WAC 296-200A-090 How are judgments against contractors paid? (1) The department can only release or order release of payment for a superior court final judgment. The department cannot release or order the release of payment to a district court or to satisfy other types of judgments.

(2) Payment of a final judgment by bond. If a contractor is bonded, the department can neither pay a final court judgment against a contractor nor force the contractor or its bond-

ing company to pay. Only the claimant can pursue payment from the contractor or its bonding company.

(3) Payment of a final judgment by assignment of account.

(a) If a contractor's security is held by the department it must be used to pay a superior court final judgment against a secured contractor.

The department must order release of funds to pay a superior court final judgment against a secured contractor if the claimant supplies the department with one certified copy of the unpaid final court judgment. The certified copy must be delivered by registered or certified mail within one year of the date the final judgment was officially entered into the court record.

(b) Assignment of account orders to release funds under subsection (2) of this section will be paid out in the order the final judgments are received by the department.

(c) For the department to order release of funds to pay a superior court final judgment, the claimant must include the following information with the copy of the judgment:

(i) The name of the contractor exactly as it appears on the contractor's registration file;

(ii) The contractor's business address;

(iii) The names of the owners, partners, or officers of the contractor;

(iv) The contractor's registration number; and

(v) The exact amount of the judgment, including court costs, attorneys' fees and interest.

If the department does not receive enough information to order release of funds to satisfy the judgment, it will inform the claimant.

The department shall have no liability for claims in excess of the amount available in the secured account.

(4) Payment of a final judgment by the contractor. The contractor may pay a superior court final judgment in lieu of the department releasing or ordering the release of a bond or the assignment of account funds to satisfy the final judgment. The contractor must provide the department with a "full satisfaction of judgment" from the superior court that the final judgment has been satisfied.

WAC 296-200A-300 What violations of chapter 18.27 RCW can result in the issuance of a notice of infraction? (1) Under RCW 18.27.100, the department can issue a notice of infraction to a contractor and assess a penalty up to ten thousand dollars for:

- (a) Using an unregistered name while advertising as a contractor;
- (b) Using an unregistered name and address in advertising, correspondence, signs, documents, etc.;
- (c) Using a false or expired registration number in advertisements where a contractor's registration number is required;
- (d) Using the bond and insurance requirements of chapter 18.27 RCW to advertise as a bonded and insured contractor;
- (e) Using a false registration number to either solicit business or pose as a contractor or providing false information on an application for registration as a contractor;
- (f) Failing to include the contractor's current registration number in all advertising that shows the contractor's name or address. This registration number may be omitted in an alphabetized listing of registered contractors stating only the name, address, and telephone number. The registration number may also be omitted on company vehicles and on "on-premise" signs. See RCW 18.27.100(3).

(2) Under RCW 18.27.114, the department may issue a notice of infraction to a contractor for:

- (a) Failing to provide a residential or commercial customer with a proper disclosure statement before beginning a repair, alterations or construction project; or
- (b) Failing to retain a signed copy of the disclosure statement for three years; or
- (c) Failing to produce the signed copy when requested by a compliance inspector.

See RCW 18.27.114 (1)(a) and/or (b) for both the project dollar cost limits affecting this requirement and a sample disclosure statement language.

This requirement does not apply to either contracts authorized under chapter 39.04 RCW or to contractors contracting with other contractors.

A service company is not required to execute a disclosure statement prior to receiving payment for a service call unless there is a bid or contract in place. In the case of an

(11/6/12)

annual service contract they may execute the disclosure at the annual contract signing.

(3) Under RCW 18.27.200, the department must issue a notice of infraction to a contractor for:

- (a) Advertising, offering to work, submitting a bid, or performing any contracting work without being registered or when the contractor's registration is suspended or revoked; or
- (b) Transferring a valid contractor registration to an unregistered, suspended or expired contractor; or
- (c) Allowing an unregistered contractor to work under a registration issued to another contractor.

Each day that a contractor works without being registered, works while the registration is suspended or revoked, or works under a registration issued to another contractor is a separate infraction. A cited contractor who continues to work while unregistered, or while their registration is suspended or revoked, or under a registration issued to another contractor is guilty of a separate gross misdemeanor for each day worked.

Each workaday at which a contractor works without being registered, works while the registration is suspended or revoked, or works under a registration issued to another contractor is a separate infraction. A cited contractor who continues to work while unregistered, or while their registration is suspended or revoked, or under a registration issued to another contractor is guilty of a separate gross misdemeanor for each worksite on which a violation occurs.

(4) Under RCW 18.27.200 (1)(a), the department may issue a notice of infraction to a registered contractor for:

- (a) Working outside the scope of their designated specialty registration; or
- (b) Subcontracting more than incidental work within the scope of their designated specialty registration.

(5) Under RCW 18.27.040 the department may issue a notice of infraction to a contractor, consumer, supplier or other for: Failure by the prevailing party in a lawsuit against a contractor and/or the contractor's surety or assigned savings account to provide the department a copy of the final judgment or settlement of that suit.

(6) See WAC 296-200A-400 for the specific monetary penalties associated with each of the violations discussed in this section.

WAC 296-200A-305 How does the department notify registered contractors about unregistered subcontractors they have employed? (1) Unless a general contractor or its representative has been given written notification by the department that a subcontractor they have employed, who was registered when employed, has subsequently become unregistered, it is not unlawful for the general contractor to employ that subcontractor. (See RCW 18.27.020(3).)

(2) To comply with RCW 18.27.020(3), the department, when feasible, will issue a written "notice of unregistered subcontractors" to a general contractor or its representative.

[Ch. 296-200A WAC p. 11]

(3) A "notice of unregistered subcontractor" issued under this section must be personally served on the general contractor named in the notice by the department's compliance inspectors or must be mailed to the general contractor named in the notice.

(4) If the general contractor named in the notice is a firm or corporation, the notice may be personally served on any employee of the firm or corporation. If the notice is personally served upon an employee and the department is able to obtain the general contractor's address, the department must mail a copy of the notice to the general contractor within four days of service.

(5) A "notice of unregistered subcontractor" is not a notice of infraction.

(6) A "notice of unregistered subcontractor" is not required to issue an infraction to a contractor for employing a subcontractor that was unregistered, suspended or expired at the time they were hired by the general contractor.

If no signed contract between the contractor and the unregistered subcontractor exists, the first date of work performed by the subcontractor will be used as the hire date.

(7) If, after receiving the "notice of unregistered subcontractor," the general contractor continues to employ the subcontractor in question, it will be liable for an infraction under RCW 18.27.200.

(2) If the notice of infraction is personally served and the person served does not know the contractor's name or address, the department does not need to mail a copy of the infraction to the contractor; however, the notice remains in force.
