20 Sec. 301 et seq., and regulations adopted under it.

21 (b) To promote such uniformity, the department may conduct

29 of 21 U.S.C. Sec. 342, or is adulterated in accordance with  
30 department rules.

31 NEW SECTION. **Sec. 202.** MISBRANDED FOOD PROHIBITED. (1) A person  
32 may not:

34 commerce;

1 (b) Sell, process, or store misbranded food in intrastate  
2 commerce; or

3 (c) Receive for the purpose of sale in intrastate commerce food  
4 known to be misbranded.

5 (2) Food is misbranded if it is misbranded within the meaning of  
6 21 U.S.C. Sec. 321(n) or 21 U.S.C. Sec. 343, falsely represents its

8 department rules.

20 while the food is held for sale.

21 NEW SECTION. **Sec. 205.** FALSE WARRANTY OR GUARANTEE PROHIBITED.  
22 A person may not knowingly or intentionally give a false guarantee or

30 (2) The pull date must be stated by month and day and be in a  
31 style and format that is readily decipherable by consumers.

32 (3) A person may not offer perishable packaged food for sale

1 (4) A person may not rewrap or repackage perishable packaged food  
2 with the intention of providing a pull date different from the  
3 original.

4 (5) The department may exclude the monthly requirement from the  
5 pull date for perishable packaged food with a shelf life of seven  
6 days or less.

7 (6) The department must consult with the secretary of the

15 or butter-like flavoring added to or attributed to the popcorn  
16 offered for sale is butter or some other product. If another product,  
17 the sign must also disclose the ingredients of the product.

18 (2) Popcorn sold or offered for sale in violation of this section  
19 and rules adopted by the department prescribing the size and content  
20 of the sign is misbranded for the purposes of this chapter.

22 in compliance with applicable law.

23 (4) "Butter," as used in this section, means the food product  
24 usually known as butter and made exclusively from milk or cream, or  
25 both with or without common salt, and with or without additional

32 license or certificate issued under this chapter.

33 (2) Applicants for a new or renewal license issued by the  
34 department must submit applications on forms prescribed by the  
35 department.

36 (3) The license fee must accompany any application submittal.

1 (4) The department must adopt rules for an annual license and  
2 renewal fee to defray the costs of administering a licensing program,  
3 including inspections.

4 (5) The department must issue a license to the applicant if the  
5 application is complete and the applicant's food facility complies  
6 with this chapter, including the rules adopted under it.

7 NEW SECTION. **Sec. 402.** DIRECT SELLER LICENSE. (1) A person may  
8 not operate as a direct seller without a license issued by the  
9 department.

10 (2) A licensed direct seller must transport food under conditions  
11 that protect food against physical, chemical, and microbial  
12 contamination, as well as against deterioration of the food and its  
13 container. This includes, but is not limited to, the separation of  
14 raw materials in a manner to avoid cross-contamination of other food  
15 and ensure that raw materials that inherently contain pathogenic and  
16 spoilage microorganisms, soil, or other foreign material, do not come  
17 into direct contact with other food.

18 (3) In the event of a food recall or when required by the  
19 department or a federal, state, or local health authority in response  
20 to a foodborne illness outbreak, a licensed direct seller must use  
21 its client listserv to notify its customers of the recall and other  
22 relevant information.

23 (4) A direct seller license must comply with the definition of a  
24 direct seller in this chapter and:

25 (a) Provide the department with a list of all leased, rented, or  
26 owned vehicles, other than vehicles that are rented for fewer than  
27 forty-five days, used by the applicant's business to deliver food;

28 (b) Maintain all records of vehicles rented for fewer than forty-  
29 five days for at least twelve months following the termination of the  
30 rental period; and

31 (c) Maintain food temperature logs or use a device to monitor the  
32 temperature of the packages in real time for all food while in  
33 transport.

34 (5) The department shall pay all moneys received under this  
35 section into the food processing inspection account created in RCW  
36 69.07.120. The department must use such funds solely to carry out the  
37 provisions of this section.

38 (6) In the implementation of this section, the department must:

1 (a) Conduct inspections of vehicles, food handling areas,  
2 refrigeration equipment, and product packaging used by a licensed  
3 direct seller;

4 (b) Conduct audits of temperature logs and other food handling  
5 records as appropriate;

6 (c) Investigate complaints against a licensed direct seller for  
7 the failure to maintain food safety; and

8 (d) Adopt rules, in consultation with the department of health  
9 and local health jurisdictions, necessary to administer and enforce  
10 the program consistent with federal regulations.

11 (7) Direct sellers that have a license from the department under  
12 this section are exempt from the permitting requirements of food  
13 service rules adopted by the state board of health and local health  
14 jurisdictions.

15 NEW SECTION. **Sec. 403.** INSPECTIONS. (1) Any person authorized  
16 by the department to operate a food facility must provide the  
17 department access for inspection to any part, portion, or area of the  
18 food facility or its records subject to the authorization.

19 (2) When possible, the department must make any such inspection  
20 during regular business hours or during a working shift of the food  
21 facility, except that the department may inspect such food facility  
22 at any time upon information of conditions that constitute immediate  
23 danger to public health.

24 NEW SECTION. **Sec. 404.** LICENSE DENIAL, SUSPENSION, OR  
25 REVOCATION—PENALTIES. (1) The department may deny, suspend, or revoke  
26 a license issued by the department upon determining that an applicant  
27 or licensee has:

28 (a) Refused, neglected, or failed to comply with the provisions  
29 of this chapter or the rules adopted under it, or a lawful order of  
30 the department;

31 (b) Refused, neglected, or failed to keep and maintain required  
32 records or to make such records available when requested; and

33 (c) Refused the department access to a portion or area of the  
34 food facility for the purpose of carrying out the purposes of this  
35 chapter.

36 (2) In addition to or instead of suspending or revoking a  
37 license, the department may impose and collect a civil monetary

1 penalty as provided in section 506 of this act for a licensee's  
2 violations of this chapter or the rules adopted under it.

3 **PART V**

4 **INVESTIGATION, ENFORCEMENT, AND EMERGENCY AUTHORITY**

5 NEW SECTION. **Sec. 501.** INVESTIGATION. (1) At reasonable times,  
6 the department may enter any food facility to inspect such food  
7 facility and all pertinent equipment, finished and unfinished  
8 materials, containers, labeling, and advertisements and take samples  
9 for compliance with this chapter and the rules adopted under it.

10 (2) The department may take product or ingredient samples of food  
11 at food facilities or in intrastate commerce upon payment of the  
12 market price, if requested. The department must allow the owner of  
13 the food or any person named on the label of the food to conduct  
14 independent sampling.

15 (3) To enforce this chapter, the department may inspect the  
16 pertinent records of any state agency.

17 (4) When the department presents a written request specifying the  
18 food under investigation, carriers engaged in intrastate commerce and  
19 persons receiving or holding food in intrastate commerce must permit  
20 the department reasonable access to and allow the department to copy  
21 all records showing the movement or holding in intrastate commerce of  
22 food, its quantity, shipper, and consignee. Evidence obtained under  
23 this section may not be used in a criminal prosecution of the person  
24 who provides access to records under this section.

25 (5) An owner or other person in control of a food facility or  
26 food in intrastate commerce may not refuse to allow the department's  
27 investigation under this chapter, if the department has probable  
28 cause to conduct the investigation.

29 NEW SECTION. **Sec. 502.** INJUNCTION. (1) Regardless of the  
30 existence of other remedies at law, the department may bring an  
31 action to enjoin the violation of this chapter or the rules adopted  
32 under it in the superior court of Thurston county or in a court of  
33 competent jurisdiction.

34 (2) When the injunction concerns dissemination of false  
35 advertisement and the court determines that the injunction would  
36 delay the regular distribution of a printed issue of a newspaper,

1 magazine, periodical, or other print publication, the court must  
2 exclude the issue from the scope of the injunction.

3 NEW SECTION. **Sec. 503.** EMBARGO. (1) If the department has  
4 probable cause to believe that a food that violates a provision of  
5 this chapter and stopping its movement in intrastate commerce is  
6 necessary to protect public health, the department may initiate an  
7 embargo prohibiting transportation, distribution, or sale of the  
8 food.

9 (2) The department must provide an opportunity for an emergency  
10 adjudicative proceeding under chapter 34.05 RCW within twenty days of  
11 initiating the embargo action and provide notice to other  
12 governmental authorities having jurisdiction.

13 (3) The department must initiate the embargo action by (a)  
14 posting or affixing an embargo order on or at the location of the  
15 food or (b) delivering an embargo order to the party in control of  
16 the food. The order must specify the food under embargo, set forth  
17 the department's intent for disposition of the food, give notice of  
18 emergency hearing rights, and otherwise comply with the requirements  
19 for an emergency adjudicative proceeding under chapter 34.05 RCW.  
20 Disposition of the food may include, but is not limited to,  
21 destruction or correction or cure of the violation.

22 (4) A person may not transport, distribute, or sell food subject  
23 to an embargo order without the department's written approval.

24 (5) A person may not remove, mutilate, or destroy an embargo  
25 order without the department's written approval.

26 (6) The department must immediately withdraw or remove an embargo  
27 order upon discovery that the food does not violate any provision of  
28 this chapter.

29 (7) A court shall not allow recovery of damages in an embargo  
30 action if the court finds that there was probable cause for such  
31 action.

32 NEW SECTION. **Sec. 504.** CONDEMNATION. Consistent with  
33 constitutional requirements, the department may take condemnation  
34 action against food, which may include ordering destruction of the  
35 food, if the department has probable cause to believe that immediate  
36 containment or destruction of the food is necessary to protect public

13       The legislature declares:

14       (1) That the history, economy, culture, and the future of  
15 Washington state's agriculture involves the beef industry. It is  
16 vital to the economy and to citizens' health that the beef industry  
17 continue to progress and thrive. The Washington state beef commission  
18 is part of an existing comprehensive system to regulate and promote  
19 beef and beef products;

20       (2) That the focus of the beef commission shall include the  
21 following responsibilities:

22       (a) The beef industry is to be promoted in a manner that  
23 showcases the varied aspects and segments of the industry;

24       (b) Research, education, and programs related to health and  
25 safety of beef are to be advanced in cooperation with the Washington  
26 state department of agriculture, Washington State University, other  
27 institutions of higher learning as appropriate, and other  
28 governmental or nongovernmental organizations doing research on trade  
29 or health issues;

30       (c) Support is to be provided to the beef industry in

33       (d) Maintain efforts to increase consumption of beef and beef  
34 products within the state, the nation, and internationally;

35       (3) That beef producers operate within a regulatory environment  
36 that imposes burdens on them for the benefit of society and the  
37 citizens of the state and includes restrictions on marketing  
38 autonomy. Those restrictions may impair the beef producer's ability  
39 to compete in local, domestic, and foreign markets;

1 (4) That it is in the overriding public interest that support for  
2 the beef industry be clearly expressed, that adequate protection be  
3 given to agricultural commodities, uses, activities, and operations,  
4 and that beef and beef products be promoted individually, and as part  
5 of a comprehensive industry to:

6 (a) Enhance the reputation and image of Washington state's  
7 agriculture industry;

8 (b) Increase the sale and use of beef products in local,  
9 domestic, and foreign markets;

10 (c) Protect the public by educating the public in reference to  
11 sustainable stewardship of cattle and the environment, quality, care,  
12 and methods used in the production of beef and beef products, and in  
13 reference to the various cuts and grades of beef and the uses to  
14 which each should be put;

15 (d) Increase the knowledge of the health-giving qualities and  
16 dietetic value of beef products; and

17 (e) Support and engage in programs or activities that benefit the  
18 care and well-being of the cattle, and the production, handling,  
19 processing, marketing, and uses of beef and beef products;

20 (5) That this chapter is enacted in the exercise of the police  
21 powers of this state for the purpose of protecting the health, peace,  
22 safety, and general welfare of the people of this state; and

23 (6) That the beef industry is a highly regulated industry and  
24 that this chapter and the rules adopted under it are only one aspect  
25 of the regulated industry. Other regulations and restraints  
26 applicable to the beef industry include the:

27 (a) Beef promotion and research act of 1985, U.S.C. Title 7,
