

RCW 70.190.085 Community networks—Sexual abstinence and activity campaign. The community network's plan may include funding for a student designed media and community campaign promoting sexual abstinence and addressing the importance of delaying sexual activity and pregnancy or male parenting until individuals are ready to nurture and support their children. Under the campaign, which shall be substantially designed and produced by students, the same messages shall be distributed in schools, through the media, and in the community where the campaign is targeted. The campaign shall require local private sector matching funds equal to state funds. Local private sector funds may include in-kind contributions of technical or other assistance from consultants or firms involved in public relations, advertising, broadcasting, and graphics or video production or other related fields. The campaign shall be evaluated using the outcomes required of community networks under this chapter, in particular reductions in the number or rate of teen pregnancies and teen male parentage over a three to five year period.
