

HB 2334-S2.E - DIGEST

(DIGEST AS ENACTED)

Authorizes licensed marijuana producers and processors to use a CBD product: (1) As an additive for the purpose of enhancing the cannabidiol concentration of a product authorized for production, processing, and sale under the uniform controlled substances act; and

(2) Obtained from a source not licensed under the uniform controlled substances act if the CBD product meets certain conditions.

Increases the annual fee for issuance and renewal of a marijuana producer's license, a marijuana processor's license, and a marijuana retailer's license.
