Sec. 16. RCW 70.245.180 and 2009 c 1 s 18 are each amended to read as follows:

(1) Nothing in this chapter authorizes ((a physician)) an attending qualified medical provider, consulting qualified medical provider, or any other person to end a patient's life by lethal injection, mercy killing, or active euthanasia. Actions taken in accordance with this chapter do not, for any purpose, constitute suicide, assisted suicide, mercy killing, or homicide, under the law. State reports shall not refer to practice under this chapter as "suicide" or "assisted suicide." Consistent with RCW 70.245.010 (7), (11), and (12), 70.245.020(1), 70.245.040(1)(k), 70.245.060, 70.245.070, 70.245.090, 70.245.120 (1) and (2), 70.245.160 (1) and (2), 70.245.170, 70.245.190(1) (a) and (d), and 70.245.200(2), state reports shall refer to practice under this chapter as obtaining and self-administering life-ending medication.

(2) Nothing contained in this chapter shall be interpreted to lower the applicable standard of care for the attending ((physician)) qualified medical provider, consulting ((physician)) qualified medical provider, psychiatrist or psychologist, or other health care provider participating under this chapter.

Sec. 17. RCW 70.245.190 and 2009 c 1 s 19 are each amended to read as follows:

(1) Except as provided in RCW 70.245.200 and subsection (2) of this section:

(a) A person shall not be subject to civil or criminal liability or professional disciplinary action for participating in good faith compliance with this chapter. This includes being present when a qualified patient takes the prescribed medication to end his or her life in a humane and dignified manner;
(b) A professional organization or association, or health care provider, may not subject a person to censure, discipline, suspension, loss of license, loss of privileges, loss of membership, or other penalty for participating or refusing to participate in good faith compliance with this chapter;

(c) A patient's request for or provision by an attending (physician) qualified medical provider of medication in good faith compliance with this chapter does not constitute neglect for any purpose of law or provide the sole basis for the appointment of a guardian or conservator; and

(d) Only willing health care providers shall participate in the provision to a qualified patient of medication to end his or her life in a humane and dignified manner. If a health care provider is unable or unwilling to carry out a patient's request under this chapter, and the patient transfers his or her care to a new health care provider, the prior health care provider shall transfer, upon request, a copy of the patient's relevant medical records to the new health care provider.

(2)(a) A health care provider may prohibit another health care provider from participating under chapter 1, Laws of 2009 on the premises of the prohibiting provider if the prohibiting provider has given notice to all health care providers with privileges to practice on the premises and to the general public of the prohibiting provider's policy regarding participating under chapter 1, Laws of 2009. A health care provider may not, by contract or other form of agreement, prohibit another health care provider from participating under chapter 1, Laws of 2009 while acting outside the course and scope of the provider's capacity as an employee or independent contractor of the prohibiting health care provider and while at a location that is not on the prohibiting health care provider's premises and not on property that is owned by, leased by, or under the direct control of the prohibiting health care provider. This subsection does not prevent a health care provider from providing health care services to a patient that do not constitute participation under chapter 1, Laws of 2009.

(b)(i) A health care provider may subject another health care provider to the sanctions stated in this subsection if the sanctioning health care provider has notified the sanctioned provider before participation in chapter 1, Laws of 2009 that it prohibits participation in chapter 1, Laws of 2009:
Loss of privileges, loss of membership, or other sanctions provided under the medical staff bylaws, policies, and procedures of the sanctioning health care provider if the sanctioned provider is a member of the sanctioning provider's medical staff and participates in chapter 1, Laws of 2009 while on the health care facility premises of the sanctioning health care provider, but not including the private medical office of a physician or other provider;

Termination of a lease or other property contract or other nonmonetary remedies provided by a lease contract, not including loss or restriction of medical staff privileges or exclusion from a provider panel, if the sanctioned provider participates in chapter 1, Laws of 2009 while on the premises of the sanctioning health care provider or on property that is owned by or under the direct control of the sanctioning health care provider; or

Termination of a contract or other nonmonetary remedies provided by contract if the sanctioned provider participates in chapter 1, Laws of 2009 while acting in the course and scope of the sanctioned provider's capacity as an employee or independent contractor of the sanctioning health care provider.

Nothing in this subsection (2)(b)((iii)) prevents:

(A) A health care provider from participating in chapter 1, Laws of 2009 while acting outside the course and scope of the provider's capacity as an employee or independent contractor and while at a location that is not on the sanctioning health care provider's facility premises and is not on property that is owned by, leased by, or under the direct control of the sanctioning health care provider; or

(B) A patient from contracting with his or her attending qualified medical provider and consulting qualified medical provider to act outside the course and scope of the provider's capacity as an employee or independent contractor of the sanctioning health care provider and while at a location that is not on the sanctioning health care provider's facility premises and is not on property that is owned by, leased by, or under the direct control of the sanctioning health care provider.

(c) A health care provider that imposes sanctions under (b) of this subsection shall follow all due process and other procedures the sanctioning health care provider may have that are related to the imposition of sanctions on another health care provider.
(d) For the purposes of this subsection:

(i) "Notify" means a separate statement in writing to the health care provider specifically informing the health care provider before the provider's participation in chapter 1, Laws of 2009 of the sanctioning health care provider's policy about participation in activities covered by this chapter.

(ii) "Participate in chapter 1, Laws of 2009" means to perform the duties of an attending (physician) qualified medical provider under RCW 70.245.040, the consulting (physician) qualified medical provider function under RCW 70.245.050, or the counseling function under RCW 70.245.060. "Participate in chapter 1, Laws of 2009" does not include:

(A) Making an initial determination that a patient has a terminal disease and informing the patient of the medical prognosis;

(B) Providing information about the Washington death with dignity act to a patient upon the request of the patient;

(C) Providing a patient, upon the request of the patient, with a referral to another (physician) attending or consulting qualified medical provider; or

(D) A patient contracting with his or her attending (physician) qualified medical provider and consulting (physician) qualified medical provider to act outside of the course and scope of the provider's capacity as an employee or independent contractor of the sanctioning health care provider.

(3) Suspension or termination of staff membership or privileges under subsection (2) of this section is not reportable under RCW 18.130.070. Action taken under RCW 70.245.030, 70.245.040, 70.245.050, or 70.245.060 may not be the sole basis for a report of unprofessional conduct under RCW 18.130.180.

(4) References to "good faith" in subsection (1)(a), (b), and (c) of this section do not allow a lower standard of care for health care providers in the state of Washington.
