SENATE BILL 5413

Passed Legislature - 2017 Regular Session

State of Washington

65th Legislature

2017 Regular Session

By Senators Cleveland, Bailey, and Kuderer; by request of Washington State Medical Commission

Read first time 01/24/17. Referred to Committee on Health Care.

1 AN ACT Relating to physician limited licenses; and amending RCW
2 18.71.095.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 **Sec. 1.** RCW 18.71.095 and 2001 c 114 s 1 are each amended to
5 read as follows:

6 The commission may, without examination, issue a limited license
7 to persons who possess the qualifications set forth herein:

8 (1) The commission may, upon the written request of the secretary
9 of the department of social and health services or the secretary of
10 corrections, issue a limited license to practice medicine in this
11 state to persons who have been accepted for employment by the
12 department of social and health services or the department of
13 corrections as physicians; who are licensed to practice medicine in
14 another state of the United States or in the country of Canada or any
15 province or territory thereof; and who meet all of the qualifications
16 for licensure set forth in RCW 18.71.050.

17 Such license shall permit the holder thereof to practice medicine
18 only in connection with patients, residents, or inmates of the state
19 institutions under the control and supervision of the secretary of
20 the department of social and health services or the department of
21 corrections.

1 (2) The commission may issue a limited license to practice
2 medicine in this state to persons who have been accepted for
3 employment by a county or city health department as physicians; who
4 are licensed to practice medicine in another state of the United
5 States or in the country of Canada or any province or territory
6 thereof; and who meet all of the qualifications for licensure set
7 forth in RCW 18.71.050.

8 Such license shall permit the holder thereof to practice medicine
9 only in connection with his or her duties in employment with the city
10 or county health department.

11 (3) Upon receipt of a completed application showing that the
12 applicant meets all of the requirements for licensure set forth in
13 RCW 18.71.050 except for completion of two years of postgraduate
14 medical training, and that the applicant has been appointed as a
15 resident physician in a program of postgraduate clinical training in
16 this state approved by the commission, the commission may issue a
17 limited license to a resident physician. Such license shall permit
18 the resident physician to practice medicine only in connection with
19 his or her duties as a resident physician and shall not authorize the
20 physician to engage in any other form of practice. Each resident
21 physician shall practice medicine only under the supervision and
22 control of a physician licensed in this state, but such supervision
23 and control shall not be construed to necessarily require the
24 personal presence of the supervising physician at the place where
25 services are rendered.

26 (4)(a) Upon nomination by the dean of (~~the~~) an accredited
27 school of medicine (~~at the University~~) in the state of Washington

31 invited to serve as a teaching-research member of the institution's
32 instructional staff if the sponsoring institution and the applicant
33 give evidence that he or she has graduated from a recognized medical
34 school and has been licensed or otherwise privileged to practice
35 medicine at his or her location of origin. Such license shall permit
36 the recipient to practice medicine only within the confines of the
37 instructional program specified in the application and shall
38 terminate whenever the holder ceases to be involved in that program,
39 or at the end of one year, whichever is earlier. Upon request of the
40 applicant and the institutional authority, the license may be

1 renewed. The holder of a teaching research license under this
2 subsection (4)(a) is eligible for full licensure if the following
3 conditions are met:

4 (i) If the applicant has not graduated from a school of medicine
5 located in any state, territory, or possession of the United States,
6 the District of Columbia, or the Dominion of Canada, the applicant

16 professor or higher at an accredited Washington state medical school

26 divisional fellowship programs provided that the applicant shall have
27 graduated from a recognized medical school and has been granted a
28 license or other appropriate certificate to practice medicine in the
29 location of the applicant's origin. Such license shall permit the
30 holder only to practice medicine within the confines of the
31 fellowship program to which he or she has been appointed and, upon
32 the request of the applicant and the sponsoring institution, the
33 license may be renewed by the commission ~~((for no more than a total~~
34 ~~of two years))~~.

35 All persons licensed under this section shall be subject to the
36 jurisdiction of the commission to the same extent as other members of
37 the medical profession, in accordance with this chapter and chapter
38 18.130 RCW.
