WAC 200-300-065 Standard specifications. Specifications contained in the competitive solicitation will, to the maximum extent feasible, be nonrestrictive so as to provide an equal basis for competition and participation by an optimum number of qualified bidders. The purchasing activity may specify a brand name or equal provided that the intent in doing so is to establish a standard of quality against which other brands will be evaluated. When doing so, the purchasing activity should not substitute the word "equivalent" for "equal" in the competitive solicitation document. All bids,

quotes or proposals which offer a different trade name, make, or catalog number must state whether the item offered is an equal or an alternate, and literature which describes the item offered must be provided. The final decision as to whether an item is an equal or an alternate shall rest with the purchasing activity. In the event of discrepancies in specifications, or doubts as to meaning, the bidder shall immediately request clarification from the purchasing activity. To facilitate consistent responses and to ensure all bidders receive the same information, all such questions shall be directed only to that person directly assigned by the purchasing activity or otherwise identified in the bid, quote or proposal document.

WAC 200-300-070 Acceptance of alternate bid, quote or proposal. The purchasing activity need not accept alternate bids, quotes or proposals but shall have the discretion to do so if it substantially conforms to the bid specifications. Unless their bid, quotation or proposal is clearly identified as an alternate, bidders warrant the goods and/or services offered to be at least equal to specifications indicated by purchaser and shall submit with their bid, quotation or proposal complete documentation to enable the purchasing activity to evaluate. Bids, quotations or proposals without sufficient documentation may be rejected. If a bidder misrepresents goods and/or services bid as being an equal when it is an alternate, their bid, quotation or proposal may be rejected and bidder will be liable for damages caused by the misrepresentation.

Where required by the purchasing activity, the bidder shall, at bidder's expense, provide product samples and/or descriptive literature with returned bid, quote or proposal. If not received within the required time period or as otherwise required, the purchasing activity may reject the bid, quote or proposal as nonresponsive. If not destroyed in testing or if sample is not required by the purchasing activity to be retained for demonstration purposes, bidders may request return of samples at their expense. Samples not claimed within ten days after notification may be disposed of as deemed necessary without cost to the purchasing activity.

If necessary, the purchasing activity may require competitive demonstrations at bidder's expense to ensure that the proposed product satisfactorily meets the purchaser's needs.

WAC 200-300-075 In-state preference bids. The office of state procurement shall compile a list of each state, relating to state purchasing practices, whose statutes or regulations grant a preference to suppliers located within that state or goods manufactured within that state. This list shall

(11/17/11)

be updated on an annual basis and shall include only those states with currently active in-state preference clauses for procuring goods and services and the list shall contain the percentage of preference allowed. States with only reciprocity legislation will not be included on the list. The office of state procurement shall compile the list and notify impacted state agency, college and university purchasing offices. In determining whether to assess a percentage increase against a bidder, and the amount of that increase, the purchasing activity will consider only the business address from which the bid or proposal was submitted. The purchasing activity will add the appropriate percentage increase to each bid or proposal bearing the address from a state with in-state preference rather than subtracting a like amount from Washington state bidders.

This action will be used only when evaluating bids or proposals for award. In no instance shall the increase be paid to a supplier whose bid is accepted.

This WAC section applies only to formal invitations for bid and requests for proposals solicited in accordance with chapter 43.19 RCW.

WAC 200-300-080 Partial award. The purchasing activity shall have the discretion to award on an "all or nothing" basis as outlined in the competitive solicitation document or to accept any portion of the items bid, excluding others unless the bidder stipulates all or nothing in their bid.

WAC 200-300-085 Bid award preference. In conducting purchases of goods and/or services, preference shall be given to the extent allowed by statute:

(1) Under RCW 43.19.534, to those goods and services produced in whole or in part by Class II inmate programs operated by the department of corrections as described in WAC 236-49-055.

(2) To goods containing recovered material as outlined under RCW 43.19.538 provided that the purchasing activity sets forth in the competitive solicitation a minimum percent content of recovered material that must be certified by the producer of the goods to qualify for the preference. Bids for goods so certified shall be given a preference of ten percent of the amount of the bid in determining the lowest responsive bid for any item or grouping of items to be awarded to a single bidder. This preference shall be separate from and applied after any other preferences allowed by statute. The minimum content of recovered material shall be not less than fifteen percent provided that for those goods for which the Environmental Protection Agency has adopted procurement guidelines under the Resource Conservation and Recovery Act of 1976 (Public Law 94-580, 42 U.S.C. §6901 et seq.), as

amended, the minimum content of recovered material shall not be less than specified in the most current adopted issue of those guidelines. The producer of the goods shall certify the post consumer and recovered or waste material content at the time of submitting bid. To qualify for the preference, the goods shall otherwise be at least functionally equal to all other specifications and use requirements. The preference shall be used for bid evaluation purposes only and the actual dollars bid shall be the contracted amount. In the event of a tie for lowest responsive bid between products otherwise meeting all bid specifications, the purchasing activity shall consider the larger post consumer material content as a factor in determining the award. Should the purchasing activity determine that the use of this preference does not encourage the use of more recovered material for reasons including inadequate competition, economics, environmental constraints, quality or availability, the purchasing activity shall issue, consider and award bids without the preference. For the purpose of meeting Resource Conservation and Recovery Act requirements for state agency purchase of goods complying with Environmental Protection Agency recovered or waste guidelines, the office of state procurement may adopt specifications requiring that only goods meeting these guidelines are responsive and may consider bids for such goods though the cost exceeds ten percent of goods not meeting such guidelines.

WAC 200-300-135 Office of state procurement protest procedure prior to award. Prior to award, a bidder desiring to protest the bid of another bidder, the specifications or the manner in which the solicitation process has been conducted must notify the state procurement officer in charge of the solicitation of his/her intent to file a protest as soon as possible after he/she becomes aware of the reason(s) for the protest. Such protest(s) must be received not later than five business days after notification has been given to the state procurement officer of bidder's intent to protest. Should the protest not be received within that time frame, the state procurement officer may proceed with the award.

The state procurement officer shall consider all of the facts available and issue a decision in writing within ten business days after receipt of the protest, unless more time is needed. The protestant and, where applicable, the bidder(s) against whom the protest is made will be notified if additional time is necessary. If the protesting bidder or the bidder against whom the protest is made is not satisfied with the decision of the state procurement officer, he/she shall have the right to appeal to the director, office of state procurement. Such appeal must be received by the director within five business days after notification of the state procurement officer's decision. The director shall consider all of the facts available and issue a decision in writing within ten business days after receipt of the appeal, unless more time is needed. The appealing bidder will be notified if additional time is necessary.

Unless an emergency exists as determined by the director, award of the contract, if one is to be made, will be postponed until after the director has issued a decision. Unless the director subsequently considers it necessary to pursue further clarification(s), the decision of the director on the protest is final.
