

SSB 5001 - S AMD TO S AMD (S-1258.1/19) 9
By Senator Fortunato

NOT ADOPTED 02/06/2019

1 On page 2, line 8 of the amendment, after "soil." insert "The
2 process must maintain a minimum C:N ratio (carbon to nitrogen) of
3 twenty-five parts carbon to one part nitrogen, or 25:1 to complete
4 composability."

EFFECT: Requires the natural organic reduction process to maintain a minimum C:N ratio of twenty-five parts carbon to one part nitrogen.
