

RCW 70.290.090 Vote to recommend termination of the association

—Disposition of funds. (1) The association board may, on or after June 30, 2015, vote to recommend termination of the association if it finds that the original intent of its formation and operation, which is to ensure more cost-effective purchase and distribution of vaccine than if provided through uncoordinated purchase by health care providers, has not been achieved. The association board shall provide notice of the recommendation to the relevant policy and fiscal committees of the legislature within thirty days of the vote being taken by the association board. If the legislature has not acted by the last day of the next regular legislative session to reject the board's recommendation, the board may vote to permanently dissolve the association.

(2) In the event of a voluntary or involuntary dissolution of the association, funds remaining in the universal purchase vaccine account created in RCW 43.70.720 that were collected under this chapter must be returned to the member health carrier and third-party administrators in proportion to their previous year's contribution, from any balance remaining following the repayment of any prepayments for start-up funding not previously recouped by such member. [2010 c 174 s 12.]
