37 conducting the hearing so they can provide information to, and answer
38 questions from, the public.

1 (3) Each time a bill that raises taxes as defined by RCW
2 43.135.034 or increases fees is approved by any legislative committee
3 or by at least a simple majority in either the house of
4 representatives or the senate, the office of financial management
5 must expeditiously reexamine and redetermine its (~~ten-year cost~~)
6 four-year revenue projection due to amendment or other changes during

EFFECT: Restores the advisory votes that were stricken by the
underlying bill, but with the following changes:

(1) Limits advisory votes to only the two largest revenue
increases to the general fund;

(2) Requires the voters' pamphlet to include a statement by the
attorney general explaining the purpose of each revenue increase, as
well as a statement explaining that the vote is advisory and will not
directly change the law;

(3) Requires the Office of Financial Management to calculate
four-year revenue projections, rather than ten-year cost projections,
for each measure raising taxes, and replaces the ten-year cost

projection for each measure on the advisory vote ballot with a four-year revenue projection;

(4) Rewords language in the short description of advisory votes to replace "imposed, without a vote of the people," "costing," and "for government spending," and to specify that the voter is only advising whether the revenue increase should be repealed or maintained; and

(5) Replaces "tax increase" with "revenue increase" throughout the sections governing advisory votes.
