21 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

# PART I

## LEGISLATIVE INTENT

**NEW SECTION.** **Sec. 1.** The legislature finds it is essential that Washington residents have the opportunity to succeed in a competitive global economy by investing in Washington students for Washington jobs. The legislature finds that Washington state is expected to have seven hundred forty thousand job openings by 2021 and that most of these projected openings will be filled by workers with a postsecondary credential, such as a degree, apprenticeship, or certificate. The legislature finds that the state must focus on educational opportunities with targeted investments to keep tuition low and expand capacity for in-state students. The legislature also finds that currently only forty percent of Washington's high school students earn such a credential by age twenty-six, when seventy percent is the goal set by industry and business leaders intent on hiring Washington-educated workers. The legislature finds that Washington state already has several successful programs that help Washington students train for Washington jobs, including the state need grant, the guided pathways initiative at the community and technical colleges, and degree and apprenticeship programs in high-demand fields, such as computer science, engineering, nursing, and more. The legislature further finds that providing additional resources for workforce investments is critical in maintaining Washington's competitiveness in the global economy by ensuring businesses are able to hire Washington talent. Therefore, the legislature intends to create the new workforce education investment account, supported by professions that depend on higher education, that will expand existing investments to help people earn the credentials essential to obtain family-wage jobs and fill the seven hundred forty thousand jobs of the future.

## PART II

33        NEW SECTION.    **Sec. 2.**    A new section is added to chapter 43.79

12 pertaining to such students and institutions adopted pursuant to RCW  
13 28B.92.150.

16 ((As used)) The definitions in this section apply throughout this  
17 chapter(, the following words and terms shall have the following  
18 meanings,)) unless the context ((shall)) clearly ((indicate another  
19 or different meaning or intent:)) requires otherwise.

20 (1) ((The term "needy student" shall mean a student enrolled or

23 financial assistance, demonstrates a financial inability, either  
24 parental, familial, or personal, to bear the total cost of education  
25 for any semester or quarter.

26 (2) The term)) "Eligible institution" ((shall)) means any  
27 postsecondary institution in this state accredited by the Northwest

32 operated as a nonprofit college or university delivering on-site  
33 classroom instruction for a minimum of twenty consecutive years  
34 within the state of Washington, or any public technical college in  
35 the state.

36 (2) "Financial need" has the same meaning as in RCW 28B.92.030.

37 **Sec. 23.** RCW 28B.92.040 and 2011 1st sp.s. c 11 s 160 are each  
38 amended to read as follows:

1       The office shall be cognizant of the following guidelines in the  
2 performance of its duties:

3       (1) The office shall be research oriented, not only at its  
4 inception but continually through its existence.

5       (2) The office shall coordinate all existing programs of  
6 financial aid except those specifically dedicated to a particular  
7 institution by the donor.

8       (3) The office shall take the initiative and responsibility for  
9 coordinating all federal student financial aid programs to ensure  
10 that the state recognizes the maximum potential effect of these  
11 programs, and shall design state programs that complement existing  
12 federal, state, and institutional programs. ((The office shall ensure  
13 that state programs continue to follow the principle that state  
14 financial aid funding follows the student to the student's choice of  
15 institution of higher education.))

16       (4) Counseling is a paramount function of the ((state need))  
17 Washington college grant program and other state student financial  
18 aid programs, and in most cases could only be properly implemented at  
19 the institutional levels; therefore, state student financial aid  
20 programs shall be concerned with the attainment of those goals which,  
21 in the judgment of the office, are the reasons for the existence of a  
22 student financial aid program, and not solely with administration of  
23 the program on an individual basis.

28 appropriations for financial aid are made to individuals and  
29 institutions in a timely manner and shall closely monitor

32 amended to read as follows:

34 biennium thereafter, reductions in tuition levels resulting from

36 legislature to reduce ((state need)) Washington college grant program  
37 appropriations by an equal amount from the 2013-2015 fiscal biennium  
38 amounts. The legislature does not intend to reduce award levels for

1 private colleges and universities below the 2014-15 academic year  
2 levels.

3 ~~((By reducing the overall cost of tuition, the legislature in  
4 future biennia is better able and intends to serve those students  
5 currently eligible but unserved in the state need grant.))~~

6       **Sec. 25.** RCW 28B.15.065 and 1977 ex.s. c 322 s 6 are each  
7 amended to read as follows:

8       It is the intent of the legislature that ~~((needy))~~ students who  
9 demonstrate financial need not be deprived of access to higher  
10 education due to increases in educational costs or consequent  
11 increases in tuition and fees. It is the sense of the legislature  
12 that state appropriations for student financial aid be adjusted in an  
13 amount which together with funds estimated to be available in the  
14 form of basic educational opportunity grants as authorized under  
15 Section 411 of the federal Higher Education Act of 1965 as now or  
16 hereafter amended will equal twenty-four percent of any change in  
17 revenue estimated to occur as a result of revisions in tuition and  
18 fee levels under the provisions of chapter 322, Laws of 1977 ex.  
19 sess.

35 28B.15.910 for the community and technical colleges considered as a

4 tuition and fee waivers awarded by any state university, regional  
5 university, or state college under this chapter, not to exceed one  
6 percent, as calculated in subsection (1) of this section, may be used  
7 for the purpose of achieving or maintaining gender equity in  
8 intercollegiate athletic programs. At any institution that has an  
9 underrepresented gender class in intercollegiate athletics, any such  
10 waivers shall be awarded:

11       (a) First, to members of the underrepresented gender class who  
12 participate in intercollegiate athletics, where such waivers result  
13 in saved or displaced money that can be used for athletic programs  
14 for the underrepresented gender class. Such saved or displaced money  
15 shall be used for programs for the underrepresented gender class; and

16       (b) Second, (i) to nonmembers of the underrepresented gender  
17 class who participate in intercollegiate athletics, where such  
18 waivers result in saved or displaced money that can be used for  
19 athletic programs for members of the underrepresented gender class.  
20 Such saved or displaced money shall be used for programs for the  
21 underrepresented gender class; or (ii) to members of the  
22 underrepresented gender class who participate in intercollegiate  
23 athletics, where such waivers do not result in any saved or displaced  
24 money that can be used for athletic programs for members of the  
25 underrepresented gender class.

13 program established by 20 U.S. Code Section 1071 et seq., as now or  
14 hereafter amended. All loans made shall be guaranteed by the  
15 Washington student loan guaranty association or its successor agency.  
16 Institutions are hereby granted full authority to operate as an  
17 eligible lender under the guaranteed loan program.

18 (4) Before approving a guaranteed long-term loan, each  
19 institution shall analyze the ability of the student to repay the  
20 loan based on factors which include, but are not limited to, the  
21 student's accumulated total education loan burdens and the employment  
22 opportunities and average starting salary characteristics of the  
23 student's chosen fields of study. The institution shall counsel the  
24 student on the advisability of acquiring additional debt, and on the  
25 availability of other forms of financial aid.

26 (5) Each institution is responsible for collection of guaranteed  
27 long-term loans made under this section and shall exercise due  
28 diligence in such collection, maintaining all necessary records to  
29 insure that maximum repayments are made. Institutions shall cooperate  
30 with other lenders and the Washington student loan guaranty  
31 association, or its successor agency, in the coordinated collection  
32 of guaranteed loans, and shall assure that the guarantability of the  
33 loans is not violated. Collection and servicing of guaranteed long-  
34 term loans under this section shall be performed by entities approved  
35 for such servicing by the Washington student loan guaranty

1 shall be coordinated by the state board for community and technical  
2 colleges and shall be conducted under procedures adopted by the state

4 (6) Receipts from payment of interest or principal or any other  
5 subsidies to which institutions as lenders are entitled, that are  
6 paid by or on behalf of borrowers of funds under subsections (3)  
7 through (8) of this section, shall be deposited in each institution's  
8 financial aid fund and shall be used to cover the costs of making the  
9 guaranteed long-term loans under this section and maintaining  
10 necessary records and making collections under subsection (5) of this  
11 section: PROVIDED, That such costs shall not exceed five percent of  
12 aggregate outstanding loan principal. Institutions shall maintain  
13 accurate records of such costs, and all receipts beyond those  
14 necessary to pay such costs, shall be deposited in the institution's  
15 financial aid fund.

16 (7) The governing boards of the state universities, the regional  
17 universities, and The Evergreen State College, and the state board  
18 for community and technical colleges, on behalf of the community  
19 colleges and technical colleges, shall each adopt necessary rules and  
20 regulations to implement this section.

21 (8) First priority for any guaranteed long-term loans made under  
22 this section shall be directed toward students who would not normally  
23 have access to educational loans from private financial institutions  
24 in Washington state, and maximum use shall be made of secondary  
25 markets in the support of loan consolidation.

26 (9) Short-term loans, not to exceed one year, may be made from  
27 the institutional financial aid fund to students enrolled in the  
28 institution. No such loan shall be made to any student who is known  
29 by the institution to be in default or delinquent in the payment of  
30 any outstanding student loan. A short-term loan may be made only if  
31 the institution has ample evidence that the student has the  
32 capability of repaying the loan within the time frame specified by  
33 the institution for repayment.

34 (10) Any moneys deposited in the institutional financial aid fund  
35 that are not used in making long-term or short-term loans may be used  
36 by the institution for locally administered financial aid programs  
37 for ((needy)) students who demonstrate financial need, such as need-  
38 based institutional employment programs or need-based tuition and fee  
39 scholarship or grant programs. These funds shall be used in addition  
40 to and not to replace institutional funds that would otherwise

1 support these locally administered financial aid programs. First  
2 priority in the use of these funds shall be given to ((~~need~~))  
3 students who demonstrate financial need who have accumulated  
4 excessive educational loan burdens. An excessive educational loan  
5 burden is a burden that will be difficult to repay given employment  
6 opportunities and average starting salaries in the student's chosen  
7 fields of study. Second priority in the use of these funds shall be  
8 given to ((~~need~~)) single parents who are students who demonstrate  
9 financial need, to assist these students with their educational  
10 expenses, including expenses associated with child care and  
11 transportation.

12 (11) Any moneys deposited in the institutional financial aid fund  
13 may be used by the institution for a locally administered financial  
14 aid program for high school students enrolled in dual credit  
15 programs. If institutions use funds in this manner, the governing  
16 boards of the state universities, the regional universities, The  
17 Evergreen State College, and the state board for community and  
18 technical colleges shall each adopt necessary rules to implement this  
19 subsection. Moneys from this fund may be used for all educational  
20 expenses related to a student's participation in a dual credit  
21 program including but not limited to tuition, fees, course materials,  
22 and transportation.

13 stakeholders and include input from the legislature. The council must  
14 also consult with the STEM education innovation alliance established  
15 under RCW 28A.188.030 in order to align strategies under the roadmap  
16 with the STEM framework for education and accountability developed by  
17 the alliance. The roadmap must encompass all sectors of higher  
18 education, including secondary to postsecondary transitions. The  
19 roadmap must outline strategies that address:

20 (a) Strategic planning, which includes setting benchmarks and  
21 goals for long-term degree production generally and in particular  
22 fields of study;

23 (b) Expanding access, affordability, quality, efficiency, and

2 education;

3 (j) Strengthening the education pipeline and degree production in

10 (5) The council shall facilitate the development and expansion of  
11 innovative practices within, between, and among the sectors to  
12 increase educational attainment and assess the effectiveness of the  
13 innovations.

14 (6) The council shall use the data and analysis produced by, and  
15 in consultation with, the education data center created in RCW  
16 43.41.400 in developing policy recommendations and proposing goals.  
17 In conducting research and analysis the council at a minimum must:

18 (a) Identify barriers to increasing educational attainment,  
19 evaluate effectiveness of various educational models, identify best  
20 practices, and recommend methods to overcome barriers;

21 (b) Analyze data from multiple sources including data from  
22 academic research and from areas and agencies outside of education

29 relevant demographic groups working with data from the education data  
30 center;

31 (d) Track progress toward meeting the state's goals;

32 (e) Communicate results and provide access to data analysis to  
33 policymakers, the superintendent of public instruction, institutions  
34 of higher education, students, and the public; and

35 (f) Use data from the education data center wherever appropriate  
36 to conduct duties in (a) through (e) of this subsection.

37 (7) The council shall collaborate with the appropriate state  
38 agencies and stakeholders, including the state board of education,  
39 the office of the superintendent of public instruction, the state  
40 board for community and technical colleges, the workforce training

1 and education coordinating board, and the four-year institutions of  
2 higher education to improve student transitions and success including  
3 but not limited to:

4 (a) Setting minimum college admission standards for four-year  
5 institutions of higher education, including:

6 (i) A requirement that coursework in American sign language or an  
7 American Indian language satisfies any requirement for instruction in  
8 a language other than English that the council or the institutions  
9 may establish as a general undergraduate admissions requirement; and

10 (ii) Encouragement of the use of multiple measures to determine  
11 whether a student must enroll in a precollege course, such as  
12 placement tests, the SAT, high school transcripts, college  
13 transcripts, or initial class performance;

14 (b) Proposing comprehensive policies and programs to encourage  
15 students to prepare for, understand how to access, and pursue  
16 postsecondary college and career programs, including specific  
17 policies and programs for students with disabilities;

18 (c) Recommending policies that require coordination between or  
19 among sectors such as dual high school-college programs, awarding  
20 college credit for advanced high school work, and transfer between  
21 two and four-year institutions of higher education or between  
22 different four-year institutions of higher education; and

23 (d) Identifying transitions issues and solutions for students,  
24 from high school to postsecondary education including community and  
25 technical colleges, four-year institutions of higher education,  
26 apprenticeships, training, or workplace education; between two-year  
27 and four-year institutions of higher education; and from  
28 postsecondary education to career. In addressing these issues the  
29 council must recognize that these transitions may occur multiple  
30 times as students continue their education.

31 (8) The council directs the work of the office, which includes  
32 administration of student financial aid programs under RCW  
33 28B.76.090, including the ((state need)) Washington college grant and  
34 other scholarships, the Washington advanced college tuition payment  
35 program, and work-study programs.

36 (9) The council may administer state and federal grants and  
37 programs including but not limited to those programs that provide  
38 incentives for improvements related to increased access and success  
39 in postsecondary education.

1       (10) The council shall protect higher education consumers  
2 including:

3           (a) Approving degree-granting postsecondary institutions  
4 consistent with existing statutory criteria;

5           (b) Establishing minimum criteria to assess whether students who  
6 attend proprietary institutions of higher education shall be eligible  
7 for the ((state need)) Washington college grant and other forms of  
8 state financial aid.

9           (i) The criteria shall include retention rates, completion rates,  
10 loan default rates, and annual tuition increases, among other  
11 criteria for students who receive ((state need)) the Washington  
12 college grant ((as)) in chapter 28B.92 RCW and any other state  
13 financial aid.

14           (ii) The council may remove proprietary institutions of higher  
15 education from eligibility for the ((state need)) Washington college  
16 grant or other form of state financial aid if it finds that the  
17 institution or college does not meet minimum criteria.

18           (iii) The council shall report by December 1, 2014, to the joint  
19 higher education committee in RCW 44.04.360 on the outcomes of  
20 students receiving ((state need)) Washington college grants, impacts  
21 on meeting the state's higher education goals for educational  
22 attainment, and options for prioritization of the ((state need))  
23 Washington college grant and possible consequences of implementing  
24 each option. When examining options for prioritizing the ((state  
25 need)) Washington college grant the council shall consider awarding  
26 grants based on need rather than date of application and making  
27 awards based on other criteria selected by the council.

28           (11) The council shall adopt residency requirements by rule.

29           (12) The council shall arbitrate disputes between and among four-  
30 year institutions of higher education and the state board for  
31 community and technical colleges at the request of one or more of the  
32 institutions involved, or at the request of the governor, or from a  
33 resolution adopted by the legislature. The decision of the council  
34 shall be binding on the participants in the dispute.

35           (13) The council may solicit, accept, receive, and administer  
36 federal funds or private funds, in trust, or otherwise, and contract  
37 with foundations or with for-profit or nonprofit organizations to  
38 support the purposes and functions of the council.

39           (14) The council shall represent the broad public interest above  
40 the interests of the individual institutions of higher education.

37 before awarding the scholarship.

38 (6) If at graduation from high school the student's family income

40 scholarship award amounts shall be as provided in this section.

1       (a) For students attending two or four-year institutions of  
2 higher education as defined in RCW 28B.10.016, the value of the award  
3 shall be (i) the difference between the student's tuition and

5 or waiver assistance the student receives; (ii) plus five hundred  
6 dollars for books and materials.

25 work-study award before any other grants or scholarships are reduced.

26      (9) The first scholarships shall be awarded to students  
27 graduating in 2012.

37 reason during the academic year, the unused portion of the  
38 scholarship tuition units shall revert to the Washington college

35 financial need with dependents eighteen years of age or younger, by  
36 assisting them directly through a grant program to pursue a degree or  
37 certificate at public or private institutions of higher education, as  
38 defined in RCW 28B.92.030(4) (a) and (b) (i) and (ii), that

## 20                   **2. ESTABLISHING A STATE STUDENT LOAN PROGRAM**

21      NEW SECTION.   **Sec. 45.** (1) The legislature finds that college  
22 students continue to borrow in order to fund their higher education.  
23 In Washington state, the institute for college access and success  
24 estimates over fifty percent of 2017 graduates had student debt with  
25 an average balance just under twenty-four thousand dollars. Student  
26 loan debt now outpaces other sources of consumer debt, such as credit  
27 card and vehicle debt. While research shows that earning a  
28 postsecondary credential positively impacts a person's earning  
29 potential, high student loan debt erodes much of this benefit.

30      (2) The legislature recognizes that people with student loan debt  
31 are less likely to get married and start a family, establish small  
32 businesses, and buy homes. High student loan debt negatively impacts  
33 a person's credit score and their debt-to-income ratio, which impacts  
34 their ability to qualify for a mortgage. A federal reserve study  
35 looking at the impact of student loan debt on home ownership found  
36 that a one thousand dollar increase in student loan debt causes a one  
37 to two percentage point drop in the homeownership rate for borrowers

1 during their late twenties and early thirties. The study found that  
2 between 2005 and 2014, about twenty percent of the decline in  
3 homeownership among individuals aged twenty-four to thirty-two is  
4 attributed to the rise in student loan debt. This indicates that over  
5 four hundred thousand individuals would have owned a home in 2014 had  
6 it not been for the rise in student loan debt.

7 (3) Therefore, the legislature intends to support students  
8 pursuing higher education by establishing an affordable state student  
9 loan program. The legislature recognizes that student loans are  
10 beneficial for students who have no other way to pay for college, but  
11 finds that high interest rates that accumulate while the student is  
12 in school negatively impact the student's ability to prosper  
13 financially and contribute to the state's economy after graduation.  
14 Therefore, the legislature intends to offer student loans to low-  
15 income and middle-income state residents who graduated from  
16 Washington high schools and are pursuing undergraduate studies at a  
17 subsidized, one percent interest rate.

1       (2) The office must set the interest rate for student loans  
2 issued under the program at one percent to begin accruing six months  
3 after the borrower is no longer enrolled on at least a half-time  
4 basis at an institution of higher education.

5       (3) The office must establish repayment procedures for student  
6 loans issued under the program, but in no event shall the period of  
7 repayment exceed ten years from the borrower's termination of  
8 enrollment at an institution of higher education, or fifteen years  
9 from the date of the borrower's first loan, whichever is less.

10      (4) The office must determine annual and lifetime loan limits,  
11 but a loan may not exceed the eligible student's cost of attendance  
12 as determined by the institution of higher education, less all gift  
13 aid.

14      (5) The office must establish an appeals process for borrowers  
15 who believe there is an unresolved error in the servicing of their  
16 loan. The office must provide borrowers with a description of the

### **3 . EXPANDING CAREER CONNECTED LEARNING OPPORTUNITIES**

8        NEW SECTION.    **Sec. 52.**    (1) The legislature recognizes that in  
9 Washington's fast-growing economy local employers need access to a  
10 pool of diverse, skilled talent, but too few people are prepared for  
11 the career opportunities available. Across the state, there are  
12 persistent opportunity gaps in education and employment. Even in  
13 today's thriving economy, the path to economic self-sufficiency and  
14 fulfillment is difficult for many people.

15       (2) The legislature intends to scale up high-quality career  
16 connected learning opportunities that address persistent educational  
17 opportunity gaps and meet the talent needs of employers. Through  
18 career connected learning opportunities that are available across  
19 communities and regions, individuals can advance their academic  
20 learning and build awareness of, exposure to, and preparation for,  
21 career opportunities.

22           (3) In order to create a statewide, sustainable career connected  
23 learning system, three areas must be addressed:

24 (a) Statewide system development through cross-sector  
25 coordination;

26 (b) Directing resources to K-12 and higher education partners to  
27 support enrollment in career launch and registered apprenticeship  
28 programs and other career connected learning opportunities; and

29 (c) Support for regional leadership and coordination to  
30 facilitate connections between industry and education, implement  
31 career connected learning programs, and help young adults and  
32 employers to navigate these opportunities.

**33        NEW SECTION.    Sec. 53.** (1) Within existing resources, a career  
34 connected learning cross-agency work group is established to scale up  
35 and expand high-quality career connected learning opportunities in  
36 communities across the state.

1       (2) The purpose of the work group is to coordinate agency  
2 functions and external partnerships and carry out the duties and  
3 responsibilities set forth in section 54 of this act.

4       (3) The governor shall select the chair of the work group.

5       (4) The governor's office may consult or contract with entities  
6 with expertise in industry and education partnerships to provide  
7 staffing support and guidance on industry talent needs. The  
8 governor's office may convene additional ad hoc committees that  
9 include industry sector advisory groups and leaders including, but  
10 not limited to, high-level representatives from education, industry,  
11 philanthropy, as well as students, parents, and community partners.

12      (5) The work group must consist of, but is not limited to,  
13 representatives from the following offices and agencies:

14       (a) The department of labor and industries in consultation with  
15 the regulatory apprenticeship council under RCW 49.04.010;

16       (b) The department of social and health services, including the  
17 division of vocational rehabilitation;

18       (c) The education research and data center at the office of  
19 financial management;

22       (f) The state board of education;

23       (g) The state board for community and technical colleges;

24       (h) The student achievement council;

25       (i) The workforce training and education coordinating board;

26       (j) One representative of the public baccalaureate institutions;

27       (k) One representative of the independent four-year institutions  
28 of higher education; and

29       (l) The office of the governor.

30       (6) The office of the governor may establish subcommittees of the  
31 work group to plan and execute the duties and responsibilities under  
32 section 54 of this act.

33       (7) The work group shall:

34       (a) Meet at least six times during the calendar year; and

35       (b) Report progress to the governor and appropriate committees of  
36 the legislature by September 1st annually.

8 the department of labor and industries are considered endorsed career

20 educational opportunities;

21           (g) Develop web sites and other resources, and coordinate current  
22 resources managed by the workforce training and education  
23 coordinating board, the student achievement council, and the

25 the public about career connected learning opportunities;

26           (h) Develop financial and other support services to increase  
27 access and success in career connected learning for students facing  
28 barriers or living in underserved communities;

29           (i) Address transfer and articulation issues to ensure career  
30 launch program participants receive high school and college credit in  
31 programs initiated in K-12 or dropout reengagement programs, or  
32 college credit in postsecondary programs and registered  
33 apprenticeships, and work to expand the portability of credits to the  
34 maximum extent possible;

35           (j) Establish clear targets for equity to guide state data  
36 development and action by regional partners related to program design  
37 and expansion, including specific equity-focused criteria within  
38 grant funding processes and strategies; and

39           (k) Develop data systems and protocols for career connected  
40 learning planning and evaluation purposes;

1       (2) By September 1, 2019, and by each September 1st thereafter,

4 as follows:

5           (a) Support the K-12 system and the office of the superintendent

11 to dual credit;

12          (c) Support two-year and four-year institutions of higher  
13 education to expand career connected learning enrollments, and  
14 specifically:

15           (i) Build capacity at community and technical colleges to support

17 programs, as well as program participation by high school graduates  
18 or out-of-school youth;

19           (ii) Align the use of work-study to support career launch and

3 (4) Support the formation and operation of regional networks in  
4 both rural and urban areas to guide career connected learning  
5 opportunities that are both tailored to the local needs of students  
6 and employers, and designed for portable credentials across education

9 measure progress and ensure equity of opportunity for career  
10 connected learning, led by the education research and data center at  
11 the office of financial management, as follows:

12 (a) Develop program codes for career connected learning  
13 opportunities in K-12 and postsecondary education in order to track

16 of "career connected learning" in section 56 of this act; and

17 (b) Collect and disaggregate program participation and outcomes

21 **NEW SECTION.** **Sec. 55.** (1) Subject to the availability of  
22 amounts appropriated for this specific purpose, the career connected  
23 learning grant program is established as a competitive grant program  
24 to advance the career connect Washington vision under section 54 of  
25 this act. The employment security department shall administer the  
26 program. The governor's office shall work with the employment

28 for selection with consultation from the career connected learning  
29 cross-agency work group.

30 (2) The purpose of the career connected learning grant program is  
31 to create career connected learning opportunities, including career  
32 awareness and exploration, career preparation, and career launch  
33 programs, that are both tailored to the local needs of students and  
34 employers and designed so that students may receive high school or  
35 college credit across industries and regions of the state to the  
36 maximum extent possible.

37 (3) The program funds shall be used for two overarching purposes:

38 (a) Support regional career connected learning networks in both

1       (b) Support career connected learning program intermediaries  
2 working within and across regions who partner with multiple  
3 employers, labor partners, and educational institutions, work with  
4 K-12 and postsecondary career representatives to develop curricula  
5 for new and innovative programs, and scale existing career awareness

8           (4) The program administrator shall consult with the governor's  
9 office to develop a formal request for proposal for both the regional

37 transferred to postsecondary degree programs.

39                          **4. WASHINGTON STATE OPPORTUNITY SCHOLARSHIP**

1       **Sec. 61.** RCW 28B.145.005 and 2018 c 209 s 5 and 2018 c 114 s 1  
2 are each reenacted and amended to read as follows:

3       The legislature finds that, despite increases in degree  
4 production, there remain acute shortages in high employer demand  
5 programs of study, particularly in the science, technology,  
6 engineering, and mathematics (STEM) and health care fields of study.  
7 According to the workforce training and education coordinating board,  
8 seventeen percent of Washington businesses had difficulty finding job  
9 applicants in 2010. Eleven thousand employers did not fill a vacancy  
10 because they lacked qualified job applicants. Fifty-nine percent of  
11 projected job openings in Washington state from now until 2017 will  
12 require some form of postsecondary education and training.

13      It is the intent of the legislature to provide jobs and  
14 opportunity by making Washington the place where the world's most  
15 productive companies find the world's most talented people. The  
16 legislature intends to accomplish this through the creation of the  
17 opportunity scholarship and the opportunity expansion programs to:  
18 Help mitigate the impact of tuition increases((r)); increase the  
19 number of professional-technical certificates, professional-technical  
20 degrees, ((and)) baccalaureate degrees in high employer demand and  
21 other programs, and advanced degrees in health professions ((needed  
22 in service obligation areas,)); and invest in programs and students  
23 to meet market demands for a knowledge-based economy while filling  
24 middle-income jobs with a sufficient supply of skilled workers.

2 sources for opportunity expansion awards.

3       **Sec. 65.** RCW 28B.145.040 and 2018 c 209 s 9 and 2018 c 114 s 5  
4 are each reenacted and amended to read as follows:

5           (1) The opportunity scholarship program is established.

6           (2) The purpose of this scholarship program is to provide  
7 scholarships that will help low and middle-income Washington  
8 residents earn professional-technical certificates, professional-  
9 technical degrees, ((or)) baccalaureate degrees in high employer  
10 demand and other programs of study, and advanced degrees in health  
11 professions ((needed in service obligation areas)), and encourage  
12 them to remain in the state to work. The program must be designed for  
13 students starting professional-technical certificate or degree  
14 programs, students starting at two-year institutions of higher  
15 education and intending to transfer to four-year institutions of  
16 higher education, students starting at four-year institutions of  
17 higher education, and students enrolled in ((an)) eligible advanced  
18 degree programs.

19           (3) The opportunity scholarship board shall determine which  
20 programs of study, including but not limited to high employer demand  
21 programs, are eligible for purposes of the opportunity scholarship.  
22 For eligible advanced degree programs, the board shall limit  
23 scholarships to eligible students enrolling in programs that lead to  
24 credentials in health professions ((needed in service obligation  
25 areas)).

26           (4) (a) The source of funds for the program shall be a combination  
27 of private grants and contributions and state matching funds. A state  
28 match may be earned under this section for private contributions made  
29 on or after June 6, 2011.

30           (b) The state match must be based on donations and pledges  
31 received as of the date each official state caseload forecast is  
32 submitted by the caseload forecast council to the legislative fiscal  
33 committees, as provided under RCW 43.88C.020. The purpose of this  
34 subsection (4)(b) is to ensure the predictable treatment of the  
35 program in the budget process by clarifying the calculation process  
36 of the state match required by this section and ensuring the program  
37 is budgeted at maintenance level.

38           (c) A state match, up to a maximum of fifty million dollars  
39 annually, shall be provided beginning the later of January 1, 2014,

1 or January 1st next following the end of the fiscal year in which  
2 collections of state retail sales and use tax, state business and  
3 occupation tax, and state public utility tax exceed, by ten percent  
4 the amounts collected from these tax resources in the fiscal year  
5 that ended June 30, 2008, as determined by the department of revenue.

6       **Sec. 66.** RCW 28B.145.090 and 2018 c 254 s 3, 2018 c 209 s 10,  
7 and 2018 c 114 s 6 are each reenacted and amended to read as follows:

8       (1) The board may elect to have the state investment board invest  
9 the funds in the scholarship account, the student support pathways  
10 account, the advanced degrees pathways account, and the endowment  
11 account described under RCW 28B.145.030(2)(b). If the board so  
12 elects, the state investment board has the full power to invest,  
13 reinvest, manage, contract, sell, or exchange investment money in  
14 ((the three)) these accounts. All investment and operating costs  
15 associated with the investment of money shall be paid under RCW  
16 43.33A.160 and 43.84.160. With the exception of these expenses, the  
17 earnings from the investment of the money shall be retained by the  
18 accounts.

19       (2) All investments made by the state investment board shall be  
20 made with the exercise of that degree of judgment and care under RCW  
21 43.33A.140 and the investment policy established by the state  
22 investment board.

23       (3) As deemed appropriate by the state investment board, money in  
24 the scholarship account, the student support pathways account, the  
25 advanced degrees pathways account, and the endowment account may be  
26 commingled for investment with other funds subject to investment by  
27 the state investment board.

28       (4) Members of the state investment board shall not be considered  
29 an insurer of the funds or assets and are not liable for any action  
30 or inaction.

31       (5) Members of the state investment board are not liable to the  
32 state, to the fund, or to any other person as a result of their  
33 activities as members, whether ministerial or discretionary, except  
34 for willful dishonesty or intentional violations of law. The state  
35 investment board in its discretion may purchase liability insurance  
36 for members.

37       (6) The authority to establish all policies relating to the  
38 scholarship account, the student support pathways account, the  
39 advanced degrees pathways account, and the endowment account, other

than the investment policies as provided in subsections (1) through (3) of this section, resides with the board and program administrator acting in accordance with the principles set forth in this chapter. With the exception of expenses of the state investment board in subsection (1) of this section, disbursements from the scholarship account, the student support pathways account, the advanced degrees pathways account, and the endowment account shall be made only on the authorization of the opportunity scholarship board or its designee, and moneys in the accounts may be spent only for the purposes specified in this chapter.

11           (7) The state investment board shall routinely consult and  
12 communicate with the board on the investment policy, earnings of the  
13 accounts, and related needs of the program.

14        NEW SECTION.    **Sec. 67.** A new section is added to chapter 28B.145  
15    RCW to read as follows:

16 The office of student financial assistance and the institutions  
17 of higher education may not consider awards made under the  
18 opportunity scholarship program to be state-funded for the purpose of  
19 determining the value of an award for other state financial aid  
20 programs.

## **5. WORKING CONNECTIONS CHILD CARE PROGRAM**

22        NEW SECTION.      **Sec. 68.**      (1) The legislature recognizes the  
23 following:

24           (a) In Washington, over forty-six thousand community and  
25 technical college students, which represents twenty-three percent of  
26 all community and technical college students in the state, are  
27 parents of dependent children. Student parents represent more than  
28 one-quarter of community and technical college students in Washington  
29 who receive financial aid. Financial assistance however, does not  
30 sufficiently cover many student parents' college expenses.

31           (b) Caregiving demands affect student parents' ability to devote  
32 the time needed to succeed in school. Nearly three-quarters of women  
33 community college students living with dependents report spending  
34 over twenty hours per week caring for dependents. Many of these  
35 students report that care demands are likely to lead them to drop  
36 out: Forty-three percent of women and thirty-seven percent of men at

1 two-year institutions who live with children say they are likely or  
2 very likely to withdraw from college to care for dependents.

3 (c) In addition, child care costs represent a large financial  
4 burden for parents who are in college. The annual cost of full-time,  
5 center-based infant care averages over thirteen thousand dollars in  
6 Washington. Given the financial pressures experienced by student  
7 parents, both married and single, assistance with paying for quality  
8 child care services could dramatically improve their ability to make  
9 ends meet and complete their higher education programs.

10 (d) Work requirements imposed on student parents as a condition  
11 for receiving child care assistance can have negative consequences  
12 for parents in education or job training. Students working more than  
13 fifteen hours per week achieve significantly lower college attainment  
14 compared with those who work fewer hours. Nationally, fifty-eight  
15 percent of community college student parents who work fifteen or more  
16 hours per week leave school without earning a credential within six  
17 years of enrollment, compared with forty-eight percent who work less  
18 than fifteen hours per week.

19 (2) Therefore, the legislature intends to improve access and  
20 completion rates of student parents enrolled in community and  
21 technical colleges by reducing existing restrictions to subsidized  
22 child care.

23 **Sec. 69.** RCW 43.216.135 and 2018 c 52 s 6 are each amended to  
24 read as follows:

25 (1) The department shall establish and implement policies in the  
26 working connections child care program to promote stability and  
27 quality of care for children from low-income households. These  
28 policies shall focus on supporting school readiness for young  
29 learners. Policies for the expenditure of funds constituting the  
30 working connections child care program must be consistent with the  
31 outcome measures established by the department and the standards  
32 established in this section intended to promote stability, quality,  
33 and continuity of early care and education programming.

34 (2) As recommended by Public Law 113-186, authorizations for the  
35 working connections child care subsidy shall be effective for twelve  
36 months beginning July 1, 2016, unless an earlier date is provided in  
37 the omnibus appropriations act.

1       (3) Existing child care providers serving nonschool-age children  
2 and receiving state subsidy payments must complete the following  
3 requirements to be eligible for a state subsidy under this section:

4           (a) Enroll in the early achievers program by August 1, 2016;

5           (b) Complete level 2 activities in the early achievers program by  
6 August 1, 2017; and

7           (c) Rate at a level 3 or higher in the early achievers program by  
8 December 31, 2019. If a child care provider rates below a level 3 by  
9 December 31, 2019, the provider must complete remedial activities  
10 with the department, and rate at a level 3 or higher no later than  
11 June 30, 2020.

12       (4) Effective July 1, 2016, a new child care provider serving  
13 nonschool-age children and receiving state subsidy payments must  
14 complete the following activities to be eligible to receive a state  
15 subsidy under this section:

16           (a) Enroll in the early achievers program within thirty days of  
17 receiving the initial state subsidy payment;

18           (b) Complete level 2 activities in the early achievers program  
19 within twelve months of enrollment; and

20           (c) Rate at a level 3 or higher in the early achievers program  
21 within thirty months of enrollment. If a child care provider rates  
22 below a level 3 within thirty months from enrollment into the early  
23 achievers program, the provider must complete remedial activities  
24 with the department, and rate at a level 3 or higher within six  
25 months of beginning remedial activities.

26       (5) If a child care provider does not rate at a level 3 or higher  
27 following the remedial period, the provider is no longer eligible to  
28 receive state subsidy under this section.

29       (6) If a child care provider serving nonschool-age children and  
30 receiving state subsidy payments has successfully completed all level  
31 2 activities and is waiting to be rated by the deadline provided in  
32 this section, the provider may continue to receive a state subsidy  
33 pending the successful completion of the level 3 rating activity.

34       (7) The department shall implement tiered reimbursement for early  
35 achievers program participants in the working connections child care  
36 program rating at level 3, 4, or 5.

37       (8) The department shall account for a child care copayment  
38 collected by the provider from the family for each contracted slot  
39 and establish the copayment fee by rule.

1       (9) (a) The department shall establish and implement policies in  
2 the working connections child care program to allow eligibility for  
3 families with children who:

4           (i) In the last six months have:

5              (A) Received child protective services as defined and used by  
6 chapters 26.44 and 74.13 RCW;

7              (B) Received child welfare services as defined and used by  
8 chapter 74.13 RCW; or

9              (C) Received services through a family assessment response as  
10 defined and used by chapter 26.44 RCW;

11             (ii) Have been referred for child care as part of the family's  
12 case management as defined by RCW 74.13.020; and

13             (iii) Are residing with a biological parent or guardian.

14           (b) Children who are eligible for working connections child care  
15 pursuant to this subsection do not have to keep receiving services  
16 identified in this subsection to maintain twelve-month authorization.  
17 The department of social and health services' involvement with the  
18 family referred for working connections child care ends when the  
19 family's child protective services, child welfare services, or family  
20 assessment response case is closed.

21       (10) (a) Beginning August 1, 2020, the department may not require  
22 an applicant or consumer to meet work requirements as a condition of  
23 receiving working connections child care benefits when the applicant  
24 or consumer is:

25           (i) A single parent;

26           (ii) A full-time student of a community, technical, or tribal  
27 college; and

28           (iii) Pursuing vocational education that leads to a degree or  
29 certificate in a specific occupation, not to result in a bachelor's  
30 or advanced degree.

31       (b) An applicant or consumer is a full-time student for the  
32 purposes of this subsection if he or she meets the college's  
33 definition of a full-time student. The student must maintain passing  
34 grades and be in good standing pursuant to college attendance  
35 requirements.

36       (c) Nothing in this subsection is intended to change how  
37 applicants or consumers are prioritized when applicants or consumers  
38 are placed on a wait list for working connections child care  
39 benefits.

1       **Sec. 70.** RCW 43.216.135 and 2019 c ... (Second Substitute House  
2 Bill No. 1303) s 2 are each amended to read as follows:

3           (1) The department shall establish and implement policies in the  
4 working connections child care program to promote stability and  
5 quality of care for children from low-income households. These  
6 policies shall focus on supporting school readiness for young  
7 learners. Policies for the expenditure of funds constituting the  
8 working connections child care program must be consistent with the  
9 outcome measures established by the department and the standards  
10 established in this section intended to promote stability, quality,  
11 and continuity of early care and education programming.

21 August 1, 2017; and

22              (c) Rate at a level 3 or higher in the early achievers program by  
23 December 31, 2019. If a child care provider rates below a level 3 by  
24 December 31, 2019, the provider must complete remedial activities  
25 with the department, and rate at a level 3 or higher no later than  
26 June 30, 2020.

27          (4) Effective July 1, 2016, a new child care provider serving  
28 nonschool-age children and receiving state subsidy payments must  
29 complete the following activities to be eligible to receive a state  
30 subsidy under this section:

31              (a) Enroll in the early achievers program within thirty days of

39 with the department, and rate at a level 3 or higher within six  
40 months of beginning remedial activities.

1       (5) If a child care provider does not rate at a level 3 or higher  
2 following the remedial period, the provider is no longer eligible to  
3 receive state subsidy under this section.

4       (6) If a child care provider serving nonschool-age children and  
5 receiving state subsidy payments has successfully completed all level  
6 2 activities and is waiting to be rated by the deadline provided in  
7 this section, the provider may continue to receive a state subsidy  
8 pending the successful completion of the level 3 rating activity.

9       (7) The department shall implement tiered reimbursement for early

18    RCW to read as follows:

## PART V

## **WORKFORCE EDUCATION INVESTMENT ASSESSMENT**

26        NEW SECTION.    **Sec. 72.**    A new section is added to chapter 82.04  
27    RCW to read as follows:

The legislature intends the provisions of this act to be applied broadly in favor of application of the surcharges. To achieve this intent, any provision within this act that is deemed to be ambiguous by a court of competent jurisdiction, the board of tax appeals, or any other judicial or administrative body, should be construed in favor of application of the surcharges.

34           (1) Beginning with business activities occurring on or after  
35 January 1, 2020, in addition to the taxes imposed under RCW  
36 82.04.290(2), a workforce education investment surcharge is imposed  
37 on specified persons. The surcharge is equal to the total amount of

1 tax payable by the person on business activities taxed under RCW  
2 82.04.290(2), including any additional tax due resulting from any  
3 other surcharges on such business activities, but before application  
4 of any tax credits, multiplied by the rate of twenty percent.

5 (2) For the purposes of this section, "specified person" means a  
6 person who is not subject to the surcharge under subsection (4) of  
7 this section and who is primarily engaged within this state in any  
8 combination of the following activities:

9 (a) Computer software publishing or publishing and reproduction.  
10 Establishments in this industry carry out operations necessary for  
11 producing and distributing computer software, such as designing,  
12 providing documentation, assisting in installation, and providing  
13 support services to software purchasers. These establishments may  
14 design, develop, and publish, or publish only. These establishments  
15 may publish and distribute software remotely through subscriptions  
16 and downloads;

17 (b) Conducting original investigation undertaken on a systematic  
18 basis to gain new knowledge or the application of research findings  
19 or other scientific knowledge for the creation of new or  
20 significantly improved products or processes. Techniques may include  
21 modeling and simulation. The industries within this industry group  
22 are defined on the basis of the domain of research and on scientific  
23 expertise of the establishment;

24 (c) Putting capital at risk in the process of underwriting  
25 securities issues or in making markets for securities and commodities  
26 and those acting as agents or brokers between buyers and sellers of  
27 securities and commodities, usually charging a commission;

28 (d) Providing expertise in the field of information technologies  
29 through one or more of the following activities: (i) Writing,  
30 modifying, testing, and supporting computer software to meet the  
31 needs of a particular customer; (ii) planning and designing computer  
32 systems that integrate computer hardware, computer software, and  
33 communication technologies; (iii) on-site management and operation of  
34 clients' computer systems and data processing facilities; or (iv)  
35 other professional and technical computer-related advice and  
36 services;

37 (e) Performing central banking functions, such as issuing  
38 currency, managing the nation's money supply and international  
39 reserves, holding deposits that represent the reserves of other banks

1 and other central banks, and acting as a fiscal agent for the central  
2 government;

3 (f) (i) Purchasing access and network capacity from owners and  
4 operators of telecommunications networks and reselling wired and  
5 wireless telecommunications services, except satellite, to businesses  
6 and households; (ii) providing specialized telecommunications  
7 services, such as satellite tracking, communications telemetry, and  
8 radar station operation; (iii) providing satellite terminal stations  
9 and associated facilities connected with one or more terrestrial  
10 systems and capable of transmitting telecommunications to, and  
11 receiving telecommunications from, satellite systems; or (iv)  
12 providing internet access services or voice over internet protocol  
13 services via client-supplied telecommunications connections.  
14 Establishments in this industry do not operate as telecommunications  
15 carriers. Mobile virtual network operators are included in this  
16 industry;

17 (g) (i) Acting as principals in buying or selling financial  
18 contracts, except investment bankers, securities dealers, and  
19 commodity contracts dealers; (ii) acting as agents or brokers, except  
20 securities brokerages and commodity contracts brokerages, in buying  
21 or selling financial contracts; or (iii) providing other investment  
22 services except securities and commodity exchanges, such as portfolio
