WAC 392-121-182 Alternative learning experience requirements. (1) **Purposes:** The purposes of this section are the following:

(a) To ensure that students enrolled in an alternative learning experience offered by a school district have available to them educational opportunities designed to meet their individual needs;

[Ch. 392-121 WAC—p. 9]

(b) To provide general program requirements for alternative learning experiences offered by or through school districts;

(c) To provide a method for determining full-time equivalent enrollment and a process school districts must use when claiming state funding for alternative learning experiences.

(2) **General requirements:** A school district must meet the requirements of this section to count an alternative learning experience as a course of study pursuant to WAC 392-121-107. This section applies solely to school districts claiming state funding pursuant to WAC 392-121-107 for an alternative learning experience, including an alternative learning experience online program as defined in RCW 28A.150.262. It is not intended to apply to alternative learning experiences funded exclusively with federal or local resources.

(3) **Definitions:** For the purposes of this section the following definitions apply:

(a)(i) "Alternative learning experience" means:

(A) A course or a set of courses developed by a certificated teacher and documented in an individual written student learning plan for any student who meets the definition for enrollment specified by WAC 392-121-106. A student may enroll part-time in an alternative learning experience. Such enrollment is subject to the provisions of RCW 28A.150.350 and chapter 392-134 WAC; and

(B) The student pursues the requirements of the written student learning plan in whole or in part independently from a regular classroom setting or schedule, but the learning plan may include some components of direct instruction; and

(C) The student's learning is supervised, monitored, assessed, evaluated, and documented by a certificated teacher.

(ii) The broad categories of alternative learning experience programs include, but are not limited to:

(A) Online programs as defined in RCW 28A.150.262;

(B) Parent partnership programs that include significant participation and partnership by parents and families in the design and implementation of a student's learning experience; and

(C) Contract based learning programs.

(b) "Certificated teacher" means an employee of a school district, or of a school district contractor pursuant to WAC 392-121-188, who is assigned and endorsed according to the provisions of chapter 181-82 WAC;

(c) "Written student learning plan" means a written plan for learning that is developed and approved by a certificated teacher and defines the requirements of an individual student's alternative learning experience. The written student learning plan must include at least the following elements:

(i) A beginning and ending date for the student's alternative learning experience;

(ii) An estimate by a certificated teacher of the average number of hours per school week the student will engage in learning activities to meet the requirements of the written student learning plan. This estimate must consider only the time the student will engage in learning activities necessary to accomplish the learning goals and performance objectives specified in the written student learning plan;

(iii) A description of how weekly direct personal contact requirements will be fulfilled;

(iv) A description of each alternative learning experience course included as part of the learning plan, including specific learning goals, performance objectives, and learning activities for each course, written in a manner that facilitates monthly evaluation of student progress. This requirement may be met through the use of individual course syllabi or other similarly detailed descriptions of learning requirements. The description must clearly identify the requirements a student must meet to successfully complete the course or program. Courses must be identified using course names, codes, and designators specified in the most recent *Comprehensive Education Data and Research System* data manual published by the office of superintendent of public instruction;

(v) Identification of the certificated teacher responsible for each course included as part of the plan;

(vi) Identification of all instructional materials that will be used to complete the learning plan; and

(vii) A description of the timelines and methods for evaluating student progress toward the learning goals and performance objectives specified in the learning plan;

(viii) Identification of whether each alternative learning experience course meets one or more of the state essential academic learning requirements or grade-level expectations and any other academic goals, objectives, and learning requirements defined by the school district. For each high school alternative learning experience course, the written student learning plan must specify whether the course meets state and district graduation requirements.

(d) "Direct personal contact" means a one-to-one meeting between a certificated teacher and the student, or, where appropriate, between the certificated teacher, the student, and the student's parent. Direct personal contact can be accomplished in person or through the use of telephone, e-mail, instant messaging, interactive video communication, or other means of digital communication. Direct personal contact:

(ii) Must be related to an alternative learning experience course identified in the written student learning plan; and

(iii) Must at minimum include a two-way exchange of information between a certificated teacher and the student. All required direct personal contact must be documented.

(e) "Satisfactory progress" means a certificated teacher has determined that a student's progress toward achieving the specific learning goals and performance objectives specified in the written student learning plan is satisfactory. The evaluation of satisfactory progress is conducted in a manner consistent with school district student evaluation or grading procedures, and is based on the professional judgment of a certificated teacher;

(f) "Intervention plan" means a plan designed to improve the progress of students determined to be not making satisfactory progress. An intervention plan must be developed, documented, and implemented by a certificated teacher in conjunction with the student and, for students in grades K-8, the student's parent(s). At minimum, the intervention plan must include at least one of the following interventions:

(i) Increasing the frequency or duration of direct personal contact for the purposes of enhancing the ability of the certificated teacher to improve student learning;

(i) At a similar grade level;

(ii) At a similar level of frequency, intensity, and duration including, but not limited to, consideration of individual versus group instruction;

(iii) At a similar level of cost to the student with regard to any related club, group, or association memberships; admission, enrollment, registration, rental or other participation fees; or any other expense associated with the experience or service;

(iv) In accordance with district adopted content standards or state defined grade level standards; and

(v) That is supervised, monitored, assessed, evaluated, and documented by a certificated teacher.

(h) "Synchronous digital instructional contact" means real-time communication between a certificated teacher and the student using interactive online, voice, or video communication technology. The synchronous digital contact must be:

(i) For the purposes of actual instruction, review of assignments, testing, evaluation of student progress, or other learning activities or requirements identified in the written student learning plan; and

(ii) Related to an alternative learning experience course identified in the written student learning plan. Synchronous digital instructional contact may be accomplished in a group setting between the teacher and multiple students.

(i) "Parent" has the same definition as "parent" in WAC 392-172A-01125;

(j) "In-person instructional contact" means face-to-face contact between a certificated teacher and the student in a classroom environment. The in-person instructional contact must be:

(k) "School week" means any seven-day calendar period starting with Sunday and continuing through Saturday that includes at least three days when a district's schools are in session.

(4) Alternative learning experience program requirements:

(a) Each student participating in an alternative learning experience must have a written student learning plan developed by a certificated teacher that is designed to meet the student's individual educational needs. A certificated teacher must have responsibility and accountability for each course specified in the plan, including supervision and monitoring, and evaluation and documentation of the student's progress. The written student learning plan may be developed with assistance from the student, the student's parents, or other interested parties.

(b) Each student enrolled in an alternative learning experience must have one of the following methods of contact:

(i) Direct personal contact with a certificated teacher at least once a school week, until the student completes all course objectives or otherwise meets the requirements of the learning plan; or

(ii) In-person instructional contact according to the following time requirements:

(A) Fifteen minutes per school week for students whose learning plan includes an estimate of five hours per school week or less;

Educational progress must be evaluated according to the following requirements:

(i) Each student's educational progress evaluation must be based on the learning goals and performance objectives defined in the written student learning plan.

(ii) The progress evaluation conducted by a certificated teacher must include direct personal contact with the student. (iii) Based on the progress evaluation, a certificated teacher must determine and document whether the student is making satisfactory progress reaching the learning goals and performance objectives defined in the written student learning plan.

(iv) If it is determined that the student failed to make satisfactory progress or that the student failed to follow the written student learning plan, an intervention plan must be developed for the student. An intervention plan is not required if the evaluation is delivered within the last five school days of the school year.

(v) If after no more than three consecutive calendar months in which it is determined the student is not making satisfactory progress despite documented intervention efforts, a course of study designed to more appropriately meet the student's educational needs must be developed and implemented by a certificated teacher in conjunction with the student and where possible, the student's parent. This may include removal of the student from the alternative learning experience and enrollment of the student in another educational program offered by the school district.

(5) Required school district board policies for alternative learning experiences: The board of directors of a school district claiming state funding for alternative learning experiences must adopt and annually review written policies authorizing such alternative learning experiences, including each alternative learning experience program and program provider. The policy must designate, by title, one or more school district official(s) responsible for overseeing the district's alternative learning experience courses or programs, including monitoring compliance with this section, and reporting at least annually to the school district board of directors on the program. This annual report shall include at least the following:

(a) Documentation of alternative learning experience student headcount and full-time equivalent enrollment claimed for basic education funding;

(b) Identification of the overall ratio of certificated instructional staff to full-time equivalent students enrolled in each alternative learning experience program;

(c) A description of how the program supports the district's overall goals and objectives for student academic achievement; and

(d) Results of any self-evaluations conducted pursuant to subsection (10) of this section.

(6) Alternative learning experience implementation requirements:

(a) School districts that offer alternative learning experiences must ensure that they are accessible to all students, including students with disabilities. Alternative learning experiences for special education students must be provided in accordance with chapter 392-172A WAC.

(b) Contracting for alternative learning experiences is subject to the provisions of WAC 392-121-188.

(c) It is the responsibility of the school district or school district contractor to ensure that students have all curricula, course content, instructional materials and learning activities that are identified in the alternative learning experience written student learning plan.

(d) School districts must ensure that no student or parent is provided any compensation, reimbursement, gift, reward, or gratuity related to the student's enrollment or participation in, or related to another student's recruitment or enrollment in, an alternative learning experience unless otherwise required by law. This prohibition includes, but is not limited to, funds provided to parents or students for the purchase of

educational materials, supplies, experiences, services, or technological equipment.

(e) School district employees are prohibited from receiving any compensation or payment as an incentive to increase student enrollment of out-of-district students in an alternative learning experience program.

(f) Curricula, course content, instructional materials, learning activities, and other learning resources for alternative learning experiences must be consistent in quality with those available to the district's overall student population.

(g) Instructional materials used in alternative learning experiences must be approved pursuant to school board policies adopted in accordance with RCW 28A.320.230.

(h) A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience programs if the purchase is consistent with the district's approved instructional materials or curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion.

(i) School districts are prohibited from purchasing or contracting for instructional or cocurricular experiences and services that are included in an alternative learning experience written student learning plan including, but not limited to, lessons, trips, and other activities, unless substantially similar experiences or services are also made available to students enrolled in the district's regular instructional program. This prohibition extends to a district's contracted providers of alternative learning experience programs, and each district shall be responsible for monitoring the compliance of its contracted providers. However, nothing in this subsection prohibits school districts from contracting with online providers pursuant to chapter 28A.250 RCW.

(j)(i) A school district that provides one or more alternative learning experiences to a student must provide the parent(s) of the student, prior to the student's enrollment, with a description of the difference between home-based instruction pursuant to chapter 28A.200 RCW and the enrollment option selected by the student. The parent must sign documentation attesting to his or her understanding of the difference. Such documentation must be retained by the district and made available for audit.

(ii) In the event a school district cannot locate a student's parent within three days of a student's request for enrollment in an alternative learning experience, the school district may enroll the student for a conditional period of no longer than thirty calendar days. The student must be disenrolled from the alternative learning experience if the school district does not obtain the documentation required under this subsection before the end of the thirty day conditional enrollment period.

(k) The school district or school district contractor is prohibited from advertising, marketing, and otherwise providing unsolicited information about learning programs offered by the school district including, but not limited to, digital learning programs, part-time enrollment opportunities, and other alternative learning programs, to students and their parents who have filed a declaration of intent to cause a child to receive home-based instruction under RCW 28A.200.010. School districts may respond to requests for information that

are initiated by a parent. This prohibition does not apply to general mailings, newsletters, or other general communication distributed by the school district or the school district contractor to all households in the district.

(l) Work-based learning as a component of an alternative learning experience course of study is subject to the provisions of WAC 392-410-315 and 392-121-124.

(m) The school district must institute reliable methods to verify a student is doing his or her own work. The methods may include proctored examinations or projects, including the use of web cams or other technologies. "Proctored" means directly monitored by an adult authorized by the school district.

(n) State funded alternative learning experience online programs must be accredited by the Northwest Accreditation Commission or another national, regional, or state accreditation program listed by the office of superintendent of public instruction on its web site.

(o) School districts may accept nonresident students under the school choice enrollment provisions of RCW 28A.225.200 through 28A.225.230 and chapter 392-137 WAC for enrollment in alternative learning experiences. School districts enrolling such students in alternative learning experiences are subject to all school district duties and liabilities pertaining to such students for the full school year, including ensuring the student's compulsory attendance pursuant to chapter 28A.225 RCW, until such time as the student has actually enrolled in another school district, or has otherwise met the mandatory attendance requirements specified by RCW 28A.225.010.

(p) The alternative learning experience must satisfy the office of superintendent of public instruction's requirements for courses of study and equivalencies as provided in chapter 392-410 WAC.

(q) Alternative learning experience courses offering credit or alternative learning experience programs issuing a high school diploma must satisfy the state board of education's high school credit and graduation requirements as provided in chapter 180-51 WAC.

(7) Enrollment reporting procedures: Effective the 2011-12 school year, the full-time equivalency of students enrolled in an alternative learning experience must be determined as follows:

(a) The school district must use the definition of full-time equivalent student in WAC 392-121-122 and the number of hours the student is expected to engage in learning activities as follows:

(i) On the first enrollment count date on or after the start date specified in the written student learning plan, subject to documented evidence of student participation as required by WAC 392-121-106(4), the student's full-time equivalent must be based on the estimated average weekly hours of learning activity described in the student's written student learning plan.

(ii) On any subsequent monthly count date, the student's full-time equivalent must be based on the estimated average weekly hours of learning activity described in the written student learning plan if:

(A) The student's progress evaluation conducted in the prior calendar month pursuant to subsection (4)(c) of this section indicates satisfactory progress; or

(B) The student's progress evaluation conducted in the prior calendar month pursuant to subsection (4)(c) of this section indicates a lack of satisfactory progress, and an intervention plan designed to improve student progress has been developed, documented, and implemented within five school days of the date of the prior month's progress evaluation.

(ii) On any subsequent monthly count date if an intervention plan has not been developed, documented, and implemented within five days of the prior month's progress evaluation, the student's full-time equivalent must not be included by the school district in the enrollment count for the month of the evaluation that showed the lack of satisfactory progress.

(iv) Enrollment of part-time students is subject to the provisions of RCW 28A.150.350, and generates a pro rata share of full-time funding.

(b) The enrollment count must exclude students meeting the definition of enrollment exclusions in WAC 392-121-108 or students who have not had direct personal contact with a certificated teacher for twenty consecutive school days. Any such student must not be counted as an enrolled student until the student has met with a certificated teacher and resumed participation in their alternative learning experience or is participating in another course of study as defined in WAC 392-121-107;

(c) The enrollment count must exclude students who are not residents of Washington state as defined by WAC 392-137-115;

(d) The enrollment count must exclude students who as of the enrollment count date have completed the requirements of the written student learning plan prior to ending date specified in the plan and who have not had a new written student learning plan established with a new beginning and ending date that encompasses the count date;

(e) School districts claiming alternative learning experiences students for funding for nonresident students must document the district of the student's physical residence, and shall establish procedures that address, at a minimum, the coordination of student counting for state funding so that no student is counted for more than one full-time equivalent in the aggregate including, but not limited to:

(i) When a resident district and one or more nonresident district(s) will each be claiming basic education funding for a student in the same month or months, the districts shall execute a written agreement that at minimum identifies the maximum aggregate basic education funding each district may claim for the duration of the agreement. A nonresident district may not claim funding for a student until after the effective date of the agreement.

(ii) When a district is providing alternative learning experiences to nonresident students under the school choice enrollment provisions of RCW 28A.225.200 through 28A.225.230 and 392-137 WAC the district may not claim funding for the student until after the release date documented by the resident district.

(8) Differentiated funding: For the 2011-12 and 2012-13 school year, school districts reporting student enrollment pursuant to the requirements of this section shall generate and receive funding at eighty percent of the formula funding that would have been generated under the state basic education formula for such enrollment unless the following conditions

are met, in which case school districts shall generate and receive funding at ninety percent of the formula funding:

(a) For alternative learning experience online programs under RCW 28A.150.262, in addition to the direct personal contact requirements specified in subsection (4) of this section, each student receives either:

(i) Face-to-face, in-person instructional contact time from a certificated teacher according to the criteria identified in (d) of this subsection; or

(ii) Synchronous digital instructional contact time from a certificated teacher according to the criteria identified in (d) of this subsection if the student's written student learning plan includes only online courses as defined by RCW 28A.250.010.

(b) For all other types of alternative learning experience programs, in addition to the direct personal contact requirements specified in subsection (4) of this section, each student receives face-to-face, in-person instructional contact time from a certificated teacher according to the criteria identified in (d) of this subsection;

(c) The instructional contact time must be:

(i) For the purposes of actual instruction, review of assignments, testing, evaluation of student progress, or other learning activities or requirements identified in the written student learning plan; and

(ii) Related to an alternative learning experience course identified in the written student learning plan;

(d) Using the estimate by a certificated teacher of the average number of hours per school week the student will engage in learning activities to meet the requirements of the written student learning plan, as required in subsection (3)(c)(ii) of this section:

(i) For students whose learning plan includes an estimate of five hours per school week or less, on average at least fifteen minutes of contact per school week during each month of reported enrollment for the student;

(ii) For students whose learning plan includes an estimate of more than five hours per school week but less than sixteen hours per school week, on average at least thirty minutes of contact per school week during each month of reported enrollment for the student;

(iii) For students whose learning plan includes an estimate of more than fifteen hours per school week, on average at least one hour of contact per school week during each month of reported enrollment for the student.

(9) Assessment requirements:

(a) All students enrolled in alternative learning experiences must be assessed at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students must also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW.

(b) Any student whose alternative learning experience enrollment is claimed as greater than 0.8 full-time equivalent in any one month through the January count date must be included by the school district in any required state or federal

accountability reporting for that school year, subject to existing state and federal accountability rules and procedures.

(c) Students enrolled in nonresident alternative learning experience schools, programs, or courses who are unable to participate in required annual state assessments at the nonresident district must have the opportunity to participate in such required annual state assessments at the district of physical residence, subject to that district's planned testing schedule. It is the responsibility of the nonresident enrolling district to establish a written agreement with the district of physical residence that facilitates all necessary coordination between the districts and with the student and, where appropriate, the student's parent(s) to fulfill this requirement. Such coordination may include arranging for appropriate assessment materials, notifying the student of assessment administration schedules, arranging for the forwarding of completed assessment materials to the enrolling district for submission for scoring and reporting, and other steps as may be necessary. The agreement may include rates and terms for payment of reasonable fees by the enrolling district to the district of physical residence to cover costs associated with planning for and administering the assessments to students not enrolled in the district of physical residence. Assessment results for students assessed according to these provisions must be included in the enrolling district's accountability measurements, and not in the district of physical residence's accountability measurements.

(10) Program evaluation requirements: School districts offering alternative learning experiences must engage in periodic self-evaluation of these learning experiences in a manner designed to objectively measure their effectiveness, including the impact of the experiences on student learning and achievement. Self-evaluation must follow a continuous improvement model, and may be implemented as part of the school district's school improvement planning efforts.

(11) Reporting requirements:

(a) Each school district offering alternative learning experiences must report monthly to the superintendent of public instruction accurate monthly headcount and full-time equivalent enrollment for students enrolled in alternative learning experiences as well as information about the resident and serving districts of such students.

(b) Each school district offering alternative learning experiences must submit an annual report to the superintendent of public instruction detailing the costs and purposes of any expenditure made pursuant to subsection (6)(i) of this section, along with the substantially similar experiences or services made available to students enrolled in the district's regular instructional program.

(c) Each school district offering alternative learning experiences must report annually to the superintendent of public instruction on the types of programs and course offerings subject to this section. The annual report shall identify the number of certificated instructional staff full-time equivalent assigned to each alternative learning experience program. The annual report shall separately identify alternative learning experience enrollment of students provided entirely under contract pursuant to RCW 28A.150.305 and WAC 392-121-188.

(12) Documentation and record retention requirements: School districts claiming state funding for alternative

learning experiences must retain all documentation required in this section in accordance with established records retention schedules and must make such documentation available upon request for purposes of state monitoring and audit. School districts must maintain the following written documentation:

- (a) School board policy for alternative learning experiences pursuant to this section;
- (b) Annual reports to the school district board of directors as required by subsection (5) of this section;
- (c) Monthly and annual reports to the superintendent of public instruction as required by subsection (11) of this section;
- (d) The written student learning plans required by subsection (4) of this section;
- (e) Evidence of weekly contact required by subsection (4) of this section.
- (i) Evidence of direct personal contact must include the date of the direct personal contact, the method of communication by which the direct personal contact was accomplished, and documentation to support the subject of the communication.

WAC 392-121-188 Instruction provided under contract. School districts have general authority to contract for the services of individuals to provide instruction, subject to applicable state and federal laws and local collective bargaining agreements. School districts also have authority to enter into interdistrict cooperative agreements for instructional services with other school districts under RCW 28A.225.250. However, when a school district contracts with an entity other than a school district and that entity employs staff to provide basic education instruction claimed by the school district for state basic education funding, the requirements of this section also apply. Instruction provided by such an entity (hereafter called the contractor) may be counted as a course of study and claimed by the school district for state funding if the following requirements are met:

(1) The school district board of directors in accordance with RCW 28A.320.015 adopts a resolution that concludes it is in the best interest of the students to expand the options available by providing an appropriate basic education program pursuant to the contract and sets forth the rationale in support of the conclusion. A board adopted resolution is not required for online courses purchased by the school district from an online provider approved by the superintendent of public instruction under RCW 28A.250.020;

(2) The school district retains full responsibility for compliance with all state and federal laws;

(3) The contractor complies with all relevant state and federal laws that are applicable to the school district;

(4) The contractor provides instruction free of sectarian or religious influence or control;

(5) The contractor charges the student no tuition for enrollment;

(6) Enrollment is voluntary;

(7) No student or person is unlawfully excluded from participation on the grounds of race, creed, color, national origin, sex, marital status, or presence of any sensory, mental, or physical handicap;

(8) Each student is enrolled in the school district reporting the enrollment and each high school student is working toward course credits which satisfy high school graduation requirements;

(9) If the contractor is a state higher education institution, a state funded education center, or any other state funded entity, the contractor is not claiming enrollment of the student or receiving direct state support for the contracted instruction reported pursuant to this section;

(10) The curriculum is approved by the district. District approval for online course curriculum is not required for online courses offered by an online provider approved by the superintendent of public instruction under RCW 28A.250.020;

(11) The contractor provides enrollment reports to the school district that comply with this chapter;

(12) The contractor maintains and has available for audit or review by the school district, state, or federal authorities documentation of enrollment, hours of instructional activity participated in by the students, personnel data, and financial data including all revenues and expenditures pertaining to the contract with the school district;

(13) If a contractor certificated employee employed by a contractor other than an institution of higher education spends more than twenty-five percent of a full-time equivalent time with students for a given school district at any time during the school year, the school district must report the individual contractor certificated employee as required by the SPI annual personnel reporting system for calculation of state funding, staff ratios and statistics;

(14) The school district and contractor execute a written contract which is consistent with this section, and which sets forth the duties of the contractor in detail sufficient to hold the contractor accountable to the school district. School districts that purchase online courses through the online course catalog provided by the office of superintendent of public instruction are exempt from this provision;

(15) The school district and contractor establish a process for periodic monitoring by the school district for compliance with this section and other terms of the contract between the school district and contractor. School districts that purchase online courses through the online course catalog provided by the office of superintendent of public instruction are exempt from this provision;

(16) Contracts for services for students with disabilities shall comply with WAC 392-172A-04085 and 392-172A-04090;

(17) Full-time equivalent enrollment reported for students served under a contract with a higher education institution shall be based on the number of hours of instruction

meeting the criteria in WAC 392-121-107 (1)(a) provided by staff of the higher education institution under the contract. This section does not apply to running start enrollment, which is governed by chapter 392-169 WAC or at-risk programs meeting the standards of subsection (18) of this section; and

(18) Full-time equivalent enrollment reported for students served under contract with a community or technical college as defined in RCW 28B.50.030 shall be based on the credits generated by the student consistent with WAC 392-169-025 if the program meets the following standards:

(a) The student is earning credits applicable to a high school diploma.

(b) The program is focused on serving credit deficient students.

(c) The student population served is considered at-risk and meet the following criteria:

(i) The students have already dropped out of high school; or

(ii) The students have not demonstrated success in the traditional high school environment.

(19) The school district requires the contractor to clearly state in all of the contractor's advertising, publicity, or public statements regarding the contracted service that the service is being offered by the school district under contract.

If a local school district board of directors wishes to direct a portion of the district's annual basic education allocation to the school district's capital projects fund or debt service fund pursuant to RCW 28A.150.270, the district board shall execute a resolution requesting the superintendent of public instruction to approve the transfer of a portion of that allocation to the district's capital projects fund and/or debt service fund. Such moneys transferred to either of these funds pursuant to this section cannot be subsequently transferred to the credit of another fund.

Resolutions requesting the superintendent of public instruction to approve the transfer of a portion of the district's basic education allocation to the capital projects fund and/or the debt service fund will not be given by the superintendent of public instruction if the loss of general fund revenue to the district will result in an out-of-balance general fund budget. A budget modification or extension may be necessary for the capital projects fund and/or debt service fund.

Upon approval of the resolution by the superintendent of public instruction, operating transfer(s) will be authorized from the general fund to the capital projects fund and/or debt service fund.
