AN ACT Relating to protecting public health and safety by enhancing the regulation of vapor products; amending RCW 70.345.020, 70.345.030, 70.345.075, 70.345.090, 70.345.100, 70.345.110, 70.345.160, 70.345.170, 70.345.180, 43.70.170, 43.70.180, and 43.70.190; reenacting and amending RCW 70.345.010; adding new sections to chapter 70.345 RCW; creating new sections; repealing RCW 70.345.210; prescribing penalties; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. (1) The legislature makes the following findings:
(a) Nicotine is a highly addictive substance, particularly for children and youth under twenty-one years of age, whose brains are still developing. Currently, there is no limit in the United States on nicotine levels of vapor products. While other nations limit the nicotine content of vapor products to not more than two percent nicotine, vapor products commonly sold in this state and accessed by youth contain five percent nicotine. Vapor products that deliver high levels of nicotine are fueling youth addiction to nicotine and have created an epidemic. The 2019 national youth tobacco survey found that about twenty-seven percent of high school students reported current use of electronic cigarettes and, among electronic cigarette
users, about a third reported using electronic cigarettes on twenty
or more of the preceding thirty days;

(b) Research consistently shows that flavors and associated
advertising contribute to the appeal, initiation, and use of tobacco
products, including vapor products, particularly among adolescents
and young adults. Evidence also suggests that the 2009 flavored
cigarette ban did achieve its objective of reducing adolescent
tobacco use, but effects were likely diminished by the continued
availability of menthol cigarettes and other flavored tobacco
products. Preliminary data from the national youth tobacco survey
show that more than a quarter of high school students were current
electronic cigarette users in 2019 and the overwhelming majority of
youth electronic cigarette users cited the use of popular fruit and
menthol or mint flavors. A health impact review performed by the
state board of health in 2019 concluded that eliminating flavored
vapor products would likely decrease initiation and use of vapor
products and other tobacco products among youth and young adults,
thereby improving health outcomes; and

(c) While the long-term health effects of vapor products are
unknown, current data suggests they are harmful to human health.
Vapor products have been shown to impair lung function in several
ways, such as by inhibiting ciliary beating, impairing immune
function, and causing toxicity to epithelial cells.

(2) Therefore, the legislature intends to ban the sale of
flavored vapor products and enact additional regulatory protections
to protect the health of youth and young adults in Washington state.

Sec. 2. RCW 70.345.010 and 2019 c 445 s 210 and 2019 c 15 s 4

(1) The licenses issuable by the board under this chapter are as follows:

(a) A vapor product retailer's license;

(b) A vapor product distributor's license; ((and))

(c) A vapor product manufacturer's license; and

(d) A vapor product delivery sale license.
(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board may adopt rules regarding the regulation of the licenses and licensees. The board may refuse to issue any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a manufacturer's license, distributor's license, retailer's license, or delivery seller's license, and for considering the denial, suspension, or revocation of any such license, the board may consider criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, issue or refuse to issue (the) a manufacturer's license, retailer's license, distributor's license, (and) or delivery sale license subject to the provisions of RCW 70.155.100.

(3) The application processes for the retailer license and the distributor license, and any forms used for such processes, must allow the applicant to simultaneously apply for a delivery sale license without requiring the applicant to undergo a separate licensing application process in order to be licensed to conduct delivery sales. However, a delivery sale license obtained in conjunction with a retailer or distributor license under this subsection remains a separate license subject to the delivery sale licensing fee established under this chapter.

(4) No person may qualify for a manufacturer's license, retailer's license, distributor's license, or delivery sale license under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. If the applicant or licensee also has a license issued under chapter 66.24, 69.50, 82.24, or 82.26 RCW, the
background check done under the authority of chapter 66.24, 69.50, 82.24, or 82.26 RCW satisfies the requirements of this subsection.

(5) Each license issued under this chapter expires on the business license expiration date. The license (must) may be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board adopted pursuant to this chapter.

(6) Each license and any other evidence of the license required under this chapter must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

The board may conduct such inspections with local law enforcement. A person who violates this subsection is guilty of a gross misdemeanor.

(3) Any person licensed under this chapter as a distributor, any person licensed under this chapter as a retailer, and any person
licensed under this chapter as a delivery seller may not operate in any other capacity unless the additional appropriate license is first secured, except as otherwise provided by law. Any person issued or holding a manufacturer's license under this chapter may not be issued or hold a retailer's license or a delivery sale license. A violation of this subsection is a misdemeanor.

(4) Any person licensed under this chapter as a retailer, distributor, or delivery seller may only sell vapor products obtained from a person holding a valid manufacturer's license granted by the board under this chapter.

A violation of this subsection ((4))) is punishable according to RCW 69.50.401.

their agency or employment, has made a statement or claim directed to
consumers or to the public that the vapor product has or produces a

All disclosures must include the amounts and sources of each constituent substance. Constituent substance disclosures must be accompanied by a signed declaration under penalty of perjury certifying the completeness and accuracy of the information provided.

this section may reapply to the board at the expiration of two years
of the license or licenses, unless the license was revoked pursuant
to RCW 70.345.180(2)(e). The license or licenses may be approved by the board if it appears to the satisfaction of the board that the licensee will comply with the provisions of this chapter.

(6) A person whose license has been suspended or revoked may not sell vapor products or permit vapor products to be sold during the period of suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form.

(7) Any determination and order by the board, and any order of suspension or revocation by the board of the license or licenses issued under this chapter, or refusal to reinstate a license or licenses after revocation is reviewable by an appeal to the superior court of Thurston County. The superior court must review the order or ruling of the board and may hear the matter de novo, having due regard to the provisions of this chapter and the duties imposed upon the board.

(8) If the board makes an initial decision to deny a license or renewal, or suspend or revoke a license, the applicant may request a hearing subject to the applicable provisions under Title 34 RCW.

Sec. 18. RCW 70.345.180 and 2016 sp.s. c 38 s 22 are each amended to read as follows:

(1) The board may impose a monetary penalty as set forth in subsection (2) of this section, if the board finds that the licensee has violated RCW 26.28.080 or any other provision of this chapter.

(2) Subject to subsections (3) and (12) of this section, the sanctions that the board may impose against a person licensed under this chapter based upon one or more findings under subsection (1) of this section may not exceed the following:

(a) A monetary penalty of two hundred dollars for the first violation within any three-year period;

(b) A monetary penalty of six hundred dollars for the second violation within any three-year period;

(c) A monetary penalty of two thousand dollars for the third violation within any three-year period and suspension of the license for a period of six months for the third violation of this chapter or RCW 26.28.080 within any three-year period;

(d) A monetary penalty of three thousand dollars for the fourth or subsequent violation within any three-year period and suspension
of the license for a period of twelve months for the fourth violation of this chapter or RCW 26.28.080 within any three-year period;

(e) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any three-year period.

(3) If the board finds that a person licensed under this chapter and chapter 82.24 or 82.26 RCW has violated this chapter or RCW 26.28.080, each subsequent violation of either of the person's licenses counts as an additional violation within that three-year period.

(4) Any retailer's licenses issued under chapter 82.24 or 82.26 RCW to a person whose vapor product retailer's license or licenses have been suspended or revoked by the board for violating this chapter or RCW 26.28.080 must also be suspended or revoked during the period of suspension or revocation under this section.

(5) The board may impose a monetary penalty upon any person other than a licensed retailer if the board finds that the person has violated this chapter or RCW 26.28.080.

(6) The monetary penalty that the board may impose based upon one or more findings under subsection (5) of this section may not exceed fifty dollars for the first violation and one hundred dollars for each subsequent violation.

(7) The board may develop and offer a class for retail clerks and use this class in lieu of a monetary penalty for the clerk's first violation.

(8) The board may issue a cease and desist order to any person who is found by the board to have violated or intends to violate the provisions of this chapter or RCW 26.28.080, requiring such person to cease specified conduct that is in violation. The issuance of a cease and desist order does not preclude the imposition of other sanctions authorized by this statute or any other provision of law.

(9) The board may seek injunctive relief to enforce the provisions of RCW 26.28.080 or this chapter. The board may initiate legal action to collect civil penalties imposed under this chapter if the same have not been paid within thirty days after imposition of such penalties. In any action filed by the board under this chapter, the court may, in addition to any other relief, award the board reasonable attorneys' fees and costs.
(10) All enforcement proceedings by the board under ((subsections
1 through (8) of this section)) this chapter must be conducted in
accordance with chapter 34.05 RCW.

(11) The board may reduce or waive either the penalties or the
suspension or revocation of a license, or both, as set forth in this
chapter where the elements of proof are inadequate or where there are
mitigating circumstances. Mitigating circumstances may include, but
are not limited to, an exercise of due diligence by a retailer. Further, the board may exceed penalties set forth in this chapter based on aggravating circumstances.

(12) The board may:

(a) Suspend the license of a retailer or delivery seller that
violates a sales restriction imposed under RCW 70.345.160 or fails to
post a written point-of-sale warning disclosure required under RCW
70.345.160; and

(b) Revoke the license of a retailer or delivery seller that
violates a sales restriction imposed under RCW 70.345.160 or fails to
post a written point-of-sale warning disclosure required under RCW
70.345.160, when the retailer or delivery seller has been sent a
written notification warning the retailer or delivery seller that
they are selling vapor products in violation of this chapter and
describing how compliance may be achieved.

NEW SECTION. Sec. 19. A new section is added to chapter 70.345

The secretary may also, for the purposes of such investigation, issue subpoenas to compel the attendance of witnesses, as provided for in RCW 43.70.090 or the production of books and documents anywhere in the state.

The order of the secretary shall not be effective for more than fifteen days without the commencement of a legal action as provided for under RCW 43.70.190)) adopt rules, issue orders, or take any other action the secretary deems necessary in order to regulate, control, prohibit, prevent, or otherwise address any article or condition constituting a threat to the public health.

Sec. 22. RCW 43.70.190 and 1990 c 133 s 3 are each amended to read as follows:

Upon the filing of any action, the court may, upon a
