COMPREHENSIVE ASSESSMENT REPORTING EVALUATION (CARE) ASSESSMENT

WAC 388-106-0050 What is an assessment? (1) An assessment is an in-person interview in your home or your place of residence that is conducted by the department to inventory and evaluate your ability to care for yourself. The department will assess you at least annually or more often when there are significant changes to your ability to care for yourself.

(2) Between assessments, the department may modify your current assessment without an in-person interview in your home or place of residence. The reasons that the department may modify your current assessment without conducting an in-person interview in your home or place of residence include but are not limited to the following:

(a) Errors made by department staff in coding the information from your in-person interview;

(b) New information requested by department staff at the time of your assessment and received after completion of the in-person interview (e.g. medical diagnosis);

(c) Changes in the level of informal support available to you; or

(d) Clarification of the coding selected.

(3) When the department modifies your current assessment, it will notify you using a Planned Action Notice of the modification regardless of whether the modification results in a change to your benefits. You will also receive a new service summary and assessment details.

WAC 388-106-0075 How is my need for personal care services assessed in CARE? The department gathers information from you, your caregivers, family members and other sources to assess your abilities to perform personal care tasks. The department will also consider developmental milestones for children as defined in WAC 388-106-0130 when individually assessing your abilities and needs for assistance. The department will assess your ability to perform:

(1) Activities of daily living (ADL) using self-performance support provided, status and assistance available, as defined in WAC 388-106-0010. Also, the department determines your need for "assistance with body care" and "assistance with medication management," as defined in WAC 388-106-0010; and

(2) Instrumental activities of daily living (IADL) using self-performance difficulty, status and assistance available, as defined in WAC 388-106-0010.

CARE CLASSIFICATION

WAC 388-106-0080 How is the amount of long-term care services I can receive in my own home or in a residential facility determined? The amount of long-term care services you can receive in your own home or in a residential facility is determined through a classification system. Seventeen classifications apply to clients served in residential and in-home settings. The department has assigned each classification a residential facility daily rate or a base number of hours you can receive in your own home.

[Statutory Authority: 2008 c 329, 08-19-102, § 388-106-0080, filed 9/17/08, effective 10/18/08. Statutory Authority: RCW 74.08.090, 74.09.520, 05-11-082, § 388-106-0080, filed 5/17/05, effective 6/17/05.]

WAC 388-106-0085 What criteria does the CARE tool use to place me in one of the classification groups? The department uses CARE to assess your characteristics. Based on this assessment, the CARE tool uses the following criteria to place you in one of the classification groups:

- (1) Cognitive performance.
- (2) Clinical complexity.
- (3) Mood/behaviors symptoms.
- (4) Activities of daily living (ADLs).

[Statutory Authority: RCW 74.08.090, 74.09.520, 05-11-082, § 388-106-0085, filed 5/17/05, effective 6/17/05.]

WAC 388-106-0090 How does the CARE tool measure cognitive performance? (1) The CARE tool uses a tool called the cognitive performance scale (CPS) to evaluate your cognitive impairment. The CPS results in a score that

ranges from zero (intact) to six (very severe impairment). Your CPS score is based on:

- (a) Whether you are comatose.
- (b) Your ability to make decisions, as defined in WAC 388-106-0010 "Decision making."
- (c) Your ability to make yourself understood, as defined in WAC 388-106-0010 "Ability to make self understood."
- (d) Whether you have short-term memory problem (e.g. can you remember recent events?) or whether you have delayed recall; and
- (e) Whether you score as total dependence for self performance in eating, as defined in WAC 388-106-0010 "Self performance of ADLs."

(2) You will receive a CPS score of:

(a) **Zero** when you do not have problems with decision-making ability, making yourself understood, or recent memory.

(b) **One** when you meet one of the following:

(i) Your decision-making ability is scored as modified independence or moderately impaired;

(ii) Your ability to make yourself understood is usually, sometimes, or rarely/never understood; or

(iii) You have a recent memory problem.

(c) **Two** when you meet two of the following:

(i) Your decision-making ability is scored as modified independence or moderately impaired;

(ii) Your ability to make yourself understood is usually, sometimes, or rarely/never understood; and/or

(iii) You have a short-term memory problem or delayed recall.

(d) **Three** when you meet at least two of the criteria listed in subsection (2)(b) of this section and one of the following applies:

(i) Your decision making is moderately impaired; or

(ii) Your ability to make yourself understood is sometimes or rarely/never understood.

(e) **Four** when both of the following criteria applies:

(i) Your decision making is moderately impaired; and

(ii) Your ability to make yourself understood is sometimes or rarely/never understood.

(f) **Five** when your ability to make decisions is scored as severely impaired.

(g) **Six** when one of the following applies:

(i) Your ability to make decisions is severely impaired and you require total dependence in eating; or

(ii) You are comatose.

WAC 388-106-0100 How does the CARE tool measure mood and behaviors? (1) When you do not meet the criteria for the clinically complex classification group, or the criteria for exceptional care, or for in-home only have a cognitive performance scale score of five or six, then the mood and behavior criteria listed in subsections (3) and (4) below determines your classification group. If you are eligible for more than one "B" group classification based on the two methodologies, CARE will place you in the highest group for which you qualify.

(2) For each behavior that the CARE tool has documented, the department will determine a status as "current" or "past" as defined in WAC 388-106-0010.

(3) CARE places you in the mood and behavior classification group only if you have one or more of the behavior/moods that also meets the listed status, frequency, and alterability as identified in the following chart:

Behavior/Mood	AND Status, Frequency & Alterability
Assaultive	Current
Combative during personal care	Current

(4) CARE places you in the mood and behavior classification group if you have a behavior point score greater than 1, your CPS score (as defined in WAC 388-106-0090) is greater than 2, and your ADL score (as defined in WAC 388-106-0105) is greater than 1.

Status	Intervention	Frequency	Weight
Past	No intervention	N/A	0
Past	With Intervention	N/A	0.25
Current	N/A	1-3 days/wk	0.5
Current	N/A	4-6 days/wk	0.75
Current	N/A	Daily	1

Each current behavior (as shown in the table below) has a value from .5 to 6 depending on the severity and alterability. Each status combination (shown in the table above) has a weight from 0 to 1. Behavior points are determined by multiplying the value of each current behavior (from the list below) by the weight of the status combination (above). Behavior points for past behaviors will be determined by multiplying the easily altered value of the behavior from the table below by the appropriate weight from the table above (0 or .25).

The list of behaviors below is divided into categories. Each category has a point limit of how many points can be counted toward the total behavior point score as detailed below. The total behavior point score is determined by totaling the weight-adjusted values for each category below.

Behavior	Value	
	Easily Altered/Past	Not Easily Altered
1. Crying and Tearfulness	.5	1
2. Easily Irritable/Agitated	.5	1
3. Obsessive about health or body functions	.5	1

WAC 388-106-0105 How does the CARE tool measure activities of daily living (ADLs)? (1) CARE determines an ADL score ranging from zero to twenty-eight for each of the following ADLs.

- Personal hygiene;
- Bed mobility;
- Transfers;
- Eating;
- Toilet use;
- Dressing;
- Locomotion in room;
- Locomotion outside room; and
- Walk in room.

(2) The department through the CARE tool determines the ADL score by using the definitions in WAC 388-106-0010 under "Self-performance for ADLs." The CARE tool assigns the following points to the level of self-performance for each of the ADLs listed in subsection (1) of this section. For the locomotion in room, locomotion outside of room and walk in room, the department uses the highest score of the three in determining the total ADL score.

ADL Scoring Chart	
If Self Performance is:	Score Equals
Independent	0

If Self Performance is:	Score Equals

WAC 388-106-0115 How does CARE use criteria to place me in a classification group for residential facilities?

The CARE tool uses the criteria of cognitive performance as determined under WAC 388-106-0090, clinical complexity as determined under WAC 388-106-0095, mood/behaviors as determined under WAC 388-106-0100, ADLs as determined under WAC 388-106-0105 and exceptional care under WAC 388-106-0110 to place you into one of the following seventeen residential classification groups:

CARE classification is determined first by meeting criteria to be placed into a group, then you are further classified based on ADL score or behavior point score into a classification subgroup following a classification path of highest possible group to lowest qualifying group.

(1) If you meet the criteria for exceptional care, then CARE will place you in Group E. CARE then further classifies you into:

- (a) Group E High if you have an ADL score of 26-28; or
- (b) Group E Medium if you have an ADL score of 22-25.

(2) If you meet the criteria for clinical complexity and have a cognitive performance score of 4-6 then you are classified in Group D regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

- (a) Group D High if you have an ADL score of 25-28; or
- (b) Group D Medium-High if you have an ADL score of 18-24; or

(c) Group D Medium if you have an ADL score of 13-17; or

- (d) Group D Low if you have an ADL score of 2-12.

(3) If you meet the criteria for clinical complexity and have a CPS score of less than 4, then you are classified in Group C regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

- (a) Group C High if you have an ADL score of 25-28; or
- (b) Group C Medium-High if you have an ADL score of 18-24; or

(c) Group C Medium if you have an ADL score of 9-17; or

- (d) Group C Low if you have an ADL score of 2-8.

(4) If you meet the criteria for mood and behavior qualification and do not meet the classification for C, D, or E groups, then you are classified into Group B. CARE further classifies you into:

- (a) Group B High if you have an ADL score of 15-28; or

(b) Group B Medium if you have an ADL score of 5-14;
or

(c) Group B Low if you have an ADL score of 0-4.

(5) If you meet the criteria for behavior points and have a CPS score of greater than 2 and your ADL score is greater than 1, and do not meet the classification for C, D, or E groups, then you are classified in Group B. CARE further classifies you into:

(a) Group B High if you have a behavior point score 12 or greater; or

(b) Group B Medium-High if you have a behavior point score greater than 6; or

(c) Group B Medium if you have a behavior point score greater than 4; or

(d) Group B Low if you have a behavior point score greater than 1.

(6) If you are not clinically complex and you do not qualify under either mood and behavior criteria, then you are classified in Group A. CARE further classifies you into:

(a) Group A High if you have an ADL score of 10-28; or

(b) Group A Medium if you have an ADL score of 5-9;
or

(c) Group A Low if you have an ADL score of 0-4.

WAC 388-106-0120 What is the payment rate that the department will pay the provider if I receive personal care services in a residential facility? The department publishes rates and/or adopts rules to establish how much the department pays toward the cost of your care in a residential facility. The department assigns payment rates to the CARE classification groups. Payment for care in a residential facility corresponds to the payment rate assigned to the classification group in which the CARE tool has placed you.

WAC 388-106-0125 How does CARE use criteria to place me in a classification group for in-home care? CARE uses the criteria of cognitive performance score as determined under WAC 388-106-0090, clinical complexity as determined under WAC 388-106-0095, mood/behavior and behavior point score as determined under WAC 388-106-0100, ADLs as determined under WAC 388-106-0105, and exceptional care as determined under WAC 388-106-0110 to place you into one of the following seventeen in-home groups. CARE classification is determined first by meeting criteria to be placed into a group, then you are further classified based on ADL score or behavior point score into a classification sub-group following a classification path of highest possible base hours to lowest qualifying base hours. Each classification group is assigned a number of base hours as described below based upon the level of funding provided by the legislature for personal care services, and based upon the relative level of functional disability of persons in each classification group as compared to persons in other classification groups.

(1) If you meet the criteria for exceptional care, then CARE will place you in **Group E**. CARE then further classifies you into:

(a) **Group E High** with 393 base hours if you have an ADL score of 26-28; or

(b) **Group E Medium** with 327 base hours if you have an ADL score of 22-25.

(2) If you meet the criteria for clinical complexity and have cognitive performance score of 4-6 or you have cognitive performance score of 5-6, then you are classified in **Group D** regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

(a) **Group D High** with 260 base hours if you have an ADL score of 25-28; or

(b) **Group D Medium-High** with 215 base hours if you have an ADL score of 18-24; or

(c) **Group D Medium** with 168 base hours if you have an ADL score of 13-17; or

(d) **Group D Low** with 120 base hours if you have an ADL score of 2-12.

(3) If you meet the criteria for clinical complexity and have a CPS score of less than 4, then you are classified in **Group C** regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

(a) **Group C High** with 176 base hours if you have an ADL score of 25-28; or

(b) **Group C Medium-High** with 158 base hours if you have an ADL score of 18-24; or

(c) **Group C Medium** with 115 base hours if you have an ADL score of 9-17; or

(d) **Group C Low** with 73 base hours if you have an ADL score of 2-8.

(4) If you meet the criteria for mood and behavior qualification and do not meet the classification for C, D, or E groups, then you are classified into **Group B**. CARE further classifies you into:

(a) **Group B High** with 129 base hours if you have an ADL score of 15-28; or

(b) **Group B Medium** with 69 base hours if you have an ADL score of 5-14; or

(c) **Group B Low** with 39 base hours if you have an ADL score of 0-4; or

(5) If you meet the criteria for behavior points and have a CPS score of greater than 2 and your ADL score is greater than 1, and do not meet the classification for C, D, or E groups, then you are classified in **Group B**. CARE further classifies you into:

(a) **Group B High** with 129 base hours if you have a behavior point score 12 or greater; or

(b) **Group B Medium-High** with 84 base hours if you have a behavior point score greater than 6; or

(d) **Group B Low** with 39 base hours if you have a behavior point score greater than 1.

(6) If you are not clinically complex and your CPS score is less than 5 and you do not qualify under either mood and behavior criteria, then you are classified in **Group A**. CARE further classifies you into:

(a) **Group A High** with 59 base hours if you have an ADL score of 10-28; or

WAC 388-106-0130 How does the department determine the number of hours I may receive for in-home care? (1) The department assigns a base number of hours to

each classification group as described in WAC 388-106-0125.

(2) The department will deduct from the base hours to account for informal supports, as defined in WAC 388-106-0010, or other paid services that meet some of an individual's need for personal care services, including adult day health, as follows:

(a) The CARE tool determines the adjustment for informal supports by determining the amount of assistance available to meet your needs, assigns it a numeric percentage, and reduces the base hours assigned to the classification group by the numeric percentage. The department has assigned the following numeric values for the amount of assistance available for each ADL and IADL:

Meds	Self Performance	Status	Assistance Available	Value Percentage
Self administration of medications	Rules for all codes apply except independent is not counted	Unmet	N/A	1
		Met	N/A	0
		Decline	N/A	0
		Partially met	<1/4 time	.9
			1/4 to 1/2 time	.7
			1/2 to 3/4 time	.5
			>3/4 time	.3
Unscheduled ADLs	Self Performance	Status	Assistance Available	Value Percentage
Bed mobility, transfer, walk in room, eating, toilet use	Rules apply for all codes except: Did not occur/client not able and Did not occur/no provider = 1; Did not occur/client declined and independent are not counted.	Unmet	N/A	1
		Met	N/A	0
		Decline	N/A	0
		Partially met	<1/4 time	.9
			1/4 to 1/2 time	.7
			1/2 to 3/4 time	.5
			>3/4 time	.3
Scheduled ADLs	Self Performance	Status	Assistance Available	Value Percentage

		Met	N/A	0
		Decline	N/A	0
		Partially met	<1/4 time	.75
			1/4 to 1/2 time	.55
			1/2 to 3/4 time	.35

IADLs	Self Performance	Status	Assistance Available	Value Percentage
Travel to medical	Rules for all codes apply except independent is not counted.	Unmet	N/A	1
		Met	N/A	0

Key:

> means greater than
< means less than

(b) To determine the amount of reduction for informal support, the value percentages are totaled and divided by the number of qualifying ADLs and IADLs needs. The result is value A. Value A is then subtracted from one. This is value B. Value B is divided by three. This is value C. Value A and Value C are summed. This is value D. Value D is multiplied by the "base hours" assigned to your classification group and the result is the number of in-home hours reduced for informal supports.

(3) Also, the department will adjust in-home base hours when:

(a) There is more than one client receiving ADSA-paid personal care services living in the same household, the status

under subsection (2)(a) of this section must be met or partially met for the following IADLs:

- (i) Meal preparation;
- (ii) Housekeeping;
- (iii) Shopping; and
- (iv) Wood supply.

(b) You are under the age of eighteen, your assessment will be coded according to age guidelines codified in WAC 388-106-0213.

(4) After deductions are made to your base hours, as described in subsections (2) and (3), the department may add on hours based on your living environment:

Condition	Status	Assistance Available	Add On Hours
Offsite laundry facilities, which means the client does not have facilities in own home and the caregiver is not available to perform any other personal or household tasks while laundry is done.	N/A	N/A	8
Client is >45 minutes from essential services (which means he/she lives more than 45 minutes one-way from a full-service market).	Unmet	N/A	5
	Met	N/A	0
	Partially met	<1/4 time	5
		between 1/4 to 1/2 time	4
		between 1/2 to 3/4 time	2
		>3/4 time	2
Wood supply used as sole source of heat.	Unmet	N/A	8
	Met	N/A	0
	Declines	N/A	0
	Partially met	<1/4 time	8
		between 1/4 to 1/2 time	6
		between 1/2 to 3/4 time	4
		>3/4 time	2

(5) In the case of New Freedom consumer directed services (NFCDS), the department determines hours as described in WAC 388-106-1445.

(6) The result of actions under subsections (2), (3), and (4) is the maximum number of hours that can be used to develop your plan of care. The department must take into account cost effectiveness, client health and safety, and program limits in determining how hours can be used to meet your identified needs. In the case of New Freedom consumer directed services (NFCDS), a New Freedom spending plan (NFSP) is developed in place of a plan of care.

(7) You and your case manager will work to determine what services you choose to receive if you are eligible. The hours may be used to authorize:

(a) Personal care services from a home care agency provider and/or an individual provider.

(b) Home delivered meals (i.e. a half hour from the available hours for each meal authorized).

(c) Adult day care (i.e. a half hour from the available hours for each hour of day care authorized).

(d) A home health aide if you are eligible per WAC 388-106-0300 or 388-106-0500.

(e) A private duty nurse (PDN) if you are eligible per WAC 388-71-0910 and 388-71-0915 or WAC 388-551-3000

(i.e. one hour from the available hours for each hour of PDN authorized).

(f) The purchase of New Freedom consumer directed services (NFCDS).

(1) Even if your income is above the forty percent SMI limit to receive SCSA-funded services at no cost, you may receive SCSA-subsidized services. The department uses a sliding fee schedule to determine what percentage the department pays for the cost of your services. You pay the remaining amount, but not more than the usual rate paid for services, as negotiated by the AAA or the department. The formula for determining the department's share of the cost of the services is:

$$\frac{100\% \text{ State Median Income (SMI)} - \text{Household Income} \times 100}{100\% - 40\% \text{ SMI}}$$

WAC 388-106-1220 How are respite care providers reimbursed for their services through the family caregiver support program? The department reimburses:

(1) Respite care providers for the number of hours or days of services authorized and provided. If the provider already has a medicaid rate established for providing a similar service, that rate is to be reimbursed by the local area agency on aging. If there is no established rate for the service, one can be negotiated between the local area agency on aging and the respite care service provider.

(2) Medicaid-certified licensed residential facilities providing respite services at the medicaid rate approved for that facility. Medicaid contracted providers must not charge more than the medicaid rate for any services covered from the date of eligibility, unless authorized by the department (see RCW 18.51.070). Participants must pay for services not included in the medicaid rate.

(3) Private nursing homes at their published daily rate.

[Statutory Authority: RCW 74.08.090 and 74.09.520. 12-13-040, § 388-106-1220, filed 6/13/12, effective 7/14/12; 05-11-082, § 388-106-1220, filed 5/17/05, effective 6/17/05.]

WAC 388-106-1225 Are participants required to pay for the cost of their respite care services through the family caregiver support program? (1) There is no charge to the care receiver whose income is at or below forty percent of the state median income, based on family size.

(2) If the care receiver's gross income is above forty percent of the state median income, he or she is required to pay for part or all of the cost of the respite care services. The department will determine what amount the participant must contribute based on the state median income and family size.

(3) If the care receiver's gross income is one hundred percent or more of the state median income, the participant must pay the full cost of the respite care services.

(4) If the care receiver is experiencing extreme financial hardship (e.g., high medical expenses) and cannot pay for their share of the cost of the respite care services, the area agency on aging may grant an exception to policy and then must document this in the client's records.

[Statutory Authority: RCW 74.08.090 and 74.09.520. 12-13-040, § 388-106-1225, filed 6/13/12, effective 7/14/12; 05-11-082, § 388-106-1225, filed 5/17/05, effective 6/17/05.]

WAC 388-106-1230 What determines emergent and nonemergent respite care services through the family caregiver support program? (1) The department and the area agency on aging (AAA) must first consider requests for emergency respite care. An example of an emergency is when the caregiver becomes ill or injured to the extent that the caregiver's ability to care for the care receiver is impaired. AAA policies will determine how best to serve caregivers in crisis depending on available local FCSP funding. A caregiver must be screened in TCARE® within thirty days fol-

(7/25/12)

lowing the crisis if ongoing services exceeding five hundred dollars are requested.

(2) In nonemergency situations, respite care is allocated based upon the results of the TCARE® assessment and available local FCSP funds. If sufficient funds are not available when an eligible caregiver requests services, AAA may establish wait lists to prioritize clients receiving services as funding becomes available.

[Ch. 388-106 WAC—p. 36]

assessment reporting and evaluation tool, CARE. The calculation will be based on:

(a) The hourly wage as determined by the collective bargaining agreement for individual provider personal care paid by the department multiplied by the number of hours generated by the assessment, multiplied by a factor of .95, plus an amount equal to the average per participant expenditures for nonpersonal care supports purchased in the COPES waiver. The average will be recalculated in July of each year.

(b) If you select a home care agency, an adjustment will be made for each hour of personal care identified in the NFSP for an amount equal to the difference between the published individual provider rate and home care agency rate.

[Statutory Authority: RCW 74.08.090 and 74.09.520. 10-08-074, § 388-106-1445, filed 4/6/10, effective 5/7/10. Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1445, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1450 Is the individual budget intended to fully meet all of my needs? The program provides funds in an amount proportionate to the amount of resources you would receive through COPES, and gives you flexibility to self-direct the purchase of goods and services to meet your long-term care needs. The degree to which the budget meets your needs depends on the supports you identify and prioritize in your spending plan. Depending on your decisions, after your budget is exhausted, some of your needs may be unmet, or you may find other resources to address them.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1450, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1470 Are there waiting lists for New Freedom consumer directed services (NFCDS)? The department will create a waiting list for NFCDS in accordance with caseload limits determined by legislative funding. Participants on the waiting list will gain access in the following order:
