

HB 1577 - DIGEST

Requires each school district to submit a report for the preceding academic year, to the office of the superintendent of public instruction, that includes the following: (1) The total number of computer science and related math programs offered in each school;

(2) The number and percentage of students who enrolled in a computer science program; and

(3) The number of computer science instructors at each school.

Requires the office to post that information conspicuously on its web site.
