
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

PART I

CREATES THE WASHINGTON COLLEGE PROMISE SCHOLARSHIP PROGRAM TO REPLACE THE STATE NEED GRANT PROGRAM

NEW SECTION. Sec. 1. A new section is added to chapter 28B.92 RCW to read as follows:
(1) The legislature finds that individuals with a postsecondary credential have a greater chance of earning a wage that can support themselves and their families than if they do not obtain a postsecondary credential. At the same time, Washington employers are in need of many more individuals who possess postsecondary qualifications. Access to postsecondary opportunities are vital to ensure that more Washington high school graduates and working adults can enter and complete a postsecondary program and compete for the job opportunities available in the state.

(2) The legislature further finds that a statewide free college program, for students who demonstrate financial need as defined in section 3 of this act, is necessary to significantly reduce the financial costs of obtaining a postsecondary credential. The Washington college promise scholarship program is intended to increase access to postsecondary opportunities for Washington residents.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28B.92 RCW to read as follows:

(1) The Washington college promise scholarship program is created to provide a statewide free college program for eligible participants and greater access to postsecondary education for Washington residents. The Washington college promise scholarship program is intended to increase the number of high school graduates and adults that can attain a postsecondary credential and provide them with the qualifications needed to compete for job opportunities in Washington.

(2) The office of student financial assistance shall implement and administer the Washington college promise scholarship program and is authorized to establish rules necessary for implementation of the program.

(3) The legislature shall appropriate funding for the Washington college promise scholarship program. Allocations must be made on the basis of estimated eligible participants enrolled in eligible institutions of higher education or apprenticeship programs. All eligible students are entitled to a Washington college promise scholarship.

(4) The office shall award Washington college promise scholarships to all eligible students beginning in academic year 2021-22.
(5) Students who demonstrate financial need under section 3 of this act and meet the following requirements are eligible for the Washington college promise scholarship program:

(a) To be eligible for the Washington college promise scholarship, students must be enrolled or accepted for enrollment for at least three quarter credits or the equivalent semester credits at an institution of higher education in Washington as defined in RCW 28B.92.030 or enrolled in a registered apprenticeship program approved under chapter 40.04 RCW.

(b) The Washington college promise scholarship is available to:

(i) Students who are resident students as defined in RCW 28B.15.012(2) (a) through (e); or

(ii) Any person who has:

(A) Completed the full senior year of high school and obtained a high school diploma, or the equivalent, either at a Washington public high school or private high school approved under chapter 28A.195 RCW;

(B) Lived in Washington state for at least three years immediately before receiving the diploma or its equivalent;

(C) Continuously lived in Washington state after receiving the diploma or its equivalent and until such time as the individual is admitted to an eligible institution of higher education; and

(D) Been granted deferred action for childhood arrival status pursuant to the rules and regulations adopted by the United States citizenship and immigration services.

(6) Washington college promise scholarship eligibility may not extend beyond five years or one hundred twenty-five percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent.

(7) Institutional aid administrators shall determine whether a student eligible for the Washington college promise scholarship in a given academic year may remain eligible for the ensuing year if the student's family income increases by no more than a marginal amount.

(8) Qualifications for renewal include maintaining satisfactory academic progress toward completion of an eligible program as determined by the office and established in rule.

(9) Should a recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship shall be returned to the state educational grant fund by the institution of higher education according to the institution of
higher education's policy for issuing refunds, except as provided in RCW 28B.92.070.

(10)(a) A part-time student enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, is eligible for a Washington college promise scholarship.

(b) A part-time precollege student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a Washington college promise scholarship for up to one academic year before beginning a program that leads to a degree or certificate.

(c) An institution of higher education may award a Washington college promise scholarship to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

(i) The student has not previously received a Washington college promise scholarship from that institution;

(ii) The student completes the required financial aid application approved by the office;

(iii) The institution has reviewed the student's financial condition, and the financial condition of the student's family if the student is a dependent student, and has determined that the student is likely eligible for a Washington college promise scholarship; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the financial aid application and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

(d) An eligible student enrolled on a part-time basis shall receive a prorated portion of the Washington college promise scholarship for any academic period in which he or she is enrolled on a part-time basis.

(11) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college promise scholarship is intended to replace unmet financial need associated with the costs of postsecondary education including loans, and, at the student's option, work-study award, before any other grants or scholarships are reduced.
(12) Students and participating institutions of higher education shall comply with all the rules adopted by the council for the administration of this chapter.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.92 RCW to read as follows:

(2) Students with family incomes between zero and fifty percent of the state median family income shall receive the maximum Washington college promise scholarship award as defined in RCW 28B.92.030. Awards for students with incomes between fifty-one and seventy percent of the state median family income shall be prorated at the following percentages of the maximum Washington college promise scholarship award amount granted to those with incomes below fifty-one percent of the state median family income:

Washington residents attending any nonprofit college or university in another state which has a reciprocity agreement with the state of Washington shall be eligible for the student financial aid program outlined in chapter 28B.92 RCW if:

(1) They qualify as a "needy student" and demonstrate financial need as defined under RCW 28B.92.030((4));

and

(2) The institution attended is a member institution of an accrediting association recognized by rule of the student achievement
council for the purposes of this section and is specifically
e encompassed within or directly affected by such reciprocity agreement
and agrees to and complies with program rules and regulations
pertaining to such students and institutions adopted pursuant to RCW
28B.92.150.

Sec. 8. RCW 28B.12.030 and 2017 c 52 s 1 are each amended to read as follows:

(As used) The definitions in this section apply throughout this chapter, the following words and terms shall have the following meanings, unless the context clearly indicates another or different meaning or intent.

(1) "The term "needy student" shall mean a student enrolled or accepted for enrollment at a postsecondary institution who, according to a system of need analysis approved by the office of student financial assistance, demonstrates a financial inability, either parental, familial, or personal, to bear the total cost of education for any semester or quarter.

(2) "Eligible institution" means any postsecondary institution in this state accredited by the Northwest Association of Schools and Colleges, or a campus of a member institution of an accrediting association recognized by rule of the student achievement council for purposes of this section, that is eligible for federal student financial aid assistance and has operated as a nonprofit college or university delivering on-site classroom instruction for a minimum of twenty consecutive years within the state of Washington, or any public technical college in the state.

(2) "Student who demonstrates financial need" means a student enrolled or accepted for enrollment at a postsecondary institution who, according to a system of need analysis approved by the office of student financial assistance, demonstrates a financial inability to bear the total cost of education for any semester or quarter.

Sec. 9. RCW 28B.92.040 and 2011 1st sp.s. c 11 s 160 are each amended to read as follows:

The office shall be cognizant of the following guidelines in the performance of its duties:

(1) The office shall be research oriented, not only at its inception but continually through its existence.
(2) The office shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor.

(3) The office shall take the initiative and responsibility for coordinating all federal student financial aid programs to ensure that the state recognizes the maximum potential effect of these programs, and shall design state programs that complement existing federal, state, and institutional programs. (The office shall ensure that state programs continue to follow the principle that state financial aid funding follows the student to the student's choice of institution of higher education.)

(4) Counseling is a paramount function of the Washington college promise scholarship program and other state student financial aid programs, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the office, are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.

(5) The "package" approach of combining loans, grants and employment for student financial aid shall be the conceptual element of the state's involvement.

(6) The office shall ensure that allocations of state appropriations for financial aid are made to individuals and institutions in a timely manner and shall closely monitor expenditures to avoid under or overexpenditure of appropriated funds.

Sec. 10. RCW 28B.92.050 and 2011 1st sp.s. c 11 s 161 are each amended to read as follows:

The office shall have the following powers and duties:

(1) Conduct a full analysis of student financial aid as a means of:

(a) Fulfilling educational aspirations of students of the state of Washington, and

(b) Improving the general, social, cultural, and economic character of the state.

Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The office will disseminate the information yielded by their analyses to all appropriate individuals and agents.
(2) Design a state program of student financial aid based on the data of the study referred to in this section. The state programs will supplement available federal and local aid programs. The state programs of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher education and the student's total resources, including family support, personal savings, employment, and federal, state, and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the office shall consider the following:

(a) Assets and income of the student.
(b) Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.
(c) The cost of attending the institution the student is attending or planning to attend.
(d) Any other criteria deemed relevant to the office.

(4) Set the amount of financial aid to be awarded to any individual (needy or disadvantaged) student who demonstrates financial need in any school year.

(5) Award financial aid to (needy or disadvantaged) students who demonstrate financial need for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

(6) Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education.

Sec. 11. RCW 28B.92.065 and 2015 3rd sp.s. c 36 s 4 are each amended to read as follows:

Beginning with the 2015-2017 omnibus appropriations act and each biennium thereafter, reductions in tuition levels resulting from section 3, chapter 36, Laws of 2015 3rd sp. sess. will allow the legislature to reduce (state need grant) Washington college promise scholarship program appropriations by an equal amount from the 2013-2015 fiscal biennium amounts. The legislature does not intend to
reduce award levels for private colleges and universities below the 2014-15 academic year levels.

((By reducing the overall cost of tuition, the legislature in future biennia is better able and intends to serve those students currently eligible but unserved in the state need grant.))

Sec. 12. RCW 28B.15.065 and 1977 ex.s. c 322 s 6 are each amended to read as follows:

It is the intent of the legislature that ((needy)) students who demonstrate financial need not be deprived of access to higher education due to increases in educational costs or consequent increases in tuition and fees. It is the sense of the legislature that state appropriations for student financial aid be adjusted in an amount which together with funds estimated to be available in the form of basic educational opportunity grants as authorized under Section 411 of the federal Higher Education Act of 1965 as now or hereafter amended will equal twenty-four percent of any change in revenue estimated to occur as a result of revisions in tuition and fee levels under the provisions of chapter 322, Laws of 1977 ex.sess.

Sec. 13. RCW 28B.15.740 and 2015 c 55 s 223 are each amended to read as follows:

(1) Subject to the limitations of RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community and technical colleges may waive all or a portion of tuition and fees for ((needy)) students who demonstrate financial need and are eligible for resident tuition and fee rates pursuant to RCW 28B.15.012 and 28B.15.013. Subject to the limitations of RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community and technical colleges may waive all or a portion of tuition and fees for other students at the discretion of the governing boards, except on the basis of participation in intercollegiate athletic programs, not to exceed three-fourths of one percent of gross authorized operating fees revenue under RCW 28B.15.910 for the community and technical colleges considered as a whole and not to exceed two percent of gross authorized operating fees revenue for the other institutions of higher education.
In addition to the tuition and fee waivers provided in subsection (1) of this section and subject to the provisions of RCW 28B.15.455, 28B.15.460, and 28B.15.910, a total dollar amount of tuition and fee waivers awarded by any state university, regional university, or state college under this chapter, not to exceed one percent, as calculated in subsection (1) of this section, may be used for the purpose of achieving or maintaining gender equity in intercollegiate athletic programs. At any institution that has an underrepresented gender class in intercollegiate athletics, any such waivers shall be awarded:

(a) First, to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; and

(b) Second, (i) to nonmembers of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for members of the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; or (ii) to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers do not result in any saved or displaced money that can be used for athletic programs for members of the underrepresented gender class.

(8) First priority for any guaranteed long-term loans made under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term loans, not to exceed one year, may be made from the institutional financial aid fund to students enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. These funds shall be used in addition to and not to replace institutional funds that would otherwise
support these locally administered financial aid programs. First priority in the use of these funds shall be given to ((needy)) students who demonstrate financial need and have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student’s chosen fields of study. Second priority in the use of these funds shall be given to ((needy)) single parents who are students who demonstrate financial need, to assist these students with their educational expenses, including expenses associated with child care and transportation.

If institutions use funds in this manner, the governing boards of the state universities, the regional universities, The Evergreen State College, and the state board for community and technical colleges shall each adopt necessary rules to implement this subsection. Moneys from this fund may be used for all educational expenses related to a student's participation in a dual credit program including but not limited to tuition, fees, course materials, and transportation.
