

**HB 1638** - H AMD TO H AMD (1638 AMH YOUN MORI 077) **198**

By Representative Young

**ADOPTED 03/05/2019**

1 On page 1, line 9 of the amendment, after "problems" insert  
2 "sufficient to make a particular vaccine contraindicated for the child  
3 under guidelines issued by the United States centers for disease  
4 control and prevention"

5  
6 On page 1, line 11 of the amendment, after "health" insert  
7 "sufficient to make the particular vaccine contraindicated for the  
8 child under guidelines issued by the United States centers for disease  
9 control and prevention"

10

EFFECT: Requires, in order to exempt a child from mandatory vaccine requirements, that the parent's or sibling's history of immune system problems, or adverse reaction to a particular vaccine, be sufficient to make the particular vaccine contraindicated for the child under guidelines issued by the United States Centers for Disease Control and Prevention.
