraceptives; adding a new section to chapter 48.43 RCW; and
3 creating a new section.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature finds that a significant
6 percentage of pregnancies are unintended and could be averted with
7 broader access to health care and effective contraception. Research
8 suggests that moving from twenty-eight day dispensing of
9 contraceptive drugs to twelve-month dispensing improves adherence to
10 maintenance of the drugs and effective use of the contraceptives. It
11 is therefore the intent of the legislature to require private health
12 insurers to require dispensing of contraceptive drugs with up to a
13 twelve-month supply provided at one time.

14 NEW SECTION. **Sec. 2.** A new section is added to chapter 48.43
15 RCW to read as follows:

16 (1) A health benefit plan issued or renewed on or after January
17 1, 2018, that includes coverage for contraceptive drugs must provide
18 reimbursement for a twelve-month refill of contraceptive drugs
19 obtained at one time by the enrollee, unless the enrollee requests a
20 smaller supply or the prescribing provider instructs that the

1 enrollee must receive a smaller supply. The health plan must allow
2 enrollees to receive the contraceptive drugs on-site at the
3 provider's office, if available. Any dispensing practices required by
4 the plan must follow clinical guidelines for appropriate prescribing
5 and dispensing to ensure the health of the patient while maximizing
6 access to effective contraceptive drugs.

7 (2) Nothing in this section prohibits a health plan from limiting
8 refills that may be obtained in the last quarter of the plan year if
9 a twelve-month supply of the contraceptive drug has already been
10 dispensed during the plan year.

11 (3) For purposes of this section, "contraceptive drugs" means all
12 drugs approved by the United States food and drug administration that
13 are used to prevent pregnancy, including, but not limited to,
14 hormonal drugs administered orally, transdermally, and
15 intravaginally.

Passed by the House March 1, 2017.

Passed by the Senate April 12, 2017.

Approved by the Governor May 16, 2017.

Filed in Office of Secretary of State May 16, 2017.
