

RCW 80.52.060 Form of ballot propositions. The proposition for each major public energy project listed upon a ballot pursuant to this chapter shall be in the form provided in this section.

(1) If the funds are intended to finance the planning or construction of all or a portion of the project, the proposition shall read substantially as follows:

"Shall (name of applicant) be authorized to spend (dollar amount of financing authority requested) to construct the (name of the project) (type of project) located at (location) , the anticipated total construction cost of which is (anticipated cost of construction) ?"

(2) If the financing authority is intended to finance the acquisition of all or a portion of the project from another party, the proposition shall read substantially as follows:

"Shall (name of applicant) be authorized to spend (dollar amount of financing authority requested) to acquire the (name of project) (type of project) located at (location) , the anticipated total acquisition cost of which is (anticipated cost of acquisition) ?"

[1981 2nd ex.s. c 6 s 6 (Initiative Measure No. 394, approved November 3, 1981).]
