HOUSE BILL 2243

---

Passed Legislature - 2017 3rd Special Session

State of Washington                      65th Legislature                      2017 3rd Special Session

By Representatives McCaslin and Barkis

1            AN ACT Relating to the siting of schools and school facilities;  
2 and adding a new section to chapter 36.70A RCW.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4            NEW SECTION.    **Sec. 1.**    A new section is added to chapter 36.70A  
5 RCW to read as follows:

6            (1) This chapter does not prohibit a county planning under RCW  
7 36.70A.040 from authorizing the extension of public facilities and  
8 utilities to serve a school sited in a rural area that serves  
9 students from a rural area and an urban area so long as the following  
10 requirements are met:

11            (a) The applicable school district board of directors has adopted  
12 a policy addressing school service area and facility needs and  
13 educational program requirements;

14            (b) The applicable school district has made a finding, with the  
15 concurrence of the county legislative authority and the legislative  
16 authorities of any affected cities, that the district's proposed site  
17 is suitable to site the school and any associated recreational  
18 facilities that the district has determined cannot reasonably be  
19 collocated on an existing school site, taking into consideration the  
20 policy adopted in (a) of this subsection and the extent to which

1 vacant or developable land within the growth area meets those  
2 requirements;

3 (c) The county and any affected cities agree to the extension of  
4 public facilities and utilities to serve the school sited in a rural  
5 area that serves urban and rural students at the time of concurrence  
6 in (b) of this subsection;

7 (d) If the public facility or utility is extended beyond the  
8 urban growth area to serve a school, the public facility or utility  
9 must serve only the school and the costs of such extension must be  
10 borne by the applicable school district based on a reasonable nexus  
11 to the impacts of the school, except as provided in subsection (3) of  
12 this section; and

13 (e) Any impacts associated with the siting of the school are  
14 mitigated as required by the state environmental policy act, chapter  
15 43.21C RCW.

16 (2) This chapter does not prohibit either the expansion or  
17 modernization of an existing school in the rural area or the  
18 placement of portable classrooms at an existing school in the rural  
19 area.

20 (3) Where a public facility or utility has been extended beyond  
21 the urban growth area to serve a school, the public facility or  
22 utility may, where consistent with RCW 36.70A.110(4), serve a  
23 property or properties in addition to the school if the property  
24 owner so requests, provided that the county and any affected cities  
25 agree with the request and provided that the property is located no  
26 further from the public facility or utility than the distance that,  
27 if the property were within the urban growth area, the property would  
28 be required to connect to the public facility or utility. In such an  
29 instance, the school district may, for a period not to exceed twenty  
30 years, require reimbursement from a requesting property owner for a  
31 proportional share of the construction costs incurred by the school  
32 district for the extension of the public facility or utility.

33 (4) By December 1, 2023, the department shall report to the  
34 governor and the appropriate committees of the legislature about  
35 schools outside of urban growth areas that have been built, are under  
36 construction, or are planned as a result of the requirements of this  
37 act. The report shall include the number, location, and  
38 characteristics of the schools; the number of urban and rural  
39 students served; and a cost analysis of schools built outside of  
40 urban growth boundaries.

Passed by the House June 30, 2017.  
Passed by the Senate June 30, 2017.  
Approved by the Governor July 7, 2017.  
Filed in Office of Secretary of State July 7, 2017.
