### WAC 16-750-020 Noxious weeds—Civil infractions—Schedule of monetary penalties. Civil infractions under chapter 17.10 RCW shall be assessed a monetary penalty according to the following schedule:

1. Any owner knowing of the existence of any noxious weeds on the owner’s land who fails to control the noxious weeds will be assessed the following monetary penalties. The penalties are assessed per parcel, per noxious weed species, per day after expiration of the notice to control filed pursuant to RCW 17.10.170:

   (a) Any Class A noxious weed:
   - 1st offense within five years $750
   - 2nd and any subsequent offense $1,000

   (b) Any Class B designate noxious weed in the noxious weed control region in which the land lies:
   - 1st offense within five years $500
   - 2nd offense 750
   - 3rd and any subsequent offense 1,000

### WAC 16-750-022 Noxious weed list—Listing process. The noxious weed list is adopted annually by the Washington state noxious weed control board. The listing process is open to the public, and there are several opportunities for participation. The process of considering changes to the list begins with the board’s noxious weed committee. The weed listing process consists of the following steps each year:

1. The board accepts proposals to make additions, deletions, or changes to the weed list between January and the end of April.
2. Starting in May, the committee reviews and evaluates the proposals and may conduct additional research including literature reviews, surveys of counties, discussions with other states, and field investigations during its deliberations, which continue into September.
3. The board considers the committee’s recommendations in September and votes on which proposed changes to include in a public hearing, typically held in November.
4. The board solicits public comment at the public hearing and makes its final decisions on proposed changes to the weed list after considering the testimony received.
5. The new revised noxious weed list becomes effective in January.
6. Proposals to add new species to the weed list that were not adopted by the board will not be reconsidered for future listing unless additional information is provided, including additional data from scientific sources regarding any invasive and noxious qualities of the species, as well as existing positive economic benefits.

### WAC 16-750-025 Plant monitor list—Purpose. The purpose of the monitor list is to gather more information on suspect weeds as well as monitor for occurrence or spread.
Information collected may be used to justify future inclusion on the state noxious weed list. There is no regulatory aspect to this list. Reasons for plant inclusion on the monitor list include:

(1) There is reason to believe the species is invasive or poses a potential threat to Washington.

(2) Additional information is needed on distribution, abundance, or biology.

(3) The species was once present in Washington and on the state noxious weed list. It is now being monitored for reoccurrence.

(4) There is need to verify existence (site investigation), verify identification, and/or obtain voucher specimen.

(5) It exists in an adjacent state or province or occurs on an adjacent state or province's noxious weed list and is not known to occur in Washington.

Native species of Washington will not be included on the monitor list. Each weed included on the monitor list will be included by vote of the noxious weed committee. A sponsor is required in order to place a weed on the monitor list. The current monitor list is kept in the state noxious weed board office.

WAC 16-750-100 State noxious weed control board—Description—Purpose. The board was created pursuant to chapter 17.10 RCW, Noxious weeds—Control boards. The board is an advisory board to the department regarding the state noxious weed program and has rule-making and administrative responsibilities under chapter 17.10 RCW.

[Statutory Authority: Chapter 17.10 RCW. 99-24-029, § 16-750-025, filed 11/23/99, effective 1/3/00; 93-01-004, § 16-750-025, filed 12/2/92, effective 1/2/93.]

WAC 16-750-105 State noxious weed control board—Powers—Duties—Responsibilities. The powers and duties of the board include:

(1) Adopting rules defining the words "control," "contain," "eradicate," and the term "prevent the spread of noxious weeds";

(2) Conducting elections to the board, and adopting rules as set forth in this chapter establishing a position number for each elected position to the board and designating in which county noxious weed control board members are eligible to vote for each elected position;

(3) Electing officers, conducting meetings, holding hearings, appointing committees, entering upon any property to administer chapter 17.10 RCW, and adopting the necessary rules to carry out its powers and duties identified herein;

(4) When petitioned, holding a hearing in a county to determine the need for activation of the county noxious weed control board and, if such a need is found to exist, ordering the county legislative authority to activate and appoint members to such board;

(5) Each year or more often, adopting a state noxious weed list, classifying the weeds on the list, and entering written findings for the inclusion of each weed on the list;

(6) Sending a copy of the state noxious weed list to each activated county noxious weed control board, regional noxious weed control board, weed district, and each county legislative authority of each county with an inactivated noxious weed control board;

(7) When petitioned and following a hearing, ordering any county noxious weed board to include a noxious weed from the state list on the county board or district's weed list;

(8) Adopting a schedule of monetary penalties for each violation of chapter 17.10 RCW classified as a civil infraction and submitting the schedule to the appropriate courts;

(9) Employing an executive secretary whose qualifications, duties, and responsibilities are set forth in this chapter and RCW 17.10.070;

(10) Preparing and distributing a biennial written report showing the expenditure of state funds on noxious weed control; specifying how the funds were spent; the status of state, county, and district programs; recommending the continued best use of state funds; and recommending the long-term needs regarding weed control;

(11) Advising the director as provided for in chapter 17.10 RCW.
