**Hearing Date:** 1/17/19

**Staff:** Melissa Palmer (786-7388).

#### **Background:**

Washington operates on a biennial budget cycle. The Legislature authorizes expenditures for capital needs in the State Omnibus Capital Appropriations Act (Capital Budget) for a two-year period, and authorizes bond sales through passage of a bond bill associated with the Capital Budget to fund a portion of these expenditures. Over the past five biennia, on average 60 percent of the Capital Budget was financed by these state-issued general obligation bonds, and the balance is funded by dedicated accounts, trust revenue, and federal funding sources. The primary two-year budget is passed in the odd-numbered years, and a supplemental budget making adjustments to the two-year budget is often passed during the even-numbered years. The 2019-21 Capital Budget covers the period from July 1, 2019 through June 30, 2021.

The Capital Budget includes appropriations for the acquisition, construction, and repair of capital assets such as state office buildings, prisons, juvenile rehabilitation centers, residential habilitation centers, mental health facilities, military readiness centers, and higher education

facilities. The Capital Budget also funds a variety of environmental and natural resource projects, parks and recreational facilities, public K-12 school construction, and grant and loan programs that support housing, public infrastructure, community service facilities, and art and historical projects.
