
HOUSE BILL 1040

State of Washington

66th Legislature

2019 Regular Session

By Representatives Reeves, Stanford, Barkis, Slatter, and Ryu; by request of Insurance Commissioner

Prefiled 12/10/18. Read first time 01/14/19. Referred to Committee on Housing, Community Development & Veterans.

1 AN ACT Relating to the creation of a work group to study and make
2 recommendations on natural disaster mitigation and resiliency
3 activities; adding a new section to chapter 48.02 RCW; and creating a
4 new section.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds that residents of
7 this state have been impacted by natural disasters such as floods,
8 landslides, wildfires, and earthquakes and continue to be at risk
9 from these and other natural disasters. In 2016, insured losses from
10 natural disasters in the United States totaled almost twenty-four
11 billion dollars. In 2015, Washington state had the largest wildfire
12 season in state history, with more than one million acres burned and
13 costing more than two hundred fifty-three million dollars. In 2017,
14 four hundred four thousand two hundred twenty-three acres burned in
15 Washington state and there were more than four hundred thirty
16 national flood insurance program claims filed, totaling over seven
17 million dollars.

18 The legislature finds that Washington state has the second
19 highest earthquake risk in the nation, estimated by the federal
20 emergency management agency to exceed four hundred thirty-eight
21 million dollars per year. The 2001 Nisqually earthquake caused more

1 than two billion dollars in damage. A Seattle fault earthquake will
2 cause an estimated thirty-three billion dollars in damage, and a
3 Cascadia subduction zone earthquake will cause an estimated amount of
4 over forty-nine billion dollars in damage.

5 The legislature finds that it is critical to better prepare this
6 state for disasters and to put in place strategies to mitigate the
7 impacts of disasters. To address this critical need, the legislature
8 is creating a work group to review disaster mitigation and
9 preparation projects in this state and other states, make
10 recommendations regarding how to coordinate and expand state efforts
11 to mitigate the impacts of natural disasters, and evaluate whether an
12 ongoing disaster resiliency program should be created.

13 NEW SECTION. **Sec. 2.** A new section is added to chapter 48.02
