230-50-010

Adjudicative proceedings—Hearings.

WAC 230-50-010 Adjudicative proceedings—Hearings. (1) Adjudicative proceedings shall be commenced for any and all matters wherein the commission is causing administrative charges to be brought against any applicant, licensee or permittee within the limitations to chapter 34.05 RCW as applicable.

(2) The commission shall afford an applicant for a license an opportunity for an adjudicative proceeding prior to denying such application, and shall afford a licensee the opportunity for an adjudicative proceeding prior to suspending or revoking a license.

(3) The commission will afford a person applying to the commission for approval of a pull-tab dispensing device under WAC 230-30-095 an opportunity for an adjudicative proceeding prior to denying approval of such device.

(4) No hearing will be conducted with respect to any adjudicative proceeding unless an application for an adjudicative proceeding and request for hearing is timely filed by the applicant or licensee with the commission in compliance with WAC 230-50-210. The application must be made upon a form to be obtained from the commission, or facsimile thereof, and must be received within 20 days following service upon the party affected by the commission or the director of a notice of administrative charges and opportunity for an adjudicative proceeding. Said document shall contain the maximum penalty that may be assessed should an application not be filed by the party affected. An application for an adjudicative proceeding and request for hearing shall accompany all notices of administrative charges.

(5) If an application for an adjudicative proceeding is not timely filed, then the party affected shall have waived the right to a hearing on the allegations set forth in the notice of administrative charges. The party shall be deemed to be in default pursuant to RCW 34.05.440 and the commission and director may take action against the party not to exceed the maximum penalty as stated in the notice of administrative charges and opportunity for an adjudicative proceeding, which action shall be final.

(6) The procedures of RCW 34.05.485, brief adjudicative proceedings, shall be used for the following purposes:

(a) All hearings in which the penalty sought by the commission is for a suspension of seven days or less;

(b) Hearings held pursuant to WAC 230-50-015 (stay of summary suspension);

(c) Hearings held pursuant to WAC 230-04-400(3) (failure to pay required gambling taxes);

(d) Hearings held pursuant to WAC 230-04-190 (10)(c) (two part payment plan: Failure to make second payment);

(e) Hearings in which the parties have stipulated to facts or the parties have stipulated to charges, and the hearing is limited to a determination of whether facts constitute violations as charged and/or determination of appropriate penalty to be imposed;

(f) Denial of an application to operate at a higher bingo license class when the licensee has been restricted by WAC 230-20-062;

(g) Hearings held pursuant to WAC 230-20-059 (failure for charitable or nonprofit organizations to contribute required funds to their stated purpose or maintain a positive adjusted cash flow);

(h) Hearings held pursuant to WAC 230-08-255 (failure for charitable or nonprofit organizations to make significant progress);

(i) Denial or revocation of extended card room hours pursuant to WAC 230-40-400;

(j) Denial of request for Phase II pursuant to WAC 230-40-810;

(k) Repeal of an approved card game pursuant to WAC 230-40-010; or

(l) Where the parties have stipulated to the use of brief adjudicative proceedings.

WAC 232-12-027 Game farm license provisions. It is unlawful to operate a game farm without a current, valid Washington state game farm license.

(1) Game farms licensed prior to January 1, 1992, may continue to possess, propagate, sell and transfer wildlife they lawfully possessed on January 1, 1992, under their license issued by the department. Transfers of wildlife other than those species listed under subsection (2) are restricted to licensed game farms authorized by written license to possess said wildlife.

(2) Game farms licensed on or after January 1, 1992, may purchase, possess, propagate, sell or transfer the following wildlife:

(a) Game birds - pheasant, of the genus *Phasianus*; gray partridge of the genus *Perdix*; chukar of the genus *Alectoris*; quail of the genus *Colinus*, *Callipepla*, and *Oreortyx*; waterfowl of the family *Anatidae*.

(3) Application for a game farm license shall be made on a form provided by the department.

(4) The director or designee of the director may issue, with conditions or restrictions, a game farm license, if the applicant meets the requirements of subsection (1) or (2) above and complies with the following criteria:

(a) The applicant is the owner or tenant of or has a possessory interest in the lands, waters, and riparian rights shown in the application.

(b) The rearing and holding facilities are adequate and structurally sound to prevent the egress of game farm wildlife.

(c) Operating conditions are clean and humane.

(d) No hazards to state wildlife exist from the operation.

(e) The license covers only the immediate premises and areas described on the application where wildlife will be held.

(5) Holders of a game farm license must make annual reports no later than the 15th of January to the director on forms to be furnished by the department.

(6) A licensed game farm must be inspected annually. All inspection costs will be paid by the licensee. The inspection must occur during the months of June, July, or August. An inspection form will be provided by the department and must be completed and signed by a licensed veterinarian or an agent authorized by the department. The inspection form must accompany the annual report and be submitted to the director no later than the 15th day of January.

(7) A game farm license is not required for captive-bred mink, *Mustela vison*, and captive-bred silver fox, *Vulpes fulva*, lawfully acquired from a licensed breeder fox or fur farm and held for fur farming purposes.

WAC 232-12-054 Archery requirements—Archery special use permits. (1) Rules pertaining to all archery:

(a) It is unlawful for any person to carry or have in his possession any firearm while in the field archery hunting, during an archery season specified for that area.

(b) It is unlawful to have any electrical equipment or electric device(s) attached to the bow or arrow while hunting.

(c) It is unlawful to shoot a bow and arrow from a vehicle or from, across or along the maintained portion of a public highway, except persons with a disabled hunter permit may shoot from a vehicle if the hunter is in compliance with WAC 232-12-828.

(d) It is unlawful to use any device secured to or supported by the bow for the purpose of maintaining the bow at full draw or in a firing position, except persons with an archery special use permit may, during deer and elk archery seasons, use a device that stabilizes and holds a long bow, recurve bow, or compound bow at a full draw, and may use a mechanical or electrical release.

(e) It is unlawful to hunt wildlife with a crossbow.

(f) It is unlawful to hunt big game animals with any arrow that does not have a sharp broadhead, and the broadhead blade or blades are less than seven-eighths inch wide.

(g) It is unlawful to hunt big game animals with a broadhead blade unless the broadhead is unbarbed and completely closed at the back end of the blade or blades by a smooth, unbroken surface starting at maximum blade width forming a

smooth line toward the feather end of the shaft and such line does not angle toward the point.

(2) Rules pertaining to long bow, recurve bow and compound bow archery:

(a) It is unlawful for any person to hunt big game animals with a bow that possesses less than 40 pounds of pull measured at twenty-eight inches or less draw length or has a greater than 65% reduction (let off) in holding weight at full draw.

(b) It is unlawful to hunt big game animals with any arrow measuring less than 20 inches in length or weighing less than 6 grains per pound of draw weight.

(3) Archery special use permits. An archery special use permit is available to a person who holds a valid big game combination package which includes deer or elk as a species option and who presents an archery special use permit application signed by a physician stating that the person's disability is permanent and the person has a loss of use of one or both upper extremities, has a significant limitation in the use of an upper extremity, or has a permanent physical limitation, which loss or limitation substantially impairs the ability to safely hold, grasp or shoot a long bow, recurve bow or compound bow. The loss or limitation may be the result of, but not limited to, amputation, paralysis, diagnosed disease, or birth defect. The approved archery special use permit must be in the physical possession of the person while using adaptive archery equipment as described in subsection (1)(d) of this section to hunt deer or elk.

WAC 232-12-071 Buying or selling game unlawful.

Unless prohibited by federal regulations, nonedible parts of wild animals, game birds or game fish lawfully taken may be offered for sale, sold, purchased or traded, **except**,

(1) It is unlawful to offer for sale, sell, purchase or trade the following unless authorized by a written permit issued by the director:

(a) Nonedible parts of cougar, bighorn sheep, or mountain goat.

(b) Velvet antlers of deer or elk.

(c) Gall bladder, claws, or teeth of bear, **except** those claws or teeth permanently attached to a full bear skin or mounted bear.

(2) It is unlawful to knowingly buy, sell, or otherwise exchange, or offer to buy, sell, or otherwise exchange the raw fur or carcass of a wild animal trapped in Washington with a body-gripping trap, whether or not pursuant to permit.

[Statutory Authority: RCW 77.12.040, 77.12.020, 77.32.070, 77.32.530, 01-10-048 (Order 01-69), § 232-12-071, filed 4/26/01, effective 5/27/01. WAC 232-12-141 Wild animal trapping. (1) The trapping season authorizes the taking of furbearing animals for their hides and pelts only. Furbearers may not be taken from the wild and held alive for sale or personal use without a special permit pursuant to WAC 232-12-064.

(2) Any wildlife trapped for which the season is not open shall be released unharmed. Any wildlife that cannot be

released unharmed must be left in the trap, and the department of fish and wildlife must be notified immediately.

(3) Lawfully trapped wild animals must be lethally dispatched or immediately released. A firearm may be used to dispatch trapped animals.

(4) It is unlawful to trap for wild animals:

(a) With body-gripping traps, EXCEPT as provided for in subsection (b).

(b) Conibear-type traps in water, nonstrangling foot snares, and padded foot-hold traps may be used for the following purposes with a permit issued by the director:

(i) To protect public health and safety, in consultation with the department of social and health services or the United States Department of Health and Human Services.

(ii) To abate damages caused to private property, domestic animals, livestock or timber, that cannot be reasonably abated by nonlethal control tools. Any person requesting a damage control permit must apply in writing, stating the threat or damages, the nonlethal control methods attempted or why they cannot be applied, and agree to use the above traps for no more than thirty days under the permit granted.

(iii) To protect threatened or endangered species, if such traps are used by department employees or agents.

(iv) To conduct wildlife research, EXCEPT that Conibear-type traps are prohibited for this purpose.

(c) Unless kill traps are checked and animals removed within seventy-two hours.

(d) Unless animals captured in restraining traps (any nonkilling set) are removed within twenty-four hours of capture.

(e) Using game birds, game fish or game animals for bait, except nonedible parts of game birds, game fish or game animals may be used as bait.

(f) Within thirty feet of any exposed meat bait or nonedible game parts which are visible to flying raptors.

(5) Game bird feathers may be used as an attractor.

WAC 232-12-142 Special trapping permit—Use of body-gripping traps. (1) As used in this section, unless the context clearly requires otherwise, the following definitions apply:

(a) "Animal" means any nonhuman vertebrate.

(b) "Animal problem" means any animal that threatens or damages timber or private property or threatens or injures livestock or any other domestic animal.

(c) "Body-gripping trap" means a trap that grips an animal's body or body part. Body-gripping trap includes, but is not limited to, unpadded foot-hold traps, padded foot-hold traps, Conibear traps, neck snares, and nonstrangling foot snares. Cage and box traps, suitcase-type live beaver traps,

and common rat and mouse traps are not considered body-gripping traps.

(d) "Conibear or Conibear-type trap" means any trap of various manufacturers having design and operational characteristics essentially the same as or like that developed by Frank Conibear and designed and set to grip and hold an animal's body across its main axis.

(e) "In water" means beneath the water surface so that the trap is completely submerged.

(f) "Nonstrangling-type foot snare" means a cable or wire designed and set to encircle and hold an animal's foot or limb.

(g) "Padded foot-hold trap" means a trap designed and set to grip the foot of an animal, both jaws of which are covered with rubber pads having a minimum thickness of one-eighth inch.

(h) "Permit" means a special trapping permit issued to a person under the authority of RCW 77.15.194 and the provisions of this section to use certain body-gripping traps to abate an animal problem for thirty days.

(i) "Permittee" means the person to whom a permit is granted.

(j) "Raw fur" means a pelt that has not been processed for purposes of retail sale.

(2) It is unlawful to trap animals using body-gripping traps without a permit issued by the department.

(3) It is unlawful to fail to comply with any conditions of a permit to trap.

(4) It is unlawful for any person issued a permit to fail to complete and submit to the department a report of animals taken under the permit. This report is due within ten days of the expiration date of the permit.

(5) It is unlawful to knowingly offer to sell, barter, or otherwise exchange the raw fur or carcass of a mammal that has been trapped pursuant to a permit.

(6) A person seeking a special trapping permit shall submit a complete application to the department. The applicant shall provide the following information:

(a) Applicant's name, address, and telephone number.

(b) Location(s) of animal problem (physical address or legal description including township, range, and section number).

(c) Description of the animal problem:

(i) Duration of the animal problem.

(ii) Description of the damage or potential damage being caused (i.e., crop, timber, property, livestock, or pet animals, etc.).

(iii) Any threat or potential threat to the health and/or safety of people.

(d) Species of animal causing the problem and, if known, the number of animals involved.

(e) Description of the measures taken to prevent or alleviate the problem or damage.

(f) Explanation of why the measures taken were ineffective to abate the problem or why such measures could not reasonably or effectively be used to abate the animal problem.

(g) Whether Conibear-type traps in water, padded foot-hold traps or nonstrangling-type foot snares will be used.

(h) Species and number of animals to be removed.

(7) For wildlife research, the applicant shall provide the following information:

- (a) Applicant's name, address, and telephone number.
- (b) Location(s) where wildlife trapping will occur (physical address or legal description including township, range, and section number).
- (c) Whether padded foot-hold traps or nonstrangling-type foot snares will be used.
- (d) Species and number of animals to be captured.
- (e) Research objective or proposal.
- (f) A copy of a valid department scientific collection permit.

(8) A completed report of animals taken pursuant to a special trapping permit shall include the following information:

- (a) Permittee's name, address, and telephone number.
- (b) The number of the permit for which the report is being submitted.
- (c) The common name of the animal(s) taken, the number of animals taken, and the disposition.
- (d) For any nontargeted animals taken, the common name of the animal, the number of animals, and the disposition.

(9) Successive permits for the same animal problem may be requested by completing the justification and applicant certification on the report of animals taken.

(10) The conditions of a special trapping permit shall include:

- (a) The term of the permit is thirty days.
- (b) Any body-gripping trap authorized under a permit shall be checked at least every twenty-four hours.
- (c) Each body-gripping trap authorized under a permit shall have attached to its chain or to the trap a legible metal tag with either the department identification number of the trapper or the name and address of the trapper in English letters not less than one-eighth inch in height.
- (d) Nontargeted species shall be released unharmed if possible.
- (e) Any mammal trapped pursuant to a permit must be lethally dispatched or released as soon as possible, unless taken for scientific research, in which case the animal may be retained alive if so provided in the permit.
- (f) The carcass of any mammal taken under a permit must be properly disposed of in a lawful manner.

(g) A copy of the permit shall be in the immediate possession of the person authorized to trap pursuant to a permit.

(11) A special trapping permit may be denied when, in the judgment of the department:

- (a) Other appropriate nonlethal methods have not been utilized;
- (b) The alleged animal problem either does not exist or the extent is insufficient to justify lethal removal;
- (c) The use of the requested body-gripping trap(s) would result in direct or indirect harm to people or domestic animals;
- (d) The use of the requested body-gripping trap(s) would conflict with federal or state law, local ordinance or department rule; or
- (e) The application is not complete.

(12) A special trapping permit may be revoked when, in the judgment of the department:

- (a) Information contained in the application was inaccurate or false;
 - (b) The permittee or person trapping under the permit fails to comply with any of the permit conditions; or
 - (c) The permittee or person trapping under the permit exceeds the number of animals authorized.
- (13) If the permit is denied or revoked, the department shall provide the applicant, in writing, a statement of the specific reason(s) for the denial or revocation. The applicant may request an appeal in accordance with chapter 34.05 RCW. Appeal requests shall be filed in writing and returned within twenty days from the mailing date of the denial and be addressed to WDFW Legal Services Office, 600 Capitol Way North, Olympia, Washington 98501-1091.

WAC 232-12-243 Public safety cougar removals. (1)

Definitions:

As used in this section and in the context of public safety cougar removals, the following definitions apply:

(a) "Confirmed" means qualified department staff is led to believe a cougar(s) was at the scene of the incident by interview of the complainant or observation of evidence at the scene.

(b) "Human-cougar safety incident" means aggressive or unusual behavior by a cougar which presents an actual or perceived threat to an individual.

(c) "Livestock or pet depredation" means incidents where livestock and/or pets are killed and/or injured by cougar.

(d) "Marginal cougar habitat" means those areas usually dominated by urban/suburban, developed lands with relatively high human densities.

(e) "Nuisance activity" means incidents associated with property disturbance, property damage, or livestock/pet harassment.

(f) "Preferred cougar habitat" means those areas usually dominated by rural, undeveloped lands with relatively low human densities.

(g) "Public safety need" means there exists a reasonable threat to human safety or property by one or more cougar, as indicated by the level of confirmed human-cougar safety incidents or livestock/pet depredations, and confirmed cougar sightings or nuisance activities.

(h) "Removal" means the act of killing one or more cougar with the aid of dogs.

(i) "Sighting" means a direct observation of one or more cougar, in urban or rural settings, near individuals or residences; typically more than chance observations.

(j) "Human-cougar interaction" means a human-cougar safety incident, livestock or pet depredation, cougar nuisance activity, or cougar sighting event.

(k) "Dog hunter" means a person that owns and hunts with dogs that are capable of detecting, tracking and treeing a cougar.

(2) Public safety cougar removal authorization: The commission authorizes the director to issue public safety cou-

gar removal permits consistent with this rule. Prior to issuing public safety cougar removal permits, the department shall use other practical alternatives to address a public safety need, including livestock or pet depredations. Other practical alternatives may include, but are not limited to, general cougar hunting seasons, general public information, educational programs, information to recreational hunters, cougar depredation/kill permits, and department capture and relocation/euthanasia of specific cougars.

(3) Public safety cougar removal criteria:

(a) The commission determines that when the above practical alternatives have been utilized within a game management unit, eleven confirmed human-cougar interactions per year, of which at least four must be confirmed human-cougar safety incidents or livestock/pet depredations, therein demonstrating that the practical alternatives have been inadequate to address the public safety need. The director then is authorized by the commission to remove one or more cougar, with the aid of dogs, in a selected area of that game management unit or nearby geographic area suitable for the use of dogs. The commission authorizes the director to remove one cougar per one hundred twenty square kilometers of complaint area in preferred cougar habitat, and one cougar per four hundred thirty square kilometers of complaint area in marginal cougar habitat.

(b) If warranted by conditions of this rule, public safety cougar removal(s) will be conducted annually between December 16th and March 15th in selected areas of game management units designated by the director to address a public safety need presented by one or more cougar.

(c) The department shall not target more than one hundred nine cougar during a public safety cougar removal period unless otherwise authorized by the commission.

(4) Public safety cougar removal permit issuance procedure.

(a) To participate in a public safety cougar removal, individuals must request that his/her name be placed on a list of available participants (participant list) by mailing their request to Washington Department of Fish and Wildlife, Enforcement Program - Public Safety Cougar Removal, 600 Capitol Way North, Olympia, WA 98501-1091. The request must include the individual's name, address, phone number, and game management units being applied for. Individuals may apply for no more than four game management units. An individual's request to be placed on a participant list for a removal period must be postmarked no later than November 1, or be received at the department's Olympia office no later than 5:00 p.m. on November 1, during the year the removal period begins.

(b) To be eligible for a public safety cougar removal permit (permit), the participant must be a dog hunter. The permit holder must use dogs while participating in a public safety cougar removal.

(c) Individuals eligible for participation in a public safety cougar removal will be randomly selected from the participant list. The department will issue a permit to the person whose name is selected from the participant list. Individuals selected will be notified by telephone or mail. Individuals selected must contact the department's enforcement program in Olympia and accept the public safety cougar removal per-

mit within fifteen days of being notified. Failure to contact the department will result in forfeit of the permit and the individual will be placed on the participant list for later selections. Permits may not be sold or reassigned.

(d) Permit holders must complete the department's public safety cougar removal education course prior to participating in a public safety cougar removal.

(5) Public safety cougar removals: Quota system and participation in cougar removal.

(a) The cougar removal period will be based on a quota system, where permit holders may hunt cougar until the allotted numbers of cougar have been removed from each game management unit or March 15, whichever is first.

(b) Permit holders who harvest a cougar before January 15 may continue hunting for a second cougar with dogs. The permit holder must purchase an additional cougar transport tag to hunt and harvest one additional cougar and the permit holder will be issued a second permit. Permit holders who harvest a cougar after January 15 are not eligible to harvest a second cougar with dogs.

(c) To verify if the cougar removal season is open or closed in each game management unit, the permit holders shall notify the department's enforcement program in Olympia at least twenty-four hours prior to exercising a public safety cougar removal permit.

(d) No more than four total individuals may participate per public safety cougar removal, including the permit holder(s). Only the permit holder, whose name appears on the permit, may take a cougar.

(e) Hunters killing a cougar during a public safety cougar removal must notify the department's enforcement program in Olympia within twenty-four hours after harvesting the cougar.

(f) The department reserves the right to accompany permit holders while participating in a public safety cougar removal.

(6) Public safety cougar removal general requirements.

(a) A valid big game hunting license which includes cougar as a species option is required to hunt cougar. One cougar transport tag is included with a big game license that has cougar as a species option. A second cougar transport tag must be purchased to take a second cougar. Individuals may participate in multiple public safety cougar removals, but must purchase a cougar transport tag for each cougar removed. Purchases in excess of two cougar transport tags must be made at department offices.

(b) It is unlawful to kill or possess spotted cougar kittens or adult cougars accompanied by spotted kittens. Individuals selected for a public safety cougar removal permit may take one cougar per permit and must take the first legal cougar available.

(c) Hunters may use any lawful big game modern firearm, archery, or muzzleloader equipment for hunting cougar. The use of dogs to hunt cougar is prohibited except during a public safety cougar removal.

(d) Any person who takes a cougar must notify the department within twenty-four hours of kill (excluding legal state holidays) and provide the hunter's name, date and location of kill, and sex of animal. The raw pelt of a cougar must be sealed by an authorized department employee within sev-

enty-two hours of the notification of kill. Any person who takes a cougar must present the cougar skull, in such a manner that teeth and biological samples can be extracted, to an authorized department employee at the time of sealing.

WAC 232-12-257 Use of waterfowl decoys. (1) On days open to waterfowl hunting, persons using lands or waters controlled by the department shall not:

- (a) Place waterfowl decoys prior to 4:00 a.m.;
 - (b) Allow or permit waterfowl decoys to be unattended or not in their immediate control for a period greater than one hour; or
 - (c) Fail to remove waterfowl decoys within two hours after the close of established daily hunting hours.
- (2) On days closed to waterfowl hunting, persons using lands or waters controlled by the department shall not place waterfowl decoys except as authorized by permit of the director.
- (3) It is unlawful to hunt waterfowl with the use or aid of battery-powered or other electronic devices as decoys.

(4) This regulation shall be enforced under RCW 77.15.400.

[Statutory Authority: RCW 77.12.040, 01-17-092 (Order 01-157), § 232-12-257, filed 8/20/01, effective 9/20/01. WAC 232-12-271 Criteria for planting aquatic plants and releasing wildlife. (1) Release by persons other than the director. It is unlawful for persons other than the director to plant aquatic plants or release any species, subspecies, or hybrids of animals which do not already exist in the wild in Washington. If such species, subspecies, or hybrid does already exist in the wild in Washington, it may be released within its established range by persons other than the director, but only after obtaining a permit from the director.

(a) Application for a permit must be made on a form provided by the department. It must be submitted at least thirty days prior to acquisition of the wildlife or aquatic plants intended for release or planting, and must provide all information indicated.

(b) Permits will only be issued if the director determines there will be no adverse impact on the wildlife or wildlife habitat of the state.

(c) Each permit shall require that at least thirty days prior to planting or release of wildlife or aquatic plants they must be made available for inspection by the director. It shall be the responsibility of the applicant to show that the wildlife will not pose a disease threat. If the director is not satisfied that the wildlife or aquatic plants do not pose a disease threat, they shall not be released or planted in the state. Director approval for release or planting may be withdrawn for cause.

(d) Each permit shall require that an applicant intending to release wildlife in the state shall report immediately to the director the outbreak of any disease among the wildlife intended to be released. If the director determines that such

outbreak presents a threat to the wildlife of the state, the director may immediately order such action as necessary including quarantine or destruction of stock, sterilization of enclosures and facilities, cessation of activities, and disposal of wildlife in a manner satisfactory to the director.

(e) Each permit shall require that wildlife to be released shall not be branded, tattooed, tagged, fin clipped or otherwise marked for identification without approval of the director or as required in WAC 232-12-044.

(f) Legally acquired pheasant of the genus *Phasianus*; gray partridge of the genus *Perdix*; chukar of the genus *Alectoris*; quail of the genus *Callipepla* and *Colinus*; and mallards (*Anas platyrhynchos*) may be released without a permit for purposes of dog training, and hunting pursuant to WAC 232-12-044. Game birds released for these purposes must be purchased from facilities that have been inspected by a certified veterinarian within the past twelve months.

(2) Release by the director. The director may plant aquatic plants or release animal species, subspecies, or hybrids which have been planted or released previously in Washington if they do not pose a disease threat and if planting or release will not cause adverse impact on the wildlife or wildlife habitat of the state. Before releasing any species, subspecies, or hybrid of animal not already existing in the wild in Washington, the director shall report to the commission on the planned release, stating the basis for determining that the planned release fulfills the criteria set forth herein. The director may release nonnative species, subspecies, or hybrids not previously released in Washington only if the director in his or her sole discretion has determined that:

(a) There is no reasonable expectation of adverse impact on the wildlife or wildlife habitat of the state and there is an adequate plan for evaluating such impact following the release;

(b) The commission has classified the species, subspecies, or hybrids to be released pursuant to RCW 77.12.020;

(c) Suitable habitat is available;

(d) The nonnative species, subspecies, or hybrids to be released are free of exotic pathogens;

(e) The release serves the public interest.

WAC 232-12-292 Bald eagle protection rules.

Purpose

1.1 The purpose of these rules is to protect the habitat and thereby maintain the population of the bald eagle so that the species is not classified as threatened, endangered or sensitive in Washington state. This can best be accomplished by promoting cooperative efforts to manage for eagle habitat needs through a process which is sensitive to the landowner goals as well. The following rules are designed to promote such cooperative management.

Authority

- 2.1 These rules are promulgated pursuant to RCW 77.12.655.

Definitions

- 3.1 "Communal roost site" means all of the physical features surrounding trees used for night roosting that are important to the suitability of the roost for eagle use. These features include flight corridors, sources of disturbance, trees in which eagles spend the night, trees used for perching during arrival or departure and other trees or physical features, such as hills, ridges, or cliffs that provide wind protection.
- 3.2 "Cultural activities" means activities conducted to foster the growth of agricultural plants and animals.
- 3.3 "Department" means department of fish and wildlife.
- 3.4 "Endangered" means a species which is seriously threatened with extirpation throughout all or a significant portion of its range within Washington.
- 3.5 "Government entities" means all agencies of federal, state and local governments.
- 3.6 "Landowner" means any individual, private, partnership, nonprofit, municipal, corporate, city, county, or state agency or entity which exercises control over a bald eagle habitat whether such control is based on legal or equitable title, or which manages or holds in trust land in Washington state.
- 3.7 "Nest tree" means any tree that contains a bald eagle nest or has contained a nest.
- 3.8 "Nest site" means all of the physical features surrounding bald eagle nests that are important to normal breeding behavior. These features include alternate and potential nest trees, perch trees, vegetative screening, foraging area, frequently used flight paths, and sources of disturbance. This site is also referred to as the territory defended by a breeding pair of eagles.
- 3.9 "Perch tree" means a tree that is consistently used by eagles. It is often close to a nest or feeding site and is used for resting, hunting, consumption of prey, mating display and as a sentry post to defend the nest.
- 3.10 "Predicides" means chemicals used to kill or control problem wildlife.
- 3.11 "Region" means an ecological/geographic area that forms a unit with respect to eagles, e.g., Hood Canal, lower Columbia River, outer coast and south Puget Sound.
- 3.12 "Sensitive" means any wildlife species native to the state of Washington that is vulnerable or declining and is likely to become endangered or threatened in a significant portion of its range within the state without cooperative management or removal of threats.
- 3.13 "Site management plan" means a legal agreement between the department and the landowner for man-

agement of a bald eagle nest or roost site. This plan may be a list of conditions on a permit or a more detailed, site-specific plan.

- 3.14 "Threatened" means a species that could become endangered within Washington without active management or removal of threats.

Applicability and operation

- 4.1 The department shall make available to other governmental entities, interest groups, landowners and individuals information regarding the location and use pattern of eagle nests and communal roosts.
- 4.2 The department shall itself and through cooperative efforts (such as memoranda of understandings pursuant to chapter 39.34 RCW) work with other government agencies and organizations to improve the data base for nest and communal roost site activity and productivity and to protect eagle habitats through site management plans.
- 4.3 The department's goal shall be to identify, catalog and prioritize eagle nest or communal roost sites. The department shall notify permitting agencies of nesting or roost site locations.
- 4.4 When a landowner applies for a permit for a land-use activity that involves land containing or adjacent to an eagle nest or communal roost site, the permitting agency shall notify the department.

If the department determines that the proposed activity would adversely impact eagle habitat, a site management plan shall be required. The department, a permitting agency, or wildlife biologist may work with the landowner to develop a plan. The department has final approval authority on all plans.

- 4.5 It is recognized that normal on-going agricultural activities of land preparation, cultivating, planting, harvesting, other cultural activities, grazing and animal-rearing activities in existing facilities do not have significant adverse consequences for eagles and therefore do not require a site management plan. New building construction, conversion of lands from agriculture to other uses, application of predicides and aerial pesticide spraying, may, following a conference with the department, be subject to the site management planning process described in these rules.
- 4.6 Emergency situations, such as insect infestation of crops, requires immediate action on the site management plan or special permission to address the impending crisis by the department.

Site management plan for bald eagle habitat protection

- 5.1 The purpose of the site management plan is to provide for the protection of specific bald eagle habitat in such a way as to recognize the special characteristics of the site and the landowner's property rights, goals and pertinent options. To this end, every land owner shall have fair access to the process including available incentives

and benefits. Any relevant factor may be considered, including, but not limited to, the following:

- 5.1.1 The status of the eagle population in the region.
- 5.1.2 The useful life of the nest or communal roost trees and condition of the surrounding forest; the topography; accessibility and visibility; and existing and alternative flight paths, perch trees, snags and potential alternative nest and communal roost trees.
- 5.1.3 Eagle behavior and historical use patterns, available food sources, and vulnerability to disturbance.
- 5.1.4 The surrounding land-use conditions, including degree of development and human use.
- 5.1.5 Land ownership, landowner ability to manage, and flexibility of available landowner options.
- 5.1.6 Appropriate and acceptable incentive mechanisms such as conservation easements, transfer or purchase of development rights, leases, mutual covenants, or land trade or purchase.
- 5.1.7 Published recommendations for eagle habitat protection of other government entities such as the U.S. Fish and Wildlife Service.
- 5.2 The site management plan may provide for
 - 5.2.1 Tailoring the timing, duration or physical extent of activities to minimize disturbance to the existing eagle habitat and, where appropriate, identifying and taking steps to encourage and create alternative eagle habitat; and
 - 5.2.2 Establishing a periodic review of the plan to monitor whether:
 - a) The plan requires amendment in response to changing eagle and landowner circumstances
 - b) The terms of the plan comply with applicable laws and regulations,
 - c) The parties to the plan are complying with its terms.
- 5.3 The site management plan may also provide for implementing landowner incentive and compensation mechanisms through which the existing eagle habitat can be maintained or enhanced.

Guidelines for acquisition of bald eagle habitat

- 6.1 Real property interests may be acquired and agreements entered into which could enhance protection of bald eagle habitat. These include fee simple acquisition, land trades, conservation easements, transfer or purchase of development rights, leases, and mutual covenants. Acquisition shall be dependent upon having a willing seller and a willing buyer. Whatever interest or method of protection is preferable will depend on

the particular use and ownership characteristics of a site. In discussing conservation objectives with private or public landowners, the department shall explore with the landowner the variety of protection methods which may be appropriate and available.

- 6.2 The following criteria and priorities shall be considered by the department when it is contemplating acquiring an interest in a bald eagle habitat.

6.2.1 Site considerations:

- a) Relative ecological quality, as compared to similar habitats
- b) Ecological viability—the ability of the habitat and eagle use to persist over time
- c) Defensibility—the existence of site conditions adequate to protect the eagle habitat from unnatural encroachments
- d) Manageability—the ability to manage the site to maintain suitable eagle habitat
- e) Proximity to food source
- f) Proximity to other protected eagle habitat
- g) Proximity to department land or other public land
- h) Eagle population density and history of eagle use in the area
- i) The natural diversity of native species, plant communities, aquatic types, and geologic features on the site.

6.2.2 Other considerations

- a) Ownership
- b) Degree of threat
- c) Availability of funding
- d) Existence of willing donor or seller and prior agency interest
- e) Cost

In general, priority shall be given to the most threatened high quality eagle habitats with associated natural values which require the least management.

Resolution of site management plan disputes

- 7.1 The department and the landowner shall attempt to develop a mutually agreeable site management plan within 30 days of the original notice to the department.
- 7.2 Should agreement not be reached, the landowner may request an informal settlement conference with the department.
- 7.3 If the landowner chooses not to use the informal settlement conference process or if resolution is not reached, the department shall within 15 days provide a site management plan to the landowner.

- 7.4 Upon issuance of a final site management plan, the landowner may initiate a formal appeal of the department's decision. The appeal shall be conducted according to the Administrative Procedure Act, chapter 34.05 RCW and the model rules of procedure, chapter 10-08 WAC.

A request for an appeal shall be in writing and shall be received by the department during office hours within thirty days of the issuance of the final site management plan. Requests for appeal shall be mailed to Department of Fish and Wildlife, 600 Capitol Way N., Olympia, Washington 98501-1091, or hand delivered to 1111 Washington Street S.E., Wildlife Program, Fifth floor. If there is no timely request for an appeal, the site management plan shall be unappealable.

The written request for an appeal shall be plainly labeled as "request for formal appeal" and shall contain the following:

- (a) The name, address, and phone number of the person requesting the appeal;
- (b) The specific site management plan that the person contests;
- (c) The date of the issuance of the site management plan;
- (d) Specific relief requested; and
- (e) The attorney's name, address, and phone number, if the person is represented by legal counsel.

The appeal may be conducted by the director, the director's designee, or by an administrative law judge (ALJ) appointed by the office of administrative hearings. If conducted by an ALJ, the ALJ shall issue an initial order pursuant to RCW 34.05.461. The director or the director's designee shall review the initial order and enter a final order as provided by RCW 34.05.464.

Penalties

- 8.1 Failure of a landowner to comply with the processes set forth in these rules or with the provisions of a site management plan approved by the department constitutes a misdemeanor as set forth in RCW 77.15.130.

[Statutory Authority: RCW 77.12.047, 77.12.655, 77.12.020. 02-02-062 (Order 01-283), § 232-12-292, filed 12/28/01, effective 1/28/02. Statutory Authority: RCW 77.12.655. 86-21-010 (Order 283), § 232-12-292, filed 10/3/86.]

WAC 232-12-297 Endangered, threatened, and sensitive wildlife species classification.

Purpose

- 1.1 The purpose of this rule is to identify and classify native wildlife species that have need of protection and/or management to ensure their survival as free-ranging populations in Washington and to define the process by which listing, management, recovery, and delisting of a species can be achieved. These rules are established to ensure that consistent procedures and criteria are followed when classifying wildlife as endangered, or the protected wildlife subcategories threatened or sensitive.

Definitions

For purposes of this rule, the following definitions apply:

- 2.1 "Classify" and all derivatives means to list or delist wildlife species to or from endangered, or to or from the protected wildlife subcategories threatened or sensitive.
- 2.2 "List" and all derivatives means to change the classification status of a wildlife species to endangered, threatened, or sensitive.
- 2.3 "Delist" and its derivatives means to change the classification of endangered, threatened, or sensitive species to a classification other than endangered, threatened, or sensitive.
- 2.4 "Endangered" means any wildlife species native to the state of Washington that is seriously threatened with extinction throughout all or a significant portion of its range within the state.
- 2.5 "Threatened" means any wildlife species native to the state of Washington that is likely to become an endangered species within the foreseeable future throughout a significant portion of its range within the state without cooperative management or removal of threats.
- 2.6 "Sensitive" means any wildlife species native to the state of Washington that is vulnerable or declining and is likely to become endangered or threatened in a significant portion of its range within the state without cooperative management or removal of threats.
- 2.7 "Species" means any group of animals classified as a species or subspecies as commonly accepted by the scientific community.
- 2.8 "Native" means any wildlife species naturally occurring in Washington for purposes of breeding, resting, or foraging, excluding introduced species not found historically in this state.
- 2.9 "Significant portion of its range" means that portion of a species' range likely to be essential to the long term survival of the population in Washington.

Listing criteria

- 3.1 The commission shall list a wildlife species as endangered, threatened, or sensitive solely on the basis of the biological status of the species being considered, based on the preponderance of scientific data available, except as noted in section 3.4.
- 3.2 If a species is listed as endangered or threatened under the federal Endangered Species Act, the agency will recommend to the commission that it be listed as endangered or threatened as specified in section 9.1. If listed, the agency will proceed with development of a recovery plan pursuant to section 11.1.
- 3.3 Species may be listed as endangered, threatened, or sensitive only when populations are in danger of failing, declining, or are vulnerable, due to factors includ-

ing but not restricted to limited numbers, disease, predation, exploitation, or habitat loss or change, pursuant to section 7.1.

- 3.4 Where a species of the class Insecta, based on substantial evidence, is determined to present an unreasonable risk to public health, the commission may make the determination that the species need not be listed as endangered, threatened, or sensitive.

Delisting criteria

- 4.1 The commission shall delist a wildlife species from endangered, threatened, or sensitive solely on the basis of the biological status of the species being considered, based on the preponderance of scientific data available.
- 4.2 A species may be delisted from endangered, threatened, or sensitive only when populations are no longer in danger of failing, declining, are no longer vulnerable, pursuant to section 3.3, or meet recovery plan goals, and when it no longer meets the definitions in sections 2.4, 2.5, or 2.6.

Initiation of listing process

- 5.1 Any one of the following events may initiate the listing process.
- 5.1.1 The agency determines that a species population may be in danger of failing, declining, or vulnerable, pursuant to section 3.3.
- 5.1.2 A petition is received at the agency from an interested person. The petition should be addressed to the director. It should set forth specific evidence and scientific data which shows that the species may be failing, declining, or vulnerable, pursuant to section 3.3. Within 60 days, the agency shall either deny the petition, stating the reasons, or initiate the classification process.
- 5.1.3 An emergency, as defined by the Administrative Procedure Act, chapter 34.05 RCW. The listing of any species previously classified under emergency rule shall be governed by the provisions of this section.
- 5.1.4 The commission requests the agency review a species of concern.
- 5.2 Upon initiation of the listing process the agency shall publish a public notice in the Washington Register, and notify those parties who have expressed their interest to the department, announcing the initiation of the classification process and calling for scientific information relevant to the species status report under consideration pursuant to section 7.1.

Initiation of delisting process

- 6.1 Any one of the following events may initiate the delisting process:
- 6.1.1 The agency determines that a species population may no longer be in danger of failing, declining, or vulnerable, pursuant to section 3.3.

- 6.1.2 The agency receives a petition from an interested person. The petition should be addressed to the director. It should set forth specific evidence and scientific data which shows that the species may no longer be failing, declining, or vulnerable, pursuant to section 3.3. Within 60 days, the agency shall either deny the petition, stating the reasons, or initiate the delisting process.

- 6.1.3 The commission requests the agency review a species of concern.

- 6.2 Upon initiation of the delisting process the agency shall publish a public notice in the Washington Register, and notify those parties who have expressed their interest to the department, announcing the initiation of the delisting process and calling for scientific information relevant to the species status report under consideration pursuant to section 7.1.

Species status review and agency recommendations

- 7.1 Except in an emergency under 5.1.3 above, prior to making a classification recommendation to the commission, the agency shall prepare a preliminary species status report. The report will include a review of information relevant to the species' status in Washington and address factors affecting its status, including those given under section 3.3. The status report shall be reviewed by the public and scientific community. The status report will include, but not be limited to an analysis of:
- 7.1.1 Historic, current, and future species population trends
- 7.1.2 Natural history, including ecological relationships (e.g. food habits, home range, habitat selection patterns).
- 7.1.3 Historic and current habitat trends.
- 7.1.4 Population demographics (e.g. survival and mortality rates, reproductive success) and their relationship to long term sustainability.
- 7.1.5 Historic and current species management activities.
- 7.2 Except in an emergency under 5.1.3 above, the agency shall prepare recommendations for species classification, based upon scientific data contained in the status report. Documents shall be prepared to determine the environmental consequences of adopting the recommendations pursuant to requirements of the State Environmental Policy Act (SEPA).
- 7.3 For the purpose of delisting, the status report will include a review of recovery plan goals.

Public review

- 8.1 Except in an emergency under 5.1.3 above, prior to making a recommendation to the commission, the agency shall provide an opportunity for interested parties to submit new scientific data relevant to the status report, classification recommendation, and any SEPA findings.

- 8.1.1 The agency shall allow at least 90 days for public comment.

Final recommendations and commission action

- 9.1 After the close of the public comment period, the agency shall complete a final status report and classification recommendation. SEPA documents will be prepared, as necessary, for the final agency recommendation for classification. The classification recommendation will be presented to the commission for action. The final species status report, agency classification recommendation, and SEPA documents will be made available to the public at least 30 days prior to the commission meeting.
- 9.2 Notice of the proposed commission action will be published at least 30 days prior to the commission meeting.

Periodic species status review

- 10.1 The agency shall conduct a review of each endangered, threatened, or sensitive wildlife species at least every five years after the date of its listing. This review shall include an update of the species status report to determine whether the status of the species warrants its current listing status or deserves reclassification.
- 10.1.1 The agency shall notify any parties who have expressed their interest to the department of the periodic status review. This notice shall occur at least one year prior to end of the five year period required by section 10.1.
- 10.2 The status of all delisted species shall be reviewed at least once, five years following the date of delisting.
- 10.3 The department shall evaluate the necessity of changing the classification of the species being reviewed. The agency shall report its findings to the commission at a commission meeting. The agency shall notify the public of its findings at least 30 days prior to presenting the findings to the commission.
- 10.3.1 If the agency determines that new information suggests that classification of a species should be changed from its present state, the agency shall initiate classification procedures provided for in these rules starting with section 5.1.
- 10.3.2 If the agency determines that conditions have not changed significantly and that the classification of the species should remain unchanged, the agency shall recommend to the commission that the species being reviewed shall retain its present classification status.
- 10.4 Nothing in these rules shall be construed to automatically delist a species without formal commission action.

Recovery and management of listed species

- 11.1 The agency shall write a recovery plan for species listed as endangered or threatened. The agency will write a management plan for species listed as sensitive. Recovery and management plans shall address the listing cri-

teria described in sections 3.1 and 3.3, and shall include, but are not limited to:

- 11.1.1 Target population objectives
- 11.1.2 Criteria for reclassification
- 11.1.3 An implementation plan for reaching population objectives which will promote cooperative management and be sensitive to landowner needs and property rights. The plan will specify resources needed from and impacts to the department, other agencies (including federal, state, and local), tribes, landowners, and other interest groups. The plan shall consider various approaches to meeting recovery objectives including, but not limited to regulation, mitigation, acquisition, incentive, and compensation mechanisms.
- 11.1.4 Public education needs
- 11.1.5 A species monitoring plan, which requires periodic review to allow the incorporation of new information into the status report.
- 11.2 Preparation of recovery and management plans will be initiated by the agency within one year after the date of listing.
- 11.2.1 Recovery and management plans for species listed prior to 1990 or during the five years following the adoption of these rules shall be completed within 5 years after the date of listing or adoption of these rules, whichever comes later. Development of recovery plans for endangered species will receive higher priority than threatened or sensitive species.
- 11.2.2 Recovery and management plans for species listed after five years following the adoption of these rules shall be completed within three years after the date of listing.
- 11.2.3 The agency will publish a notice in the Washington Register and notify any parties who have expressed interest to the department interested parties of the initiation of recovery plan development.
- 11.2.4 If the deadlines defined in sections 11.2.1 and 11.2.2 are not met the department shall notify the public and report the reasons for missing the deadline and the strategy for completing the plan at a commission meeting. The intent of this section is to recognize current department personnel resources are limiting and that development of recovery plans for some of the species may require significant involvement by interests outside of the department, and therefore take longer to complete.
- 11.3 The agency shall provide an opportunity for interested public to comment on the recovery plan and any SEPA documents.

Classification procedures review

- 12.1 The agency and an ad hoc public group with members representing a broad spectrum of interests, shall meet as needed to accomplish the following:
- 12.1.1 Monitor the progress of the development of recovery and management plans and status

reviews, highlight problems, and make recommendations to the department and other interested parties to improve the effectiveness of these processes.

- 12.1.2 Review these classification procedures six years after the adoption of these rules and report its findings to the commission.

Authority

- 13.1 The commission has the authority to classify wildlife as endangered under RCW 77.12.020. Species classified as endangered are listed under WAC 232-12-014, as amended.
- 13.2 Threatened and sensitive species shall be classified as subcategories of protected wildlife. The commission has the authority to classify wildlife as protected under RCW 77.12.020. Species classified as protected are listed under WAC 232-12-011, as amended.

WAC 232-28-248 Special closures and firearm restriction areas.

RESTRICTED AND PROHIBITED HUNTING AREAS.

These areas are closed by Fish and Wildlife Commission action. Other areas may be closed to hunting by local, state or federal regulations.

IT IS ILLEGAL TO HUNT EXCEPT WHERE PROVIDED IN THE FOLLOWING AREAS:

1. Little Pend Oreille National Wildlife Refuge: The southern part of the Little Pend Oreille National Wildlife Refuge in Stevens County is closed to hunting and discharge of firearms except during the periods of April 15-May 15 and October 1-December 31. This closure is south of a boundary beginning at the west project boundary in Section 3, Township 34 N, R 40 EWM, then easterly along Road 1.0 (Bear Creek Road) to the intersection with Road 2.0 (Blacktail Mountain Road) in Section 2, then easterly along Road 2.0 to the easterly boundary in Section 8, Township 34 N, R 42 EWM.

The Little Pend Oreille National Wildlife Refuge north of the preceding boundary is open to all legally established hunting seasons from April 15 to May 15 and September through December.
2. Parker Lake: All lands south of Ruby Creek Road (USFS Road 2489), north of Tacoma Creek Road (USFS Road 2389) and west of Bonneville Power Administration power lines are designated as "CLOSED AREA" to the hunting of wild animals and wild birds year round. Both the Little Pend Oreille (1) and Parker Lake (2) closures were established to provide a protected area for the Air Force Military Survival Training Program.
3. Columbia River and all the islands in the river, and the Benton County shoreline below the high water mark, and any peninsula originating on the Benton County shoreline, between Vernita Bridge (Highway 24) downstream to the old Hanford townsite powerline crossing (wooden towers) in Section 24, T 13 N, R 27 E, is designated as a "CLOSED AREA" to the hunting of wild animals and wild birds.
4. Green River (GMU 485): Except for special permit hunters, who may also take a black bear and/or cougar with the appropriate license/tag options, all lands within GMU 485 are designated as a "CLOSED AREA" to the hunting of big game by Department of Fish and Wildlife regulated hunters throughout the year. During the general westside elk season and general and late deer seasons, all lands within GMU 485 are also designated as a "CLOSED AREA" to the hunting of all wild animals (including wild birds). The City of Tacoma enforces trespass within GMU 485 on lands owned or controlled by the City during all times of the year.
5. McNeil Island: McNeil Island (part of GMU 652) is closed to the hunting of all wild animals (including wild birds) year around.
6. Loo-wit (GMU 522): Closed to hunting and trapping within GMU 522 (Loo-wit).

7. The Voice of America Dungeness Recreation Area County Park in Clallam County is closed to all hunting except Wednesdays, weekends, and holidays, from the first weekend in October to the end of January.

BIG GAME CLOSURES

1. Clark, Cowlitz, Pacific, and Wahkiakum counties are closed to Columbian Whitetail Deer hunting.
2. Cathlamet: Beginning in the town of Skamokawa; then east along SR 4 to the Risk Road; then south and east along the Risk Road to Foster Road; then south along the Foster Road to the Elochoman River; then upstream along the Elochoman River to the Elochoman Valley Road (old SR 407); then west along the Elochoman Valley Road to SR 4; then east along SR 4 to SR 409; then south along SR 409 to the Cathlamet Channel of the Columbia River; then east along the north shore of the Cathlamet Channel to Cape Horn; then south in the Columbia River to the state line; then west along the state line to a point directly south of the mouth of Skamokawa Creek; then north on Skamokawa Creek to SR 4 and the point of beginning. This area is closed to all deer and elk hunting, to protect the Columbian White-tail Deer.
3. Willapa National Wildlife Refuge: Except for Long Island, Willapa National Wildlife Refuge is closed to all big game hunting.
4. Walla Walla Mill Creek Watershed (GMU 157): All lands in the Mill Creek Watershed are designated as a "CLOSED AREA" to the hunting of all wild animals (including wild birds) except for holders of special elk permits during the established open season. This area is closed to motorized vehicles. Entry is allowed only by Forest Service permit for the duration of the hunt. Any entry into the Mill Creek Watershed at other times is prohibited.
5. Westport: Closed to hunting of all big game animals on that part of Westport Peninsula lying north of State Highway 105 from the west end of the Elk River Bridge and the Schafer Island Road to the ocean beach.

FIREARM RESTRICTION AREAS

The firearm restriction areas listed below have been established by the Fish and Wildlife Commission. Centerfire and rimfire rifles are not legal for hunting in these areas.

In firearm restriction areas, hunters may hunt only during the season allowed by their tag. Archery tag holders may hunt during archery seasons with archery equipment. Muzzleloaders may hunt during muzzleloader seasons with muzzleloader equipment except in the GMU 652 restriction area outlined for King County. Modern firearm tag holders may hunt during modern firearm seasons with bows and arrows, muzzleloaders or revolver-type handguns meeting the equipment restrictions or legal shotguns firing slugs or buckshot.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 232-28-279 2000-2002 Elk general seasons and 2001-2002 special permits.

Bag Limit: One (1) elk per hunter during the 2001 hunting season.

Hunting Method: Elk hunters must select only one of the hunting methods (modern firearm, archery, or muzzleloader).

Elk Tag Areas: Elk hunters must choose either Eastern or Western Washington to hunt in and buy the appropriate tag for that area.

Any Bull Elk Seasons: Open only to the taking of male elk with visible antlers (bull calves are illegal).

Spike Bull Restrictions: Bull elk taken in these GMUs must have at least one antler that is a spike above the ears (does not branch above ears). An animal with branched antlers on both sides is illegal but an animal with a spike on one side is legal in spike only units.

Spike Only GMUs: 145-154, 162-186, 249-251, 328, 329, and 335-368.

3 Point Restriction: Legal bull elk taken must have at least 3 antler points on one side only. Antler points may include eye guards, but antler points on the lower half of the main beam must be at least four (4) inches long measured from antler tip to nearest edge of beam; all other antler points must be at least one (1) inch long. Antler restrictions apply to all hunters during any open season.

3 Point GMUs: All of Western Washington except for GMUs 454, 564, 568, 574, 578, and 588 and Muzzleloader Area 941.

GMUs Closed to Elk Hunting: 418 (Nooksack), and 437 (Sauk) except for ML Elk Area 941, 485 (Green River), 490 (Cedar River), 522 (Loo-wit) and 636 (Skokomish).

Special Permits: Only hunters with elk tag prefix identified in the Special Elk Permits tables may apply for special bull or antlerless permits. Please see permit table for tag eligibility. Hunters drawn for a special permit may hunt only with a weapon in compliance with their tag and during the dates listed for the hunt.

Elk Tag Areas

Eastern Washington: All 100, 200, and 300 GMUs except permit only in GMUs 127 and 130 for modern firearm hunters and permit only for all hunters in GMUs 157 and 371. Modern firearm restrictions in GMU 334.

WAC 232-28-290 Washington raffle hunts. 1. The commission, in consultation with the director, may authorize hunts for big game animals and wild turkey through raffle.

2. When a raffle hunt is adopted by the commission the director may conduct the raffle or may award a contract to a nonprofit wildlife conservation organization (hereafter referred to as "organization") to market and conduct the raffle

drawing. The department of fish and wildlife shall solicit bids consistent with established state competitive bid rules.

3. There is no limit on the number of raffle tickets a person may purchase.

4. The organization interested in conducting a raffle for an authorized hunt shall submit a proposal outlining its experience and plan to conduct a raffle. The proposal shall include:

a. Name of the organization, articles of incorporation, and contact person.

b. The date, time; and place of the proposed raffle drawing.

c. The approximate number of raffle tickets expected to be sold.

d. Past experience in conducting raffles.

e. Marketing strategies to be used.

f. Portion of revenue proposed to be retained by the organization.

5. The director will select an organization to conduct a raffle.

a. Revenue potential to the department will be a primary criterion in applicant selection.

b. The department shall enter into a contract with the organization identifying specific terms of the contract.

c. The director may authorize the organization to sell raffle tickets for the department and retain a portion of the revenue from the tickets sold.

6. The following are rules for raffles conducted by a director authorized nonprofit wildlife conservation organization.

a. The organization shall notify the public about the raffle hunt opportunity and offer raffle tickets for sale.

b. The public must be informed of the date, time, and place of the raffle, and the organization must hold the drawing as specified.

c. The drawing must be accessible to the public.

d. Raffle ticket sales must be completed prior to the public drawing. An accounting must be made of raffle tickets and funds received. A representative of the department will monitor the drawing.

e. One winner and two alternates shall be drawn at the drawing.

f. The organization shall notify the department of the name, address, and telephone number of the raffle winner and two alternates immediately (but no later than two business days) after the drawing.

g. The department's share of the raffle revenue shall be delivered to the department within 30 (thirty) business days of the drawing.

7. The following are rules for raffles conducted by the department.

a. The department shall notify the public about the raffle hunt opportunity and offer raffle tickets for sale.

b. The department shall inform the public of date and place of the raffle, and hold the drawing as specified.

c. Raffle ticket sales must be complete prior to the drawing.

d. One winner and two alternates shall be drawn at the drawing.

8. The department will notify the winner and two alternates by telephone and by certified mail. The department will obtain enough information from the winner to issue the appropriate hunting license and transport tag(s).

9. If the winner does not contact the department within 15 business days of the drawing, the first alternate will be contacted and offered the raffle hunt. If the first alternate cannot be contacted within 10 business days after the winner disqualification deadline, the second alternate will be contacted and offered the raffle hunt. If the second alternate cannot be contacted within 10 business days after the first alternate disqualification deadline, the raffle hunt will not be offered by the department.

10. There shall be no refunds for any raffle ticket purchases.

11. The deer raffle winner may purchase an additional deer hunting license and transport tag and the elk raffle winner may purchase an additional elk hunting license and transport tag if desired. Even if drawn in a previous license year for a mountain goat, bighorn sheep, or moose hunt a hunter may participate in a raffle hunt. Turkey raffle winners may purchase up to three additional turkey licenses and transport tags.

12. Hunting licenses or transport tags obtained pursuant to a raffle may not be resold or reassigned.

13. All revenue to the department from a raffle shall be used for the management and benefit of that species, except the hunting license and transport tag fees for the appropriate species shall be deducted from the raffle revenue.

[Statutory Authority: RCW 77.12.040, 77.12.020, 77.32.070, 77.32.530, 01-10-048 (Order 01-69), § 232-28-290, filed 4/26/01, effective 5/27/01.]

WAC 232-28-291 Special hunting season permits.

The commission may establish special hunting seasons limited to species and/or weapon type.

1. Deer, elk, cougar, or black bear special hunting season permit applications:

A. To apply for special hunting season permits for deer, elk, cougar, or black bear applicants must have a valid Washington big game hunting license and a valid transport tag for the appropriate species. To apply for a particular hunt, each applicant for deer or elk must have the proper transport tag as identified in the special deer or elk permit regulations.

B. No refunds or exchanges for deer, elk, cougar, or black bear hunting licenses or transport tags will be made for persons applying for special hunting season permits after the permit drawing has been held.

C. A holder of a deer, elk, cougar, or black bear special hunting season permit may hunt only with a weapon in compliance with the special hunting season.

2. Mountain goat, moose, and bighorn sheep special hunting season permit applications:

A. Persons who have previously drawn and accepted a special hunting season permit for Washington mountain goat, bighorn sheep, or moose are ineligible to apply for a special hunting season permit for that species. This lifetime permit holder restriction does not apply to mountain goat permits acquired before 1999, raffle or auction hunt authorizations, or youth-only moose hunts.

B. Successful applicants under this section must purchase the appropriate hunting license within fifteen days of notification by the department. Failure to purchase forfeits the permit to an alternate applicant.

C. No refunds for mountain goat, moose, or bighorn sheep hunting licenses will be made for persons successfully drawing and purchasing special hunting season permits.

3. Wild turkey special hunting season permit applications:

A. To apply for wild turkey special hunting season permits, each applicant must have a valid small game hunting license.

B. No refunds for small game hunting licenses will be made, regardless of success in the drawing for wild turkey special hunting season permits.

C. Wild turkey special hunting season permit holders must have a valid turkey transport tag in possession to hunt turkeys in the special hunting season.

4. Special hunting season permit applications:

A. Group applications will be accepted for any species with a group size larger than one. Maximum group sizes are determined for each species. If a group application is drawn, all hunters in the group will receive a special hunting season permit and each hunter in the group can take an animal.

i. Maximum group size for deer is 12.

- ii. Maximum group size for elk is 12.
- iii. Maximum group size for bear is 2.
- iv. Maximum group size for cougar is 2.
- v. Maximum group size for mountain goat is 2.
- vi. Maximum group size for bighorn sheep is 1.
- vii. Maximum group size for turkey is 4.
- viii. Maximum group size for moose is 1.

B. An applicant may purchase only one application for a special hunting season permit for each species.

C. Permits will be drawn by computer selection using a weighted point selection system.

D. Incomplete applications will not be accepted.

E. If an applicant makes a mistake, applies for the wrong hunt, and is successfully drawn, the special hunting season permit can be returned to the Department of Fish and Wildlife Olympia headquarters before the opening day of the special hunting season or the opening day of the general hunting season, whichever comes first. The applicant's points will be restored to the level prior to the permit drawing.

F. Anyone may apply for a special hunting season permit for deer, elk, bear, cougar, and wild turkey.

5. In addition to requirements for special hunting season permit applications, following are application requirements for:

A. Special hunting seasons for persons of disability: Only applicants with a Washington disabled hunter permit are eligible to apply for any special hunting season permits for persons of disability.

B. Special hunting seasons for youth: Only persons who are eligible to lawfully purchase a youth hunting license are eligible to apply for special hunting season permits for youth.

C. Special hunting seasons for hunters age 65 and older: Only applicants sixty-five years of age or older on or before March 31 of the current license year will be eligible to apply for special hunting season permits for hunters age 65 and older.

D. Special hunting seasons for advanced hunter education graduates: Only persons who hold a valid certificate from the Washington department of fish and wildlife advanced hunter education (AHE) program are eligible to apply for special hunting season permits for AHE hunters.

6. Citizen reward for reporting violations - bonus points: A person who provides information which contributes substantially to the arrest of another person for illegally killing big game or an endangered species as defined by Title 77 RCW is eligible to receive ten bonus points toward the special hunting permit drawing for deer or elk special hunting season permits.

A. Only ten bonus points can be awarded for providing information for each person charged regardless of the number of violations involved.

B. Selection of bonus points is in lieu of application for a cash award.

[Statutory Authority: RCW 77.12.040, 77.12.020, 77.32.070, 77.32.530. 01-10-048 (Order 01-69), § 232-28-291, filed 4/26/01, effective 5/27/01.]

WAC 232-28-292 Washington auction hunts. 1. The commission, in consultation with the director, may authorize hunts for big game animals and wild turkeys through auction.

2. When an auction hunt is adopted by the commission, the director shall solicit nonprofit wildlife conservation organizations (hereafter referred to as "organizations") to bid to market and conduct a public auction for the special auction hunt. The department of fish and wildlife shall solicit bids consistent with established state competitive bid rules.

3. The organization interested in conducting an auction for an authorized hunt shall submit a proposal outlining its experience and plan to conduct a public auction. The proposal shall include:

- a. Name of the organization, articles of incorporation, and contact person.
- b. The date, time, and place of the proposed public auction.
- c. The approximate number of people expected to attend the auction.
- d. Past experience in conducting auctions.
- e. Marketing strategies to be used.
- f. Portion of revenue proposed to be retained by the organization.

4. The director will select an organization to conduct an auction.

a. Revenue potential to the department will be a primary criterion in applicant selection.

b. The department shall enter into a contract with the organization identifying specific terms of the contract.

5. The organization shall notify the public about the auction hunt opportunities.

a. The public must be informed of the date, time, and place of the auction and, the organization must hold the auction as specified.

b. The auction must be accessible to the public.

c. Anyone may bid on an auction permit.

d. The organization shall award the hunt to the highest qualified bidder who will then become the auction hunt hunter.

e. The organization shall notify the department of the name and address of the successful bidder within two days of the auction.

f. The department's share of the auction revenue shall be delivered to the department within 30 days of the auction.

6. All revenue to the department from an auction shall be used for the management and benefit of that species. Except, that the hunting license fees for the appropriate species shall be considered part of the auction price and be deducted from the auction revenue. A hunting license and transport tag will be mailed to the successful bidder.

7. The deer auction winner may purchase an additional deer hunting license and transport tag, and the elk auction winner may purchase an additional elk hunting license and transport tag. Even if drawn in a previous license year for a mountain goat, bighorn sheep, or moose hunt, a hunter may participate in an auction hunt.

8. Hunting licenses or transport tags obtained pursuant to an auction may not be resold or reassigned.

9. The auction hunt hunter shall comply with all applicable hunting rules and regulations.

[Statutory Authority: RCW 77.12.040, 77.12.020, 77.32.070, 77.32.530. 01-10-048 (Order 01-69), § 232-28-292, filed 4/26/01, effective 5/27/01.]

WAC 232-28-293 PLWMA raffle hunts. The commission, in consultation with the director and by agreement with a private lands wildlife management area (PLWMA), may authorize hunts for big game animals through raffle.

1. The PLWMA manager will conduct the raffle drawing. Raffle tickets will be sold for not more than \$25.00 each.

2. Any person may purchase PLWMA raffle tickets in addition to WDFW raffle tickets and participate in auctions and special hunting season permit drawings.

3. The PLWMA raffle winners must possess the appropriate hunting license and transport tag prior to participating in the PLWMA raffle hunt.

4. The PLWMA deer or elk raffle hunt winners may purchase an additional deer or elk hunting license and obtain a second transport tag if desired.

5. If an additional deer or elk hunting license and transport tag are acquired by a raffle winner, the additional transport tag can only be used on the PLWMA during the raffle hunt.

6. The additional deer or elk hunting license and transport tag must be issued by the Olympia department headquarters licensing division.

7. Hunting licenses or transport tags obtained pursuant to a raffle may not be resold or reassigned.

8. The PLWMA manager conducting an authorized raffle will provide an annual report to the department of fish and wildlife prior to December 31. The report will include information on how the event was administered, where and when it occurred, who the winners were, the cost of tickets, and the number of tickets sold.

9. Anyone may participate in PLWMA raffles.

[Statutory Authority: RCW 77.12.040, 77.12.020, 77.32.070, 77.32.530. 01-10-048 (Order 01-69), § 232-28-293, filed 4/26/01, effective 5/27/01.]

WAC 232-28-299 Mandatory report of hunting activity. (1) All hunters purchasing a hunting license must report their hunting activity for deer, elk, bear, or turkey.

a) Hunters must report hunting activity, for each tag acquired, by January 31.

b) Reports must be made using the department's designated automated telephone hunter reporting system (toll free) or internet hunter reporting system.

c) Any hunter not reporting, for each tag acquired, by January 31 will be in noncompliance of reporting requirements.

d) Compliance will be credited for each species for which a transport tag is acquired.

(2) As an incentive for prompt reporting, all successful hunters who report harvest within 10 days of killing an animal and unsuccessful hunters who report by midnight January 10 will be entered into a drawing for special deer and elk incentive permits. To be eligible for the drawing, hunters must report their hunting activity for each transport tag acquired.

a) There will be two (2) any elk special incentive permits for western Washington and two (2) for eastern Washington for use in any area open to general or permit hunting seasons EXCEPT private lands wildlife management areas and GMUs 157 and 485.

b) There will be five (5) statewide any deer special incentive permits, for use in any area open to general or permit hunting seasons EXCEPT private lands wildlife management areas and GMUs 157 and 485.

c) Open season: The deer or elk special incentive permit hunter must use archery equipment during archery seasons, muzzleloader equipment during muzzleloader seasons, and any legal weapon at other times if there are no firearm restrictions.

d) The dates for the hunts will be September 1 to December 31.

e) Hunters awarded the special incentive permit will be required to send the appropriate license fee to the department of fish and wildlife headquarters in Olympia. The department will issue the license and transport tag and send it to the special incentive permit winner.

f) Bag limit: One additional deer or elk.

(3) Beginning with license year 2002 and there after, hunters who have not reported hunting activity for the tags acquired the previous year will be required to complete a hunting report for those species before a new license for that species will be issued.

[Statutory Authority: RCW 77.12.040, 77.12.020, 77.32.070, 77.32.530. 01-10-048 (Order 01-69), § 232-28-299, filed 4/26/01, effective 5/27/01.]

Open on the following days from 8:00 a.m. to 4:00 p.m.: Saturdays, Sundays, and Wednesdays only, Nov. 10 - Dec. 30, 2001.

Bag limits for Goose Management Areas 2A and 2B:

Daily bag limit: 4 geese, to include not more than 1 dusky Canada goose, and not more than 3 snow, Ross', or blue geese.

Possession limit: 8 geese, to include not more than 1 dusky Canada goose, and not more than 6 snow, Ross', or blue geese.

Season limit: 1 dusky Canada goose.

A dusky Canada goose is defined as a dark-breasted (as shown in the Munsell color chart 10 YR, 5 or less) Canada goose with a culmen (bill) length of 40-50 mm.

Special Provisions for Goose Management Areas 2A and 2B:

The Canada goose season for Goose Management Areas 2A and 2B will be closed early if dusky Canada goose harvests exceed area quotas which collectively total 80 geese. The fish and wildlife commission has authorized the director to implement emergency area closures in accordance with the following quotas: A total of 80 dusks, to be distributed 10 for Zone 1 (Ridgefield NWR); 25 for Zone 2 (Cowlitz County south of the Kalama River); 20 for Zone 3 (Clark County except Ridgefield NWR); 10 for Zone 4 (Cowlitz County north of the Kalama River and Wahkiakum County); 10 for Zone 5 (Pacific County); and 5 for Zone 6 (Grays Harbor County). Quotas may be shifted to other zones during the season to optimize use of the statewide quota and minimize depredation.

Hunting is only permitted by written authorization from the Washington department of fish and wildlife. Hunters who maintained a valid 2000-01 written authorization will be mailed a 2001-02 authorization card prior to the 2001-02 season. New hunters and those who did not maintain a valid 2000-01 authorization must review goose identification training materials and score a minimum of 80% on a goose identification test to receive written authorization. Hunters who fail a test must wait 28 days before retesting, and will not be issued a reciprocal authorization until that time. Information on training materials and testing dates/locations is available at the Olympia and regional offices.

With written authorization, hunters will receive a harvest report. Hunters must carry the authorization card and harvest report while hunting. Immediately after taking a Canada goose (dusky, lesser/Taverner, cackling, or other subspecies) into possession, hunters must record in ink the information required on the harvest report. Hunters must go directly to the nearest check station and have geese tagged when leaving a hunt site, before 6:00 p.m. If a hunter takes the season bag limit of one dusky Canada goose or does not comply with requirements listed above regarding checking of birds and recording harvest on the harvest report, written authorization will be invalidated and the hunter will not be able to hunt Canada geese in Goose Management Areas 2A and 2B for the remainder of the season and the special late Canada goose season. It is unlawful to fail to comply with all provisions listed above for Goose Management Areas 2A and 2B.

Goose Management Area 2A**Special Late Canada Goose Season**

Open to Washington department of fish and wildlife advanced hunter education (AHE) program graduates and youth hunters (15 years of age or under, who are accompanied by an AHE hunter) possessing a valid 2001-02 southwest Washington Canada goose hunting authorization, in areas with agricultural goose damage in Goose Management Area 2A on the following days, from 7:00 a.m. to 4:00 p.m.:

Saturdays, Sundays, and Wednesdays, January 19 - March 10, 2002.

Daily bag limit: 4 Canada geese, to include not more than 1 dusky Canada goose.

Possession limit: 8 Canada geese, to include not more than 1 dusky Canada goose.

Season limit: 1 dusky Canada goose.

A dusky Canada goose is defined as a dark-breasted Canada goose (as shown in the Munsell color chart 10 YR, 5 or less) with a culmen (bill) length of 40-50 mm.

Hunters qualifying for the season will be placed on a list for participation in this hunt. Washington department of fish and wildlife will assist landowners with contacting qualified hunters to participate in damage control hunts on specific agricultural lands incurring goose damage. The special late Canada goose season will be closed by emergency action if the harvest of dusky Canada geese exceeds 85 for the regular and late seasons. All provisions listed above for Goose Management Areas 2A and 2B regarding written authorization, harvest reporting, and checking requirements also apply to the special late season; except hunters must confirm their participation at least 24 hours in advance by calling the goose hunting hotline (listed on hunting authorization), and hunters must check out by 5:00 p.m. on each hunt day regardless of success. It is unlawful to fail to comply with all provisions listed above for the special late season in Goose Management Area 2A.

Goose Management Area 3

BRANT

Open in Skagit and Pacific counties only on the following dates:

Nov. 17, 18, 21, 24, and 25, 2001.

Jan. 12, 13, 16, 19, and 20, 2002.

In January 2001, the brant wintering population in Padilla/Samish/Fidalgo bays was below objective levels and the January 2001 season was canceled. If the 2001-02 pre-season wintering brant population in Skagit County is below 6,000 (as determined by the winter survey in late December/early January), the January 2002 brant season in Skagit County will be canceled.

WRITTEN AUTHORIZATION REQUIRED: All hunters participating in this season are required to obtain a written authorization and harvest report from the Washington department of fish and wildlife. Hunters who held a 2000-01 authorization will be mailed a 2001-02 authorization in December. Hunters who did not possess a 2000-01 authorization must fill out an application (available at Washington department of fish and wildlife regional offices). Application forms must be delivered to a department office no later than 5:00 p.m. on November 9 or postmarked on or before November 9, after which applicants will be mailed a 2001-02 authorization in December. Late applications will not be accepted. Immediately after taking a brant into possession, hunters must record in ink the information required on the harvest report. Return of the harvest report is mandatory. Those hunters not returning the harvest report to the Washington department of fish and wildlife by January 31, 2002, will be ineligible to participate in the 2002-03 brant season.

Bag limits for Skagit and Pacific counties:

Daily bag limit: 2 brant.

WAC 232-28-515 Trapping seasons and regulations.

Trapping Regulations

To be issued your first Washington State trapping license an individual must pass the Washington State trapper education exam.

A trapping license will only be issued to a trapper that has returned the mandatory trapper report of catch postmarked on or before April 10 of the previous year. A trapper that fails to submit a report of catch must wait one year before purchasing another trapping license. False reports will be considered the same as failure to return the catch report.

It is unlawful to: Trap for wild animals before October 1, and after March 15, in western Washington, except that owners of, or persons legally controlling a property (or their designee) may trap unclassified wild animals that are causing damage or depredating on said property.

It is unlawful to: Place traps or establish drowning wires and weights prior to 7:00 a.m. on the opening date of the trapping season. All opening and closing season dates are inclusive.
