AN ACT Relating to helping Washington businesses succeed by modifying certain business and occupation tax provisions; amending RCW 82.04.240, 82.04.240, 82.04.260, 82.04.261, 82.04.280, and 82.32.790; creating new sections; and providing a contingent expiration date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. (1) The legislature finds that Washington has one of the strongest economies in the country. However, the local economies in rural counties continue to struggle. The legislature concludes that in the spirit of one Washington, the economic prosperity of our state must be shared by all of our communities, both urban and rural. Therefore, it is the intention of the legislature to modify the business and occupation tax structure of manufacturers to encourage economic growth and lower the unemployment rate across the state, especially in rural areas.

(2) The legislature finds that the Washington state forest practices habitat conservation plan was approved in 2006 by the United States fish and wildlife service and the national oceanic and atmospheric administration's marine fisheries service. The legislature further finds that the conservation plan protects habitat of aquatic species, supports economically viable and healthy forests,
and creates regulatory stability for landowners. The legislature further finds that the forestry industry assumed significant financial obligation with the enactment of this conservation plan, in exchange for operational certainty under the endangered species act. Therefore, the legislature concludes that the timber products business and occupation tax rate should continue until the expiration date of the Washington state forest practices habitat conservation plan.
