

SB 6295 - DIGEST

Requires a seller, in a transaction for the sale of a horse, to include on a bill of sale, a list of any medications prescribed and given to the horse: (1) During the previous one hundred eighty days from the date of the sale; and

(2) At any point since he or she has owned the horse that would cause the horse to be unsuitable for human consumption.

Requires the buyer in the transaction to include on a bill of sale: (1) If the horse is being sold for slaughter; and

(2) If the horse will be slaughtered in a country that allows horse meat to be used for human consumption.
